1. Vision and Values

Vision: “Jesus is the light of the world... we are gems that reflect his light as we learn.” The Christian Bible talks of God seeing humans as his jewels in the making (Malachi 3:16-17)

Hintlesham and Chattisham C of E Primary School curriculum is underpinned by the school vision and values that we hold in high regard. The curriculum is the means by which the school achieves its objective of educating children in the knowledge, skills and understanding that they need in order to grow in to well-rounded young people as a basis to lead fulfilling and happy lives.

At Hintlesham and Chattisham C of E Primary School our ethos is built around the three main values of Kindness, Creativity and Respect. The values woven through these themes are as follows:

Kindness – Forgiveness, Justice, Compassion, Friendship, Generosity and Service

Creativity – Courage, Creativity,, Peace, Hope, Wisdom and Perseverance

Respectfulness – Trust, Thankfulness, Truthfulness, Humility, Respecr and Reverence and Responsibility

There will be one further value of Faith that will be woven throughout the three overarching umbrella’s.

2. Curriculum aims and intent

The National Curriculum provides pupils with an introduction to the essential knowledge that they need to be educated citizens. It introduces pupils to the best that has been thought and said and helps engender an appreciation of human creativity and achievement. Hintlesham and Chattisham C of E Primary School is in full agreement with the statement of Aims included in the introduction to the National Curriculum Handbook for Primary Teachers in England.

The National Curriculum provides an outline of core knowledge around which teachers can develop exciting and stimulating lessons to promote the development of pupils’ knowledge, understanding and skills as part of the wider school curriculum. Overall, we aim to deliver a broad and balanced education for all pupils that is coherently planned and sequenced towards cumulatively sufficient knowledge for skills and future learning, employment and as a basis for a fulfilling life. The National Curriculum is just one element in the education of every child. There is time and space in the school day and in each week, term and year to extend beyond the National Curriculum specifications. We have woven this element throughout our curriculum as well as ensuring that children have the additional activities outlined in Appendix 16.

Our Curriculum Intent Statement

A curriculum that promotes learning through the school’s vision of:

“Jesus is the light of the world.... We are gems that reflect his light as we learn.”

Our classes represent precious jewels, every individual sparkling gem, child and adult, has amazing potential. All are valued, and valuable, as God’s children: his special treasure. Our Christian Values are embedded in the smoothing and polishing process, as we learn together to become the best we can be.

At Hintlesham and Chattisham C of E Primary School we aim to offer all children an experience that is highly inclusive and through our values, in a Christian environment, brings love, hope, aspiration and fulfilment.

We strive to facilitate links with our local communities to ensure that all children have a sense of belonging and a respect of diversity, equality and British Values.

Pupils at all levels are helped to achieve their full potential through holistic curriculum opportunities. Those who are most able are further challenged to independently expand their skills and knowledge. Those who find learning more difficult are encouraged and given targeted support to embed skills, to develop at their own pace and to learn in a style that suits their individual needs.

Our carefully structured curriculum is designed to offer a broad and balanced set of experiences from which our learners are creative, independent and reflective. We encourage resilience and confidence when approaching challenging tasks where a variety of learning styles are used to develop their recall, making their memory stronger. Children enjoy learning in a relevant, inspirational curriculum to prepare them for a life-long love of learning where they are aware of how to keep themselves safe in all contexts.

Beyond the curriculum we offer a nurturing environment supported by regular opportunities to work with “buddies” from across the school and our wider village and church communities. All children have the opportunity to reflect, including within our many areas both inside the school and outside in our enriched stimulating grounds.

A variety of sports opportunities are promoted through our own clubs and our strong links with the local pyramid schools as well as the wider geographical area allowing the children to participate in events outside of our school in the local community.

2. Legislation and guidance

This policy reflects the requirements for academies to provide a broad and balanced curriculum as per the [Academies Act 2010](#), and the [National Curriculum programmes of study](#) which we have chosen to follow.

It also reflects requirements for inclusion and equality as set out in the [Special Educational Needs and Disability Code of Practice 2014](#) and [Equality Act 2010](#), and refers to curriculum-related expectations of governing boards set out in the Department for Education’s [Governance Handbook](#).

This policy complies with our funding agreement and articles of association.

In addition, this policy acknowledges the requirements for promoting the learning and development of children set out in the [Early Years Foundation Stage \(EYFS\) statutory framework](#).

3. Roles and responsibilities

3.1 The governing body

The governing board will monitor the effectiveness of this policy and hold the headteacher to account for its implementation.

The governing body will also ensure that:

- › A robust framework is in place for setting curriculum priorities and aspirational targets
- › The school is complying with its funding agreement and teaching a "broad and balanced curriculum" which includes English, maths, and science, and enough teaching time is provided for pupils to cover the requirements of the National Curriculum and other statutory requirements.
- › Proper provision is made for pupils with different abilities and needs, including children with special educational needs (SEN)
- › The school implements the relevant statutory assessment arrangements
- › It participates actively in decision-making about the breadth and balance of the curriculum
- › It fulfils its role in processes to disapply pupils from all or part of the National Curriculum, where appropriate, and in any subsequent appeals

3.2 Headteacher

The headteacher is responsible for ensuring that this policy is adhered to, and that:

- › All required elements of the curriculum, and those subjects which the school chooses to offer, have aims and objectives which reflect the aims of the school and indicate how the needs of individual pupils will be met
- › The amount of time provided for teaching the required elements of the curriculum is adequate and is reviewed by the governing body
- › Where appropriate, the individual needs of some pupils are met by permanent or temporary disapplication from all or part of the National Curriculum

- › They manage requests to withdraw children from curriculum subjects, where appropriate
- › The school's procedures for assessment meet all legal requirements
- › The governing body is fully involved in decision-making processes that relate to the breadth and balance of the curriculum
- › The governing board is advised on whole-school targets in order to make informed decisions
- › Proper provision is in place for pupils with different abilities and needs, including children with SEN

3.3 Subject Leaders

The role of the subject leader is to:

- provide a strategic lead and direction for the subject;
- implement any change required to move the subject forward,
- support and offer advice to colleagues on issues related to the subject;
- monitor pupil progress in that subject area;
- monitor coverage of that area of the curriculum;
- provide efficient resource management for the subject.

The school gives subject leaders non-contact time, so that they can carry out the necessary duties involved with their role. It is the role of each subject leader to keep up to date with developments in their subject, at both national and local level. They review the way the subject is taught in the school and plan for improvement. This development planning links to whole-school objectives. Each subject leader reviews the curriculum plans for their subject, ensures that there is full coverage of the National Curriculum, learning intentions are clear and that progression is planned into schemes of work and seen within books. The subject leader records how they spend their release time so that it can be monitored, and a record is easily accessible to anyone of how their release time is being spent. These will then feed into yearly action plans.

Subject leaders for English, Maths and Science keep a dashboard: a document which records attainment and progress of specific groups in these areas, noting the strengths and development points of each subject. It is developed throughout the year, but it is intended to be an easily accessible way of giving a snapshot of the core subjects and the direction in which they are heading. All subject leaders work hard to provide a broad and balanced curriculum which meets the needs of all learners including those with special educational needs.

Other staff will ensure that the school curriculum is implemented in accordance with this policy.

4. Organisation and planning

Our two-year rolling programme curriculum map (except for MfL which is a four-year rolling programme) indicates which subjects are taught to which groups of children in which terms. Over each two academic years, each child has the opportunity to experience the full range of National Curriculum subjects.

Curriculum Intent Statements, Long Term Plans, Progression Maps and Subject on A Page are Included for each area of the curriculum as appendices to this document.

Staff in year groups, and subject leaders, have pulled together some areas of learning from different curriculum subjects which contain similar themes or links. This allows for a more creative and cross curricular approach to learning and encourages children to apply skills in a variety of ways.

Medium term or topic plans are written to ensure coverage of the foundation subjects.

Our short-term plans are those that our teachers write on a weekly or daily basis. They include learning intentions, success criteria, teaching prompts and activities with differentiation identified together with any key children's individualized learning. These plans are predominantly for the individual teachers and so the format can be decided upon by each teacher. They may be used by subject leaders or the leadership team to support monitoring. We use these to set out the learning for each session and to identify what resources and activities staff will use in the lesson for different groups of children. These plans are added to the class planning file on the server either weekly for Maths and English or at the beginning of a topic by the Class Teachers

In addition to this we also have a Curriculum Enhancement plan for the whole school which sets out many of the extra activities that the school includes in its offer to children to enrich their learning in a wider context. This is included as an appendix on this document.

See our EYFS policy for information on how our early years curriculum is delivered.

5. Links with other policies

This policy links to the following policies and procedures:

- EYFS policy
- Assessment policy
- SEN policy and information report
- Equality information and objectives
- RSE Policy
- Maths Calculation Policy
- RE Policy

6. Inclusion

Teachers set high expectations for all pupils. They will use appropriate assessment to set ambitious targets and plan challenging work for all groups, including:

- More able pupils
- Pupils with low prior attainment
- Pupils from disadvantaged backgrounds
- Pupils with SEN
- Pupils with English as an additional language (EAL)

Teachers will plan lessons so that pupils with SEN and/or disabilities can study every National Curriculum subject, wherever possible, and ensure that there are no barriers to every pupil achieving.

Teachers will also take account of the needs of pupils whose first language is not English. Lessons will be planned so that teaching opportunities help pupils to develop their English, and to support pupils to take part in all subjects.

Further information can be found in our statement of equality information and objectives, and in our SEN policy and information report.

7. Monitoring arrangements

Governors monitor whether the school is complying with its funding agreement and teaching a “broad and balanced curriculum” which includes monitoring coverage of National Curriculum subjects and compliance with other statutory requirements, through:

- Governor meetings with Curriculum Leaders
- Headteachers report to Governors
- Termly monitoring visits
- Curriculum Body meetings
- Pupil surveys etc

Subject leaders monitor the way their subject is taught throughout the school by:

- Planning scrutinies
- Learning walks
- Drop ins
- Book scrutinies
- Pupil surveys etc.

Subject Leaders also have responsibility for monitoring the way in which resources are stored and managed and the availability/ordering of these resources.

This policy will be reviewed every two years by the Headteacher and Curriculum Committee. At every review, the policy will be shared with the full governing board.

Subject on a Page

Name of Subject Leader: Nick Kricka

Subject Intent:

Our English curriculum is designed to develop pupils' spoken language, reading, writing and vocabulary as integral aspects of the teaching of every subject. Our intent is that children develop the ability to understand and apply their skills in the English language confidently across all subjects.

As children progress through the school, they will develop ability to read fluently, with expression; understand extended prose (both fiction and non-fiction) and be encouraged to read for pleasure.

Writing is celebrated in our school in displays (inside and outside), during assemblies and our wider community: engaging everyone. As children progress through the school, they should develop the stamina and skills to write independently at length, with accurate spelling and punctuation across the curriculum. Their knowledge of grammar will be built upon so that they can discuss language structure and review texts.

Big Ideas:

COMMUNICATE

We are writers because we use accurate letter-formation, phonics, spelling, punctuation, grammar and language choices carefully to ensure we communicate clearly.

ACCURACY

We are readers because we can read words accurately, and fluently.

EXPLAIN

We are confident speakers because we explain our ideas clearly.

CREATIVITY

We are writers because we use our creativity, imagination and adventurous language choices to compose engaging pieces of writing.

ENJOYMENT

We are readers because we enjoy reading a range of fiction and non-fiction. We love reading and get lost in our books!

DISCUSS

We are active in debate because we discuss ideas by listening and responding to others.

PURPOSE

We are writers because we adapt our style of writing for different purposes and audiences.

COMPREHENSION

We are readers because we have a good understanding of the texts we read and listen to.

PERFORM

We are confident actors because we perform in role to different audiences.

<p><u>Planning:</u></p> <ul style="list-style-type: none"> • The English LTP follows the Hamilton Trust Weekly plans (adapted by Class Teachers) for mixed age classes (Y1/2 Y3/4 & Y5/6) and can be found on the school website by following this link. • Medium term planning for each of the units can be found through these links: Y1&2 Y3&4, Y5&6. (n.b. refer to long term plan for teaching order) • The big ideas are used as a starting point for planning a unit or sequence of lessons. • Short term planning is completed weekly, details the daily lesson objective and steps to success for each year group. • Grammar objectives are included in the weekly planning and linked where possible to the genre being taught. • Spelling is taught weekly and follows the Andrew Brodie Scheme in KS2. • Phonics is taught daily in KS1 using Read Write Inc. 	<p><u>Teaching:</u></p> <ul style="list-style-type: none"> • English is taught for 5 mornings each week. • Teaching links in with the big ideas and is clearly evidenced and referred to on displays. • Differentiation is clear for each year group and within that, support and extension tasks are identified. • Talk for Writing is used for selected text types and/or units. • Teaching follows a logical order: Reading, Planning, Drafting, Sharing, Evaluating, Revising, Editing and Publishing. • Phonics is taught daily in KS1 following the Read Write Inc scheme through a daily speed sounds and reading session up to the point of the phonics screening check in year 1. Beyond year 1, spelling is taught using the common exception words and spelling patterns in the national curriculum. • Handwriting is taught weekly and follows the national curriculum using the Teach Handwriting Scheme (route C choice 3). Alternative letters used: k with a curl and f. • Guided reading is taught using both small groups guided sessions and whole class specific reading skill lessons using the 'Totally Pawsome Reading Gang' from Twinkl. • Differentiation can be through: adult support, task broken down into steps, word bank or scaffold, extended task, open ended task, vocabulary use and challenges.
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Writing is recorded using cursive handwriting. • Books are orange in colour and wide lines are used for KS1, Narrow (1cm) lines for KS2. • In KS1, the date, learning objective and steps to success are printed onto labels and stuck in children's books. • In KS2, the long date is written at the top of each piece of work and underlined and the Learning objective and steps to success recorded underneath. • iPads are used for recording using pictures, videos and sounds. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Reading age assessments are completed at the beginning and end of each year. (at the end of each half term for bottom 20% readers). • Target tracker is updated half termly; statements are used to track progress. • Rising Stars reading, GPS and spelling tests are completed at the end of each half term. • Writing assessment are completed using a range of pieces across the year. • One piece of writing for each term is chosen for the Best Writing Books. • Marking is completed in line with the whole school marking policy.
<p><u>Key Priorities 2020 – 2021:</u></p> <ol style="list-style-type: none"> 1. Ensure progression across year groups in a class. 2. Providing opportunities for challenge for higher achievers to increase the number of children working above expected. 3. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 	

Overview of teaching and learning of Reading

Intent

Our English curriculum is designed to develop pupils' spoken language, reading, writing and vocabulary as integral aspects of the teaching of every subject. Our intent is that children develop the ability to understand and apply their skills in the English language confidently across all subjects.

As children progress through the school, they will develop ability to read fluently, with expression; understand extended prose (both fiction and non-fiction) and be encouraged to read for pleasure.

The Big Ideas

Implementation

- The importance of developing a story telling culture and encouraging rich story telling language is embedded before the formal reading skills are taught.
- Phonics will be emphasised in the early teaching of reading and progress closely monitored. Structured programmes of Read, Write Inc are taught in daily multisensory sessions. They will learn to hear and say the sounds by segmenting and blending.
- Word reading will build the children's confidence at decoding and speedy recognition. Their surroundings in school are rich in displays and labels where reading is encouraged to develop independence.
- Our pupils will have the opportunities to discuss and listen to a wide range of fiction, poetry, plays and non-fiction books. This includes e books.
- All pupils are encouraged to read widely across both fiction and non-fiction to develop their knowledge of their world and gain knowledge across the curriculum. The variety of books read are recorded to enable the monitoring of the breadth of their experiences.
- An appreciation of books and a love of reading is key to the progress of our children as it feeds their imagination, developing creative minds and a feeling of wonder. Our school offers a diverse and stimulating range of experiences, including several educational visits where reading is an integral part of the day.
- Comprehension of texts is developed at all stages. This may be through discussion of high-quality texts that stretch their ability in class, group or individual reading.
- Displays of topic books, stories by the same author or a period of history are used to encourage the awareness of theme across a wide range of books.
- Applying their reading skills to retrieve, record and present information is an integral part of their learning and gives reading a real purpose.
- Vocabulary that children encounter when reading, that they rarely use, will be discussed and a selection of words selected to develop their knowledge and encourage their use in writing.
- Reading to an audience is part of the broad curriculum we offer. This may be to peers, adults (including a range of community volunteers), parents in a church service, assembly or show. Poetry will also be learnt by heart and performed.
- Enriching reading activities including, author visits, reading cafés, World Book Day, Library Challenge and 'shelfies' help make reading come alive.
- The link between reading at home and school is extremely important. All children have a home link book and in which reading at home and in school is celebrated.

Impact

By the end of their time at Hintlesham and Chattisham C of E Primary School, pupils will have been given the opportunities to read a vast range of texts for a variety of purposes. They will have the skills to work out unfamiliar words and read accurately, fluently and confidently. Drawing inferences will help them to

understand what they have read to a greater depth and they will be able to discuss themes using evidence. They will also be familiar with a wide range of genres and make comparisons between books. Reading aloud, presenting information and performing plays will show an understanding of intonation and tone enabling them to be confident public readers and therefore speakers. Finally, a lifelong love of reading is established for a variety of reasons ranging from research to pleasure.

Overview of teaching and learning of Writing

Intent

Our English curriculum is designed to develop pupils' spoken language, reading, writing and vocabulary as integral aspects of the teaching of every subject. Our intent is that children develop the ability to understand and apply their skills in the English language confidently across all subjects.

Writing is celebrated in our school in displays (inside and outside), during assemblies and our wider community: engaging everyone. As children progress through the school, they should develop the stamina and skills to write independently at length, with accurate spelling and punctuation across the curriculum. Their knowledge of grammar will be built upon so that they can discuss language structure and review texts.

The Big Ideas

Implementation

- Our pupils will know the purpose of writing is to communicate with others, encouraging them to interest the reader.
- Early mark making skills are celebrated and built upon as they start their journey as writers.
- Talk for writing techniques are used to develop thinking and confidence as they start the writing journey.
- Children should be taught how to plan, revise and evaluate their writing (composition).
- Spelling quickly and accurately, through knowing relationships between sounds and letters (phonics), word structure (morphology and etymology) and spelling structure (orthography), will be supported and encouraged.
- Enhancing pupils' vocabulary will arise naturally from their reading or writing. They will be taught how to work out meanings of unknown words or words with more than one meaning. This includes figurative language.
- Correct grammatical terms will be taught to pupils and they will be encouraged to apply these terms confidently to discuss language and apply their skills to a range of texts.
- Pride in the presentation of a final draft, written with a fluently joined handwriting style will be celebrated through display or making books.

Impact

By the end of their time at Hintlesham and Chattisham C of E Primary School, pupils will have been given the opportunities to write for a range of real purposes and audiences as part of their work across the curriculum. They will develop ideas, draft and review their work confidently. The final draft they produce will be to the best of their capabilities and show the range of skills expected from each year group; culminating in confident, capable Year 6 writers. Samples of writing are kept in 'Special Writing Books,' enabling our pupils and staff to celebrate the progression made.

Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2

	<p>Significant authors Philip Pullman Outcome: Plan and write a section of a graphic novel in PP style</p>	<p>Christmas Narrative: Outcome: A piece of writing based on a Christmas film clip</p>	<p>Recounts Street Child Outcome: Diary entry and recount based on Victorian child</p>
Spring	<p>Stories with flashbacks Harry Potter Outcome: Chn to write a story using a pensieve as a device</p>	<p>Argument and debate 3 Little Pigs Project Outcome: Chn to write a balanced debate/discussion text about the Big Bad Wolf</p>	<p>Poetic Style Michael Rosen Outcome: Chn to write their own poem free-verse style</p>
	<p>Fiction: The Day of the Dead Outcome: Story based on the festival in Mexico, setting description, diary writing</p>	<p>Persuasive writing The Great Kapok Tree Outcome: Persuasive writing that relates to deforestation</p>	<p>Classic poems: The spider and the Fly by Mary Howitt Outcome: Read and perform</p>
Summer	<p>Genre fiction Classic Plays by Shakespeare Outcome: Write and perform a play based on Macbeth</p>	<p>Information texts Linked to Mountains topic Outcome: An information text about mountains</p>	<p>Personification Poetry The Dreadful Menace Outcome: Write a personification poem about the Mountain</p>
	<p>Myths and Legends Ancient Greece Outcome: Chn to write their own Greek myth</p>	<p>Chronological reports Ancient Greece Outcome: Chn to write their own chronological report about Ancient Greece</p>	<p>Performance Poetry Ancient Greece Outcome: Write and perform a poem about a Greek God</p>

Book Stimulus Take One Book Film stimulus

Diamond English LTP

	Year B		
	Fiction	Non-Fiction	Poetry
Autumn	Modern classic fiction/Recounts The Princess Blankets Outcomes: Chn to write a modern fairytale/recount/diary entry		Choral or performance poems Revolting Rhymes Outcome: Chn to re write a fairy tale as a poem
	Classic fiction Goodnight Mr Tom/Carries War Outcome: Narrative writing	Instructions and Explanations WW2 related recipes/rationing Outcome: WW2 Recipe booklet	Free form poetry WW2 Poetry Outcome: Chn write their own emotive free-form poem
Spring	Narrative Alma Outcome: Chn to write the story of Alma – using suspense and a cliffhanger.	Persuasive writing Holes Outcome: Persuasive brochure and advert	Debate poetry/poetry that tells a story Tale of 3 Brothers (from Beedle & the Bard) Outcome: Write own section of poem
	Tales from other cultures Just So Stories Outcome: A Just So story about an animal of their choice in Kipling's style	Non-chronological reports and journalistic writing Tuesday Outcome: Newspaper report	Classic poems Tyger by William Blake Outcome: Performance
Summer	Drama and Playscripts Shakespeare Outcome: Chn to write their own playscript based on a Shakespeare play	Non-chronological Reports Coasts Outcome: NCR about coasts (topic linked)	Poet study: Emily Dickinson Outcome: A debate about fame and publication.
	Biographies and autobiographies Roald Dahl Outcome: Write a short autobiographical story	Recounts Titanic Passenger Outcome: To write a recount in the style of a Titanic Passenger	Power of Imagery Linked to Topic learning Outcome: Chn draft and write their own poem about the Titanic.

Reading Progression

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Decoding	<ul style="list-style-type: none"> •apply phonic knowledge to decode words •speedily read all 40+ letters/groups for 40+ phonemes •read accurately by blending taught GPC •read common exception words •read common suffixes (-s, -es, -ing, -ed, etc.) •read multisyllable words containing taught GPCs •read contractions and understanding use of apostrophe •read aloud phonically-decodable texts 	<ul style="list-style-type: none"> *secure phonic decoding until reading is fluent *read accurately by blending, including alternative sounds for graphemes *read multisyllable words containing these graphemes *read common suffixes *read exception words, noting unusual correspondences *read most words quickly & accurately without overt sounding and blending 	<ul style="list-style-type: none"> *apply their growing knowledge of root words, prefixes and suffixes, both to read aloud and to understand the meaning of new words they meet *read further exception words, noting the unusual correspondences between spelling and sound, and where these occur in the word 	<ul style="list-style-type: none"> *apply their growing knowledge of root words, prefixes and suffixes, both to read aloud and to understand the meaning of new words they meet *read further exception words, noting the unusual correspondences between spelling and sound, and where these occur in the word 	<ul style="list-style-type: none"> *apply their growing knowledge of root words, prefixes and suffixes (morphology and etymology), both to read aloud and to understand the meaning of new words that they meet 	<ul style="list-style-type: none"> *apply their growing knowledge of root words, prefixes and suffixes (morphology and etymology), both to read aloud and to understand the meaning of new words that they meet
Range of Reading	<ul style="list-style-type: none"> •listening to and discussing a wide range of poems, stories and non-fiction at a level beyond that at which they can read independently •being encouraged to link what they read or hear read to their own experiences 	<ul style="list-style-type: none"> *listening to, discussing and expressing views about a wide range of contemporary and classic poetry, stories and non-fiction at a level beyond that at which they can read independently 	<ul style="list-style-type: none"> *listening to and discussing a wide range of fiction, poetry, plays, non-fiction and reference books or textbooks *reading books that are structured in different ways and reading for a range of purposes 	<ul style="list-style-type: none"> *listening to and discussing a wide range of fiction, poetry, plays, non-fiction and reference books or textbooks *reading books that are structured in different ways and reading for a range of purposes 	<ul style="list-style-type: none"> *continuing to read and discuss an increasingly wide range of fiction, poetry, plays, non-fiction and reference books or textbooks *reading books that are structured in different ways and reading for a range of purposes *making comparisons within and across books 	<ul style="list-style-type: none"> *continuing to read and discuss an increasingly wide range of fiction, poetry, plays, non-fiction and reference books or textbooks *reading books that are structured in different ways and reading for a range of purposes *making comparisons within and across books
Familiarity with texts	<ul style="list-style-type: none"> *becoming very familiar with key stories, fairy stories and traditional tales, retelling them and considering their particular characteristics *recognising and joining in with predictable phrases 	<ul style="list-style-type: none"> *becoming increasingly familiar with and retelling a wider range of stories, fairy stories and traditional tales *recognising simple recurring literary language in stories and poetry 	<ul style="list-style-type: none"> *increasing their familiarity with a wide range of books, including fairy stories, myths and legends, and retelling some of these orally *identifying themes and conventions in a wide range of books 	<ul style="list-style-type: none"> *increasing their familiarity with a wide range of books, including fairy stories, myths and legends, and retelling some of these orally *identifying themes and conventions in a wide range of books 	<ul style="list-style-type: none"> *increasing their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions *identifying and discussing themes and conventions in and across a wide range of writing 	<ul style="list-style-type: none"> *increasing their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions *identifying and discussing themes and conventions in and across a wide range of writing
Poetry & Performance	<ul style="list-style-type: none"> *learning to appreciate rhymes and poems, and to recite some by heart 	<ul style="list-style-type: none"> *continuing to build up a repertoire of poems learnt by heart, appreciating these and reciting some, with appropriate intonation to make the meaning clear 	<ul style="list-style-type: none"> *preparing poems and play scripts to read aloud and to perform, showing understanding through intonation, tone, volume and action *recognising some different forms of poetry 	<ul style="list-style-type: none"> *preparing poems and play scripts to read aloud and to perform, showing understanding through intonation, tone, volume and action *recognising some different forms of poetry 	<ul style="list-style-type: none"> *learning a wider range of poetry by heart preparing poems and plays to read aloud and to perform, showing understanding through intonation, tone and volume so that the meaning is clear to an audience 	<ul style="list-style-type: none"> *learning a wider range of poetry by heart preparing poems and plays to read aloud and to perform, showing understanding through intonation, tone and volume so that the meaning is clear to an audience
Word meanings	<ul style="list-style-type: none"> *discussing word meanings, linking new meanings to those already known 	<ul style="list-style-type: none"> *discussing and clarifying the meanings of words, linking new meanings to known vocabulary *discussing their favourite words and phrases 	<ul style="list-style-type: none"> *using dictionaries to check the meaning of words that they have read 	<ul style="list-style-type: none"> *using dictionaries to check the meaning of words that they have read 		
Understanding	<ul style="list-style-type: none"> *drawing on what they already know or on background information and vocabulary provided by the teacher *checking that the text makes sense to them as they read and correcting inaccurate reading 	<ul style="list-style-type: none"> *discussing the sequence of events in books and how items of information are related *drawing on what they already know or on background information and vocabulary provided by the teacher 	<ul style="list-style-type: none"> *checking that the text makes sense to them, discussing their understanding and explaining the meaning of words in context *asking questions to improve their 	<ul style="list-style-type: none"> *checking that the text makes sense to them, discussing their understanding and explaining the meaning of words in context *asking questions to improve their 	<ul style="list-style-type: none"> *checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context *asking questions to improve their understanding *summarising the main ideas drawn from more than one paragraph, 	<ul style="list-style-type: none"> *checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context *asking questions to improve their understanding *summarising the main ideas drawn from more than one paragraph,

		*checking that the text makes sense to them as they read and correcting inaccurate reading	understanding of a text *identifying main ideas drawn from more than one paragraph and summarising these	understanding of a text *identifying main ideas drawn from more than one paragraph and summarising these	identifying key details to support the main ideas	identifying key details to support the main ideas
Inference	*discussing the significance of the title and events *making inferences on the basis of what is being said and done	*making inferences on the basis of what is being said and done *answering and asking questions	*drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence	*drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence	*drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence	*drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence
Prediction	*predicting what might happen on the basis of what has been read so far	*predicting what might happen on the basis of what has been read so far	*predicting what might happen from details stated and implied	*predicting what might happen from details stated and implied	*predicting what might happen from details stated and implied	*predicting what might happen from details stated and implied
Authorial Intent			*discussing words and phrases that capture the reader's interest and imagination *identifying how language, structure, and presentation contribute to meaning	*discussing words and phrases that capture the reader's interest and imagination *identifying how language, structure, and presentation contribute to meaning	*identifying how language, structure and presentation contribute to meaning *discuss and evaluate how authors use language, including figurative language, considering the impact on the reader	*identifying how language, structure and presentation contribute to meaning *discuss and evaluate how authors use language, including figurative language, considering the impact on the reader
Non-fiction		*being introduced to non-fiction books that are structured in different ways	*retrieve and record information from non-fiction	*retrieve and record information from non-fiction	*distinguish between statements of fact and opinion *retrieve, record and present information from non-fiction	*distinguish between statements of fact and opinion *retrieve, record and present information from non-fiction
Discussing reading	*participate in discussion about what is read to them, taking turns and listening to what others say *explain clearly their understanding of what is read to them	*participate in discussion about books, poems & other works that are read to them & those that they can read for themselves, taking turns and listening to what others say *explain and discuss their understanding of books, poems and other material, both those that they listen to and those that they read for themselves	*participate in discussion about both books that are read to them and those they can read for themselves, taking turns and listening to what others say	*participate in discussion about both books that are read to them and those they can read for themselves, taking turns and listening to what others say	*recommending books that they have read to their peers, giving reasons for their choices *participate in discussions about books, building on their own and others' ideas and challenging views courteously *explain and discuss their understanding of what they have read, including through formal presentations and debates, *provide reasoned justifications for their views	*recommending books that they have read to their peers, giving reasons for their choices *participate in discussions about books, building on their own and others' ideas and challenging views courteously *explain and discuss their understanding of what they have read, including through formal presentations and debates, *provide reasoned justifications for their views

Writing Progression	Year 1	Year 2
Phonic & Whole word spelling	<ul style="list-style-type: none"> • words containing each of the 40+ phonemes taught • common exception words • the days of the week • name the letters of the alphabet in order • using letter names to distinguish between alternative spellings of the same sound 	<ul style="list-style-type: none"> • segmenting spoken words into phonemes and representing these by graphemes, spelling many correctly • learning new ways of spelling phonemes for which 1 or more spellings are already known, and learn some words with each spelling, including a few common homophones • learning to spell common exception words • distinguishing between homophones and near-homophones
Other word building spelling	<ul style="list-style-type: none"> • using the spelling rule for adding –s or –es as the plural marker for nouns and the third person singular marker for verbs • using the prefix un– • using –ing, –ed, –er and –est where no change is needed in the spelling of root words • apply simple spelling rules and guidance from Appendix 1 	<ul style="list-style-type: none"> • learning the possessive apostrophe (singular) • learning to spell more words with contracted forms • add suffixes to spell longer words, including –ment, –ness, –ful, –less, –ly • apply spelling rules and guidelines from Appendix 1
Transcription	<ul style="list-style-type: none"> • write from memory simple sentences dictated by the teacher that include words using the GPCs and common exception words taught so far. 	<p>write from memory simple sentences dictated by the teacher that include words using the GPCs, common exception words and punctuation taught so far.</p>
Handwriting	<ul style="list-style-type: none"> • sit correctly at a table, holding a pencil comfortably and correctly • begin to form lower-case letters in the correct direction, starting and finishing in the right place • form capital letters • form digits 0-9 • understand which letters belong to which handwriting ‘families’ and to practice these 	<ul style="list-style-type: none"> • form lower-case letters of the correct size relative to one another • start using some of the diagonal and horizontal strokes needed to join letters and understand which letters, when adjacent to one another, are best left unjoined • write capital letters and digits of the correct size, orientation and relationship to one another and to lower-case letters • use spacing between words that reflects the size of the letters.
Contexts for Writing	<ul style="list-style-type: none"> • writing narratives about personal experiences and those of others (real and fictional) • writing about real events • writing poetry • writing for different purposes 	<ul style="list-style-type: none"> • writing narratives about personal experiences and those of others (real and fictional) • writing about real events • writing poetry • writing for different purposes

Planning Writing	<ul style="list-style-type: none"> • saying out loud what they are going to write about • composing a sentence orally before writing it 	<ul style="list-style-type: none"> • planning or saying out loud what they are going to write about
Drafting Writing	<ul style="list-style-type: none"> • sequencing sentences to form short narratives • re-reading what they have written to check that it makes sense 	<ul style="list-style-type: none"> • writing down ideas and/or key words, including new vocabulary • encapsulating what they want to say, sentence by sentence
Editing Writing	<ul style="list-style-type: none"> • discuss what they have written with the teacher or other pupils 	<ul style="list-style-type: none"> • evaluating their writing with the teacher and other pupils • rereading to check that their writing makes sense and that verbs to indicate time are used correctly and consistently, including verbs in the continuous form • proofreading to check for errors in spelling, grammar and punctuation
Performing Writing	<ul style="list-style-type: none"> • read their writing aloud clearly enough to be heard by their peers and the teacher. 	<ul style="list-style-type: none"> • read aloud what they have written with appropriate intonation to make the meaning clear
Vocabulary	<ul style="list-style-type: none"> • leaving spaces between words • joining words and joining clauses using "and" 	<ul style="list-style-type: none"> • expanded noun phrases to describe and specify
Grammar	<ul style="list-style-type: none"> • regular plural noun suffixes (-s, -es) • verb suffixes where root word is unchanged (-ing, -ed, -er) • un- prefix to change meaning of adjectives/adverbs • to combine words to make sentences, including using and • Sequencing sentences to form short narratives • separation of words with spaces • sentence demarcation (. ! ?) • capital letters for names and pronoun 'I' 	<ul style="list-style-type: none"> • sentences with different forms: statement, question, exclamation, command • the present and past tenses correctly and consistently including the progressive form • subordination (using when, if, that, or because) and co- ordination (using or, and, or but) • some features of written Standard English • suffixes to form new words (-ful, -er, -ness) • sentence demarcation • commas in lists • apostrophes for omission & singular possession
Punctuation	<ul style="list-style-type: none"> • beginning to punctuate sentences using a capital letter and a full stop, question mark or exclamation mark • using a capital letter for names of people, places, the days of the week, and the personal pronoun 'I' 	<ul style="list-style-type: none"> • learning how to use both familiar and new punctuation correctly, including full stops, capital letters, exclamation marks, question marks, commas for lists and apostrophes for contracted forms and the possessive (singular)
Grammatical Terminology	letter, capital letter, word, singular, plural, sentence punctuation, full stop, question mark, exclamation mark	noun, noun phrase, statement, question, exclamation, command, compound, adjective, verb, suffix, adverb tense (past, present), apostrophe, comma

Writing Progression	Year 3	Year 4
Phonic & Whole word spelling	<ul style="list-style-type: none"> • spell further homophones • spell words that are often misspelt (Appendix 1) 	<ul style="list-style-type: none"> • spell further homophones • spell words that are often misspelt (Appendix 1)
Other word building spelling	<ul style="list-style-type: none"> • use further prefixes and suffixes and understand how to add them • place the possessive apostrophe accurately in words with regular plurals and in words with irregular plurals • use the first 2 or 3 letters of a word to check its spelling in a dictionary 	<ul style="list-style-type: none"> • use further prefixes and suffixes and understand how to add them • place the possessive apostrophe accurately in words with regular plurals and in words with irregular plurals • use the first 2 or 3 letters of a word to check its spelling in a dictionary
Transcription	<ul style="list-style-type: none"> • write from memory simple sentences, dictated by the teacher, that include words and punctuation taught so far. 	<ul style="list-style-type: none"> • write from memory simple sentences, dictated by the teacher, that include words and punctuation taught so far.
Handwriting	<ul style="list-style-type: none"> • use the diagonal and horizontal strokes that are needed to join letters and understand which letters, when adjacent to one another, are best left unjoined • increase the legibility, consistency and quality of their handwriting 	<ul style="list-style-type: none"> • use the diagonal and horizontal strokes that are needed to join letters and understand which letters, when adjacent to one another, are best left unjoined • increase the legibility, consistency and quality of their handwriting
Contexts for Writing	<ul style="list-style-type: none"> • discussing writing similar to that which they are planning to write in order to understand and learn from its structure, vocabulary and grammar 	<ul style="list-style-type: none"> • discussing writing similar to that which they are planning to write in order to understand and learn from its structure, vocabulary and grammar
Planning Writing	<ul style="list-style-type: none"> • discussing and recording ideas • composing and rehearsing sentences orally (including dialogue), progressively building a varied and rich vocabulary and an increasing range of sentence structures 	<ul style="list-style-type: none"> • discussing and recording ideas • composing and rehearsing sentences orally (including dialogue), progressively building a varied and rich vocabulary and an increasing range of sentence structures
Drafting Writing	<ul style="list-style-type: none"> • Introduction to paragraphs as a way to group related material. • Headings and sub-headings to aid presentation. in narratives, creating settings, characters and plot • in non-narrative material, using simple organisational devices (headings & subheadings) 	<ul style="list-style-type: none"> • organising paragraphs around a theme • in narratives, creating settings, characters and plot • in non-narrative material, using simple organisational devices

Editing Writing	<ul style="list-style-type: none"> • assessing the effectiveness of their own and others' writing and suggesting improvements • proposing changes to grammar and vocabulary to improve consistency, including the accurate use of pronouns in sentences • proofread for spelling and punctuation errors 	<ul style="list-style-type: none"> • assessing the effectiveness of their own and others' writing and suggesting improvements • proposing changes to grammar and vocabulary to improve consistency, including the accurate use of pronouns in sentences • proofread for spelling and punctuation errors
Performing Writing	<ul style="list-style-type: none"> • read their own writing aloud, to a group or the whole class, using appropriate intonation and controlling the tone and volume so that the meaning is clear. 	<ul style="list-style-type: none"> • read their own writing aloud, to a group or the whole class, using appropriate intonation and controlling the tone and volume so that the meaning is clear.
Vocabulary	<ul style="list-style-type: none"> • choosing nouns or pronouns appropriately for clarity and cohesion and to avoid repetition • using conjunctions, adverbs and prepositions to express time and cause (and place) 	<ul style="list-style-type: none"> • choosing nouns or pronouns appropriately for clarity and cohesion and to avoid repetition
Grammar	<ul style="list-style-type: none"> • Expressing time, place and cause using conjunctions [for example, <i>when, before, after, while, so, because</i>], adverbs [for example, <i>then, next, soon, therefore</i>], or prepositions [for example, <i>before, after, during, in, because of</i>] using the present perfect form of verbs in contrast to the past tense • form nouns using prefixes (super-, anti-) • use the correct form of 'a' or 'an' • word families based on common words (solve, solution, dissolve, insoluble) 	<ul style="list-style-type: none"> • Noun phrases expanded by the addition of modifying adjectives, nouns and preposition phrases (e.g. <i>the teacher</i> expanded to: <i>the strict maths teacher with curly hair</i>) Fronted adverbials [for example, <i>Later that day, I heard the bad news.</i>] using fronted adverbials • difference between plural and possessive -s • Standard English verb inflections (I did vs I done) • extended noun phrases, including with prepositions • appropriate choice of pronoun or noun to create cohesion
Punctuation	<ul style="list-style-type: none"> • introduction to using and punctuating direct speech (i.e. Inverted commas) 	<ul style="list-style-type: none"> • using commas after fronted adverbials • indicating possession by using the possessive apostrophe with singular and plural nouns • using and punctuating direct speech (including punctuation within and surrounding inverted commas)
Grammatical Terminology	preposition, conjunction, word family, prefix clause, subordinate clause direct speech, consonant, consonant letter vowel, vowel letter inverted commas (or 'speech marks')	determiner, pronoun, possessive pronoun, adverbial

	Year 5	Year 6
Phonic & Whole word spelling	<ul style="list-style-type: none"> • spell some words with 'silent' letters • continue to distinguish between homophones and other words which are often confused • use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically, as listed in Appendix 1 	<ul style="list-style-type: none"> • spell some words with 'silent' letters • continue to distinguish between homophones and other words which are often confused • use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically, as listed in Appendix 1
Other word building spelling	<ul style="list-style-type: none"> • Converting nouns or adjectives into verbs using suffixes [for example, -ate; -ise; -ify] Verb prefixes [for example, dis-, de-, mis-, over- and re-] • use further prefixes and suffixes and understand the guidance for adding them use dictionaries to check the spelling and meaning of words • use the first 3 or 4 letters of a word to check spelling, meaning or both of these in a dictionary 	<ul style="list-style-type: none"> • The difference between vocabulary typical of informal speech and vocabulary appropriate for formal speech and writing [for example, <i>find out</i> – <i>discover</i>; <i>ask for</i> – <i>request</i>; <i>go in</i> – <i>enter</i>] • How words are related by meaning as synonyms and antonyms [for example, <i>big</i>, <i>large</i>, <i>little</i>]. • use further prefixes and suffixes and understand the guidance for adding them • use dictionaries to check the spelling and meaning of words • use the first 3 or 4 letters of a word to check spelling, meaning or both of these in a dictionary
Transcription	<ul style="list-style-type: none"> • write from memory simple sentences, dictated by the teacher, that include words and punctuation taught so far. 	<ul style="list-style-type: none"> • write from memory simple sentences, dictated by the teacher, that include words and punctuation taught so far.
Handwriting	<ul style="list-style-type: none"> • choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters • choosing the writing implement that is best suited for a task 	<ul style="list-style-type: none"> • choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters • choosing the writing implement that is best suited for a task

Contexts for Writing	<ul style="list-style-type: none"> • identifying the audience for and purpose of the writing, selecting the appropriate form and using other similar writing as models for their own • in writing narratives, considering how authors have developed characters and settings in what pupils have read, listened to or seen performed 	<ul style="list-style-type: none"> • identifying the audience for and purpose of the writing, selecting the appropriate form and using other similar writing as models for their own • in writing narratives, considering how authors have developed characters and settings in what pupils have read, listened to or seen performed
Planning Writing	<ul style="list-style-type: none"> • noting and developing initial ideas, drawing on reading and research where necessary 	<ul style="list-style-type: none"> • noting and developing initial ideas, drawing on reading and research where necessary
Drafting Writing	<ul style="list-style-type: none"> • selecting appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning • in narratives, describing settings, characters and atmosphere and integrating dialogue to convey character and advance the action • précising longer passages • using a wide range of devices to build cohesion within and across paragraphs • using further organisational and presentational devices to structure text and to guide the reader 	<ul style="list-style-type: none"> • selecting appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning • in narratives, describing settings, characters and atmosphere and integrating dialogue to convey character and advance the action • précising longer passages • using a wide range of devices to build cohesion within and across paragraphs • using further organisational and presentational devices to structure text and to guide the reader
Editing Writing	<ul style="list-style-type: none"> • assessing the effectiveness of their own and others' writing • proposing changes to vocabulary, grammar and punctuation to enhance effects and clarify meaning • ensuring the consistent and correct use of tense throughout a piece of writing • ensuring correct subject and verb agreement when using singular and plural, distinguishing between the language of speech and writing and choosing the appropriate register • proofread for spelling and punctuation errors 	<ul style="list-style-type: none"> • assessing the effectiveness of their own and others' writing • proposing changes to vocabulary, grammar and punctuation to enhance effects and clarify meaning • ensuring the consistent and correct use of tense throughout a piece of writing • ensuring correct subject and verb agreement when using singular and plural, distinguishing between the language of speech and writing and choosing the appropriate register • proofread for spelling and punctuation errors

Performing Writing	<ul style="list-style-type: none"> • perform their own compositions, using appropriate intonation, volume, and movement so that meaning is clear. 	<ul style="list-style-type: none"> • perform their own compositions, using appropriate intonation, volume, and movement so that meaning is clear.
Vocabulary	<ul style="list-style-type: none"> • use a thesaurus • using expanded noun phrases to convey complicated information concisely • using modal verbs or adverbs to indicate degrees of possibility 	<ul style="list-style-type: none"> • use a thesaurus • using expanded noun phrases to convey complicated information concisely • using modal verbs or adverbs to indicate degrees of possibility
Grammar	<ul style="list-style-type: none"> • using the perfect form of verbs to mark relationships of time and cause • using relative clauses beginning with who, which, where, when, whose, that or with an implied (i.e. omitted) relative pronoun • converting nouns or adjectives into verbs • verb prefixes • devices to build cohesion, including adverbials of time, place and number 	<ul style="list-style-type: none"> • recognising vocabulary and structures that are appropriate for formal speech and writing, including subjunctive forms • using passive verbs to affect the presentation of information in a sentence • using the perfect form of verbs to mark relationships of time and cause • differences in informal and formal language • synonyms & Antonyms • further cohesive devices such as grammatical connections and adverbials • use of ellipsis
Punctuation	<ul style="list-style-type: none"> • using commas to clarify meaning or avoid ambiguity in writing • using brackets, dashes or commas to indicate parenthesis 	<ul style="list-style-type: none"> • using hyphens to avoid ambiguity • using semicolons, colons or dashes to mark boundaries between independent clauses • using a colon to introduce a list punctuating bullet points consistently
Grammatical Terminology	<p>modal verb, relative pronoun, relative clause, parenthesis, bracket, dash, cohesion, ambiguity</p>	<p>subject, object, active, passive, synonym, antonym, ellipsis, hyphen, colon, semi-colon, bullet points</p>

Maths Subject On A Page

Name of Subject Leader: Debbie Jackson

Subject Intent:

Our maths curriculum is designed to develop fluency, reasoning, problem solving and an ability to undertake investigations, these skills can then be applied across other areas of the curriculum. It is seen as essential to everyday life and these links are made apparent wherever possible. It is also valued as necessary for an individual's financial literacy and most forms of employment. Through our maths teaching we aim to provide a foundation for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.

Planning:

- Long term planning - White Rose
<https://whiterosemaths.com/resources/schemes-of-learning/primary-sols/>
- Medium term planning - White Rose small steps
- Short term planning – staff adapt their short-term planning from both the White Rose free small steps resources and the paid enhanced resources.
- Planning follows a fluency then reasoning and problem-solving format through the CPA approach.
- Teachers also use resources from a variety of other places to widen the children's experience within a topic e.g. Nrich, Deepening Understanding, I see Reasoning, NECTM etc.

Teaching:

- Timetabling – maths is to be taught daily for up to one hour
- Maths is to be overseen and preferably taught by the class teacher. An HLTA or TA may deliver to part of the class, but this needs to be rotated with the class teacher.
- Non-negotiables – manipulatives for the CPA approach, reasoning and problem solving in most lessons. The big ideas from the curriculum intent statement are to be referred to in teaching and displays.
- Expectations - Learning will also include access to a variety of wider ranging tasks from sites such as Nrich, times tables practice as well as practice of the four operations.
- Resources – a range to be used in class and available for pupils in most lessons e.g. place value grids, base ten, double sided counters, numicon etc.
- Differentiation – extension needs to be in place for those children for whom it is appropriate. Also, a different starting point in tasks may be appropriate. Consideration must be in place for SEN or those children who need more support to access a particular area of learning. This may be through a combination of adult support, varied fluency tasks or different manipulatives available.
- High quality learning will be seen when tasks are appropriate, supported through the CPA approach, and challenge is expected in tasks and expectations for learners. Learners will become increasingly independent, by applying their skills, in completing all three aspects of maths – fluency, reasoning and problem solving.

Learning & Recording:

- Books – squared paper 10mm for KS1 and 7mm for KS2. SEN children may use larger squares.
- Presentation – 1 digit per box, marking and feedback policy to be followed.
- Practical element – CPA approach plus tasks are to be completed practically initially for EYFS and KS1 in more depth before moving on to the more formal CPA approach.
- Outdoor learning – outdoor learning is to be used wherever possible.
- Opportunities for enrichment – Maths Day each year, a range of activities used to promote maths in the wider world.

Assessment:

- White Rose end of unit questions can be used to support Teacher Assessment of the key objectives.
- Other assessments will follow the Assessment Policy.
- Target tracker statements are to be updated once each area is covered
- Data drop – a formal data drop will be made at the end of each term with Pupil Progress meetings held to challenge this data. An informal data drop will be made half termly to ensure that children are being tracked in their expectations for progress with interventions amended where necessary.
- Observations – Tapestry is used for observations in EYFS.
- Marking and feedback – the marking and feedback policy is to be followed.

Key Priorities 2020 – 2021:

4. Ensure progression across year groups in a class.
5. Providing opportunities for challenge for higher achievers to increase the number of children working above expected.
6. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress.
7. Set up Times Tables routines in classes and website to support this.

Overview of Teaching and Learning of Maths

Intent

Our maths curriculum is designed to develop fluency, reasoning, problem solving and an ability to undertake investigations, these skills can then be applied across other areas of the curriculum. It is seen as essential to everyday life and these links are made apparent wherever possible. It is also valued as necessary for an individual's financial literacy and most forms of employment. Through our maths teaching we aim to provide a foundation for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.

The Big Ideas

Fluency – children develop their fluency with mathematical fundamentals and procedures developing the ability to recall and apply knowledge rapidly and accurately

Problem Solving – children develop their ability to read, understand, hypothesise, solve and check a range of differently worded problems with increasing sophistication, including breaking down a problem into a series of simpler steps and persevering in seeking solutions

Reasoning – children develop their ability to explain their understanding of a process by following a line of enquiry, conjecturing relationships and generalisations, and developing an argument justification or proof using mathematical language

Implementation

- Move fluently between different representations of mathematical ideas.
- Make increasingly complex connections from one mathematical domain to another to develop fluency, mathematical reasoning and competence in solving increasingly complex problems.
- Apply mathematical knowledge to science and other subjects including outdoor activities working collaboratively across the school.
- Apply fluency, reasoning and problem skills to solve a variety of investigations within and across domains.
- Develop an increasingly varied and accurate understanding of mathematical vocabulary that is recalled and applied regularly.
- Develop resilience within their working to allow for the making of mistakes, discussion of these and any misconceptions to allow for more sustained future progress.
- Pride in the presentation of work celebrated through display or school rewards.

Impact

By the end of their schooling at Hintlesham and Chattisham C of E Primary School, pupils will have been given the opportunity to apply their fluency knowledge through solving a variety of different problems, fluency tasks and investigations. They will have developed confidence and mental fluency through a range of topics, for example, the four operations, number and place value, measure and shape including with practical resources at each stage. Pupils will also be able to read, spell and use accurately a range of mathematical language.

EYFS

Reception - Notes and guidance

Autumn Progression

Number and Place Value	Numbers to 5	→ One, two, three
		→ Four
		→ Five
Addition and Subtraction	Sorting	→ Sorting into groups
Number and Place Value	Comparing groups	→ Comparing quantities of identical objects
		→ Comparing quantities of non-identical objects
Addition and Subtraction	Change within 5	→ One more
		→ One less
Measurement	Time	→ My day

Spring Progression

Addition and Subtraction	Numbers to 5	→	Number bonds to 5
Number and Place Value	Numbers to 10	→	Counting to 6, 7 and 8
		→	Counting to 9 and 10
		→	Comparing groups up to 10
Addition and Subtraction	Addition to 10	→	Combining two groups to find the whole
		→	Number bonds to 10 – ten frame
		→	Number bonds to 10 – part-whole model
Geometry	Shape and space	→	Spatial awareness
			3-D shapes
			2-D shapes

Summer Progression

Geometry	Exploring patterns	→	Making simple patterns
		→	Exploring more complex patterns
Addition and Subtraction	Count on and back	→	Adding by counting on
		→	Taking away by counting back
Number and Place Value	Numbers to 20	→	Counting to 20
Multiplication and Division	Numerical patterns	→	Doubling
		→	Halving and sharing
		→	Odds and evens
Measurement	Measure	→	Length, height and distance
		→	Weight
		→	Capacity

Year 1/2

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12

Subject On A Page

Name of Subject Leader: Miss Jo Self

<p><u>Subject Intent:</u></p> <p>Our curriculum is designed to foster an enquiring mind and sense of enjoyment in science and STEM topics in all pupils and develop an understanding of the world around them.</p> <p>Pupils will develop the use of scientific enquiry skills to solve problems and learn how to carry out practical experiments safely and carefully. Pupils will relate science to everyday life by using everyday materials and situations and create a bank of knowledge by revisiting and extending topics.</p>	
<p><u>Planning:</u></p> <ul style="list-style-type: none"> • Long term planning (T Drive, copy in SL file and on website) • Medium term planning (Written by Class Teacher to ensure that all objectives on LTP are covered in each unit) • Examples of planning (long and short term) can be found on Twinkl, Hamilton Trust, Planbee. 	<p><u>Teaching:</u></p> <ul style="list-style-type: none"> • Timetabling – one afternoon per week or equivalent. • To be planned by Class Teacher – delivery by HLTA is fine. • Non-negotiables – refer to ‘big ideas’ and ‘working scientifically’. • Expectations – see separate progression document • Resources- located in Hall cupboard. Further resources can be loaned from HHS (list with SL) • Differentiation – ensure curriculum is accessible for SEN, lower achievers and challenging for higher achievers. • Knowledge Organisers – Teachers to ensure that chn have a KO stuck in books at the beginning of each unit, which is referred to in each lesson, to secure subject knowledge.
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Key scientific vocabulary will be taught, revisited and extended as pupils progress through the year groups • Pupils will be taught skills of scientific enquiry e.g.: observation, time sequencing, classifying, researching, measuring, recognising and identifying patterns, prediction, fair testing, interpreting and communication. • Investigative work will be balanced between guided practical work and independent investigational work • Whole school opportunities are provided for sharing and celebrating learning in science, e.g., visitors, assemblies and Science Week • Expectations for presentation and high-quality learning will follow the school policy. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Years 1 and 2 are assessed through Target Tracker statements. • Years 3-6 will be assessed by the Rising Stars materials using mid-term and end of topic tests and Target Tracker statements • Weekly quizzes in KS2 • Data drop- each term. • Drop in observations –in SL file and HT. • Book scrutiny by SL each term • Whole school Marking and feedback policy followed.
<p><u>Key Priorities 2020 – 2021:</u></p> <ol style="list-style-type: none"> 8. Ensure progression across year groups in a class. 9. Providing opportunities for challenge for higher achievers to increase the number of children working above expected, while also supporting SEN and lower ability children to access the curriculum as well as demonstrate good progress. 10. Ensure ‘Working Scientifically’ NC objectives are being covered progressively. 	

Overview of teaching and learning of Science

Intent

Our curriculum is designed to foster an enquiring mind and sense of enjoyment in science and STEM topics in all pupils and develop an understanding of the world around them.

Pupils will develop the use of scientific enquiry skills to solve problems and learn how to carry out practical experiments safely and carefully. Pupils will relate science to everyday life by using everyday materials and situations and create a bank of knowledge by revisiting and extending topics.

Big ideas

A curiosity to understand how things work

Use real life experiences to give pupils a practical understanding of scientific concepts

Develop a set a of scientific investigation skills

Implementation

- Pupils will ask questions about the world around them to increase their knowledge and understanding
- Key scientific vocabulary will be taught, revisited and extended as pupils progress through the year groups
- Pupils will be taught the skills of scientific enquiry including: observation, seriation, time sequencing, classifying, researching, measuring, recognising and identifying patterns, prediction, fair testing, interpreting and communication
- Investigative work will be balanced between guided practical work and independent investigational work
- Whole school opportunities are provided for sharing and celebrating learning in science, for example, visitors, assemblies and Science Week
- Science in The Early Years Foundation Stage is part of the area of learning entitled 'Understanding of the World'. Activities are both child initiated and adult led. Pupils work inside and outside, recording work in a variety of ways. Activities are planned for first-hand experiences, encouraging exploration, observation, problem solving, prediction, critical thinking, decision making and discussion.
- Years 1 and 2 are assessed through Target Tracker statements.
- Years 3-6 will be assessed by the Rising Stars materials using mid-term and end of topic tests and Target Tracker statements
- Lessons will be supported by resources available on loan from Hadleigh High School
- Children have access to non-fiction books from the School Library
- Subject leaders will conduct lesson dips, learning walks and book scrutinies
- Governors will visit and conduct pupil perception interviews.
- SL to conduct audit of staff CPD and resources.

Impact

Learners will leave with scientific skills necessary to develop their understanding of the world around them. They will have a bank of vocabulary to draw upon and articulate their scientific ideas. They will be able to work safely and collaboratively with their peers on investigations and experiments. They will be able to recognise safety considerations when conducting experiments with increased independence. They will recognise how to set up an investigation to apply these skills in other areas of study particularly within STEM subjects. They will leave with a curiosity for understanding the world around them.

Whole School Long Term Plan: Science

Year B 2020- 2021	Autumn	Spring	Summer
<p>Year R EYFS</p>	<p>All about me, my wishes and dreams</p> <ul style="list-style-type: none"> - Changes since birth - What makes us unique? <p>Year 3 & 4</p>	<p>Rocks, soils and fossils (Y3)</p> <ul style="list-style-type: none"> - Types of rock - Properties of rock - Fossil formation - Mary Anning - Soil investigation <p>Teeth/digestive system/food chains (Y4)</p> <ul style="list-style-type: none"> - Investigate digestive system - Types and functions of teeth - Tooth decay investigation 	<p>States of Matter (Y4)</p> <ul style="list-style-type: none"> - Investigate gas/liquid/solid - Water cycle <p>All Living Things (Y4)</p> <ul style="list-style-type: none"> - Grouping and classifying - Vertebrates - Invertebrates - Habitat survey 	<p>Habitats</p> <ul style="list-style-type: none"> - Local and wider environment - Danger posed to living things by changes in the environment <p>Plants (Y3)</p> <ul style="list-style-type: none"> - Parts of plants - What a plant needs to grow/survive - Water transportation
<p>Year 5 & 6</p>	<p>Properties and changes of materials (Y5)</p> <ul style="list-style-type: none"> - thermal conductors and insulators - electrical conductors - dissolving - separating mixtures - irreversible changes <p>Forces (Y5)</p> <ul style="list-style-type: none"> - Identify forces acting on objects - Explore gravity - Air resistance - Water resistance - Friction - mechanisms 	<p>Earth and Space (10 week unit) (Y5)</p> <ul style="list-style-type: none"> - Spherical bodies - Planets - Geocentric Versus Heliocentric - Night and day - Movement of the moon 	<p>All living things (Y5) (Lifecycles)</p> <ul style="list-style-type: none"> - plant reproduction - life cycles of mammals - metamorphosis <p>All living things (Y6) (Classification)</p> <ul style="list-style-type: none"> - classifying animals - Linnaean system - Micro organisms

Science investigation terminology progression

Year 1	Observation, question, prediction, answer, data, record, measure, sort, group.
Year 2	Observation, question, prediction, answer, data, record, measure, sort, group, result, fair test, variable, flexible, absorbent, compare, similarities, differences.
Year 3	Observation, question, prediction, answer, data, record, measure, sort, group, result, fair test, variable, flexible, absorbent, compare, similarities, differences, transparent, opaque, permeable, durable, friction, magnetic field, diagram.
Year 4	Observation, question, prediction, answer, data, record, measure, sort, group, result, fair test, variable, flexible, absorbent, compare, similarities, differences, transparent, opaque, permeable, durable, friction, magnetic field, diagram, annotated diagram, classify, classification key, reversible, irreversible, conductor, insulator.
Year 5	Observation, question, prediction, answer, data, record, measure, sort, group, result, fair test, variable, flexible, absorbent, compare, similarities, differences, transparent, opaque, permeable, durable, friction, magnetic field, diagram, annotated diagram, classify, classification key, reversible, irreversible, conductor, insulator, control, reliable data, repeat test, gestation, factor, constant.
Year 6	Observation, question, prediction, answer, data, record, measure, sort, group, result, fair test, variable, flexible, absorbent, compare, similarities, differences, transparent, opaque, permeable, durable, friction, magnetic field, diagram, annotated diagram, classify, classification key, reversible, irreversible, conductor, insulator, control, reliable data, repeat test, gestation, factor, constant, hypothesis, translucent.

Science 'write-up' terminology progression across year groups

Year 1	Fill in a simple table of results
Year 2	Construct a bar graph (e.g. for plant diary) Interpret simple line graphs (growth charts) Draw simple charts/tables
Year 3	Question Prediction Apparatus Is it a fair test? Results (fill in a table of results as a class) or diagrams to represent results. Conclusion (including 'because') Evaluation
Year 4	Question Prediction Apparatus Method and annotated diagram Is it a fair test? Results table or diagram of results Conclusion Evaluation
Year 5	Question Prediction Apparatus Method and annotated diagram Reliability and is it a fair test? Results table and line or bar graph Conclusion Evaluation
Year 6	Question Prediction Apparatus Method and annotated diagram Reliability (plus is it a fair test?) Results table (look for anomalous data) and line or bar graph Conclusion Evaluation

Religious Education-Subject On A Page

Name of Subject Leader: Lisa Death

<p><u>Subject Intent:</u></p> <p>The Church of England Education office state that “Religious education (RE) in a Church school should enable every child to flourish and to live life in all its fullness”. (John 10:10).</p> <p>We intend for RE in our school to be true to our underpinning faith, but with a deep respect for the integrity of other religions, religious traditions (and worldviews) and for the religious freedom of each person. This will give the children the knowledge, understanding and skills they need to handle questions raised by religion and belief, and allow them to reflect on their own ideas and ways of living. At Hintlesham and Chattisham CofE Primary School we seek to create a Christian community based on Christian values, which are reflected throughout the life of the School. Our close links with the local church, enables our RE curriculum to be relevant, real and broad for our children enabling them to develop an understanding of Christianity as the “heritage religion” of England and the one that most influences our school and community life.</p> <p>The Big Ideas: Throughout the RE curriculum faith, understanding, and acceptance will be the common themes of learning and teaching enabling children to be thoughtful and tolerant members of a multicultural and diverse society.</p>	
<p><u>Planning:</u></p> <ul style="list-style-type: none"> • Long term plan-Emmanuel Project • Medium term plan-individual units taken from the Emmanuel project-on T drive • Short term plan-teacher adaptations from units of work • Planning follows a progression map of specific RE knowledge and skills to ensure coverage through the school and that pupils reach expected attainment levels by the end of year 6. 	<p><u>Teaching:</u></p> <p>Religious Education lessons ensure pupils encounter core concepts in religions and beliefs in a coherent way, developing their understanding and their ability to handle questions of religions and belief. The teaching of the Emmanuel Project provides a complete set of enquiry-based units, specific additional units on Christianity and units on other world faiths.</p> <ul style="list-style-type: none"> • Timetabling-1 hour per week or equivalent time taught in a block • Can be taught by-class teacher or HLTA • Non-negotiables- RE worship area in each classroom, teaching of each unit in the order of the LTP, continuous reference to The Big Ideas (including displays), completion of quizzes at the end of each unit (KS1/2), individual RE books in KS1/2, class scrapbook completed for each unit in EYFS, progression of expectation of learning and outcome in each year group in the class • Expectations- High expectations benefit all pupils. Lessons to be fun and engaging, KQ's displayed and referred to throughout the lesson, links to previous learning explicit • Resources-The Bible, Emmanuel Project Units & USB stick, religious artefacts and books • Differentiation – Teachers to ensure that all children have equal access to the RE curriculum. SEN and LA children- (where necessary) plan for children to work in a small group with an adult and complete activities adapted to their needs (e.g. writing frames, extra manipulatives). HA and exceeding children- plan further questioning asking children to explain why they have given an answer. • Best practice-RE is taught by studying one religion at a time (systemic units) and then including thematic units, which build on learning by comparing the religions, beliefs and practices studied. Teachers link with key dates and
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Expectations of children- High expectations benefit all pupils. Children with a faith are encouraged to share and celebrate their religion. Presentation of work in line with expectations in other lessons. • Best practice – All children excited and engaged in learning. Complete activities successfully and review and improve work after input from peers/adults. • Books- Individual RE books in KS1/2, EYFS class creates and uses a class RE reflection scrap book. These include key questions, answers, learning, photographs of role play that have taken place during a unit which can be reflected on by the children and in future lessons • Practical element-Use of cameras and recording devices to evidence learning. • What does high quality learning look like – children engaged, show understanding, asking and answering questions, completing tasks to best of ability, making links between ideas. • Differentiation- Achievement in RE is not 	

<p>limited by academic ability in reading and writing. Learning is accessible to all. SEN and LA children can use verbal/scribed responses where needed, work in small groups, complete writing frames etc. HA and exceeding children-learning is extended through further questioning-answer 'why'? to explain thinking and understanding, children used as 'experts' or 'mini-teachers'.</p> <ul style="list-style-type: none"> • Opportunities for enrichment-Children share their learning with members of the Church and wider community. The Reverend Jackson plays an active role in the pupil's broad and balanced religious education. Educational Visits and visitors are a key feature. Enrichment activities include the EYFS/KS1 Nativity Production, Charity Events, educational visits to St. Edmundsbury Cathedral, visits by the Discovery Centre and other local world faith leaders, making whole school Christingles for a Christingle Service, walking to the local parish church for special Church Services and Open the Book assemblies. Pupils are encouraged to extend their knowledge further through their involvement in evaluating assemblies and collective worship as well as becoming members of the Faith Council. Visits to churches and other religious buildings promote a sense of awe and wonder and widen pupils' horizons. 	<p>religious festivals, providing opportunities to celebrate festivals and religions with greater relevance and consistency and enhances a cross-curricular approach. Teachers adapt Emmanuel project unit activities to fit the needs of their class</p>
<p><u>Key Priorities 2020 – 2021:</u></p> <ol style="list-style-type: none"> 11. Ensure progression across year groups in a class. 12. Providing opportunities for challenge for higher achievers to increase the number of children working above expected. 13. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 14. Faith council to plan and deliver an assembly once every half term. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Which assessment-Teacher-Target Tracker, Emmanuel Project-quick quizzes and suggestions in EVALUATE section of a unit. • Observations – SL lesson dips, book scrutiny, review of scrapbooks • Marking and feedback – Within the lesson at the time of working, feedback given. Following marking policy.

Hintlesham and Chattisham CofE Primary School Religious Education

Intent

The Church of England Education office state that “Religious education (RE) in a Church school should enable every child to flourish and to live life in all its fullness”. (John 10:10).

We intend for RE in our school to be true to our underpinning faith, but with a deep respect for the integrity of other religions, religious traditions (and worldviews) and for the religious freedom of each person. This will give the children the knowledge, understanding and skills they need to handle questions raised by religion and belief, and allow them to reflect on their own ideas and ways of living. At Hintlesham and Chattisham CofE Primary School we seek to create a Christian community based on Christian values, which are reflected throughout the life of the school. Our close link with the local church, enables our RE curriculum to be relevant, real and broad for our children, enabling them to develop an understanding of Christianity as the “heritage religion” of England and the one that most influences our school and community life.

The Big Ideas

Throughout the RE curriculum **faith, understanding, and acceptance** will be the common themes of learning and teaching, enabling our children to be thoughtful and tolerant members of a multicultural and diverse society.

Implementation

Religious Education (RE) is a core subject that lies at the heart of our curriculum. We believe that RE should be of the highest standard, always striving for excellence, and that it should reflect our school’s distinctive Christian character. RE is taught through the use of the Suffolk Agreed Syllabus and The Emmanuel Project produced by the Diocese of St Edmundsbury and Ipswich from EYFS to Year 6. The agreed syllabus aims to ensure:

- that children are taught age appropriately and as they progress through school, they build up a bigger picture, appreciation and understanding of religion.
- that children learn about religion AND from religion.
- different religions are studied across the school and these are linked to themes so that religions can be compared and contrasted.

RE is taught by studying one religion at a time (systemic units) and then including thematic units, which build on learning by comparing the religions, beliefs and practices studied. Teachers link with key dates and religious festivals, providing opportunities to celebrate festivals and religions with greater relevance and consistency and enhances a cross-curricular approach. There are 6 EYFS units which are taught over a year. The KS1 and KS2 units run on a two-year cycle so in total, over every 2 years, children cover 12 units. The units being taught this year across our school can be seen on the Whole School Long Term plan for RE. Assessments are conducted at the end of each unit and progression is tracked throughout the year.

Learning is not always recorded in a formal written way. Children are given the opportunity to use discussion, drama and art to interpret and present their understanding in different ways. To further deepen learning, religious visitors are organised to talk to the children about their faith, festivals and beliefs. These visits provide the children with opportunities to ask questions and have hands on experiences through exploring artefacts. These visitors and trips are organised termly where appropriate, focusing on the topics that the children are studying.

Religious Education in the Early Years:

RE sits very firmly within the areas of PSED and UW. From an early age, the children at Hintlesham and Chattisham CofE Primary School learn to develop a positive sense of themselves, and others, and learn how to form positive and respectful relationships. They will do this through the Emmanuel Project scheme, encountering religious and non-religious worldwide views through special people, books, places and objects. The children will have the opportunity to listen to and talk about stories. They are introduced to subject-specific words and use all of their senses to explore beliefs, practices and forms of expression. In the Early Years, the children ask questions and reflect on their own feelings and experiences. They use their imaginations and curiosity to develop their appreciation of, and wonder at, the world in which they live. Our EYFS class creates and uses a class RE reflection scrap book. This includes key questions, answers, learning, photographs of role play that have taken place during a unit which can be reflected on by the children and in future lessons.

Impact

The children at Hintlesham and Chattisham CofE Primary School acquire a keen sense of enthusiasm as they learn about different religious and cultural backgrounds. The children's understanding and acceptance of differences and similarities between religions enables them to discuss issues respectfully and appreciate the diversity of the modern world. Children learn how to articulate their thoughts as they broaden their vocabulary and power of expression through high quality RE lessons taught at our school.

Hintlesham and Chattisham CEVCP School

RE-Progression of Knowledge-From the Emmanuel Project

End of Phase Christianity Core knowledge: What do we want pupils to know?

EYFS	KS1	LKS2	UKS2
<p>By the end of EYFS, pupils will know that for Christians God is a Very Important Person. That God has a son called Jesus who he gave as a very special gift to the world. Pupils will hear stories about Jesus and begin to build an understanding that he was special, through the stories of his birth and death. Pupils will learn that Christians believe everyone is precious to God and so is the world he created.</p>	<p>By the end of KS1, pupils will have learnt that Christians pray and worship this God because they believe he is great and that they are part of his family. They will learn more in depth about who Jesus was, that he was a Saviour and Rescuer. They will encounter his parables which teach more about God and learn about his life and death. The Holy Spirit is introduced as an invisible friend to help Christians copy how Jesus lived and become more like him.</p>	<p>By the end of LKS2, pupils learn more about the significance of Jesus. That he was a peacemaker who showed love to all. That Christians want to follow him as their King and how they do this. They will learn about the concept of sin and importance of the symbol of the cross as a sign of both commitment and sacrifice. Their understanding of the Holy Spirit is enhanced as a giver of strength and this is explored further through the task for Christians of spreading the message of Jesus around the world.</p>	<p>By the end of UKS2, pupils delve deeply into the stories of the gospel as a source for discovering who Christians believe Jesus was. They encounter more of his teachings, including his I am sayings and what he said about himself. The sacrifice of Jesus as God incarnate - both human and divine - is explored in the context of a loving and forgiving God. Pupils will examine Christian belief in the resurrection and the afterlife and understand that for Christians thanksgiving for life and all God gives is a duty.</p>

Progression in Christianity Knowledge of text-practice-living (Bible, Church, Life-not including additional units)

	End of EYFS	End of KS1	End of LKS2	End of UKS2
Bible	<p>Explain that the Bible is a special book for Christians.</p> <p>Recall details from a range of stories in the Bible including the story of creation, nativity and Easter story.</p> <p>Explain that God is a VIP to Christians, the creator of all, and that Jesus was special baby.</p> <p>Listen to some of the stories of Jesus such as the Good Samaritan or the Lost Coins.</p>	<p>Tell stories from the Bible and explain that a parable is a special story Jesus told.</p> <p>Remember the parable of the Lost Sheep and begin to explain what it means to Christians.</p> <p>Recall that Jesus taught people how to pray in a special prayer called The Lord's Prayer.</p> <p>Describe how the Holy Spirit arrived at Pentecost as told in the Bible.</p> <p>Recognise that the meaning of Jesus' name was 'saviour' and retell parts of the Easter story.</p>	<p>Use a Bible to find chapter and verse where Jesus helps, saves or heals.</p> <p>Tell the story of the prodigal son and explain what it means to a Christian.</p> <p>Explain that Jesus is the King of God's Kingdom and describe what this kingdom might look like.</p> <p>Describe how the Bible explains sin.</p> <p>Explain what the Great commission is and how the Holy Spirit strengthens Christians.</p>	<p>Articulate teachings from the Gospels and explain how these are good news for Christians.</p> <p>Use the Bible to explore who Jesus said he was.</p> <p>Describe some of the miracles and actions of Jesus which led to questions about his humanity and divinity.</p>
Church and Community	<p>Recall that Christians celebrate at Harvest and Christmas which is Jesus' birthday.</p> <p>Know that Christians say thank you to God for our wonderful world.</p> <p>Know that Christians say prayers to God.</p>	<p>Remember some of the events which happen at a baby's baptism.</p> <p>Know Christians worship God by singing.</p> <p>Remember that Christians celebrate the Holy Spirit and birthday of the church at Pentecost.</p> <p>Remember the importance of advent.</p> <p>Know that Christians say special words at Church and recall some of these.</p>	<p>Explain the role of confession for some Christians around the world.</p> <p>Describe what the Lord's Prayer teaches about the Kingdom of God.</p> <p>Give examples of different worship songs and what they celebrate about God and Jesus as the Saviour of the world.</p> <p>Describe how Pentecost is celebrated and acknowledged in church.</p>	<p>Explain how Jesus' diversity is recognised in different ways including in buildings, doctrines and creed.</p> <p>Explain what the Holy communion service means to Christians.</p> <p>Explain and give examples of how Christians believe through Jesus, God understands what it is like to be human.</p>
Christian Life	<p>Remember that Christians help other people like Jesus did.</p> <p>Explain that Christians believe we should care for the world.</p> <p>Know that Christians sing songs about how special Jesus was and give presents as a reminder that Jesus was the best present ever.</p> <p>Remember the golden rule.</p>	<p>Know Christians welcome everyone into God's family.</p> <p>Know Christians pray together at church.</p> <p>Know God works within a Christian to grow Fruit of the spirit.</p> <p>Know Christians like to help others e.g. Helping the homeless.</p> <p>That Easter eggs are a symbol for remembering Jesus.</p>	<p>Explain why Christians wear crosses.</p> <p>Describe why charity work is important to Christians as a way of growing God's kingdom.</p> <p>Recall some of the marks of mission.</p>	<p>Give examples of where the Bible talks about living thankfully.</p> <p>Explain how Jesus was good news for some and bad news for others.</p> <p>Articulate how hope is important for Christians.</p>

The additional units

	LKS2 Why do Christians call themselves the 'body of Christ'	LKS2 Why are good stewardship and generous giving important for every Christian?	LKS2 What difference did Paul's conversion on the Damascus road make to Christians?	UKS2 How do the 'Heroes of faith' encourage Christians today?	UKS2 When Christians need real wisdom where do they look for it?	UKS2 Why do Christians think being a pilgrim is a good analogy for life itself?	UKS2 How do Christians try to capture the mystery of God as Trinity ?
Bible	Describe events and actions of the early church as recorded in Acts of the Apostles.	Describe what Christians might learn from the parable of the Three Servants about good stewardship	Recall the story of Saul's conversion and the difference this experience made to him.	Describe how heroes from the Bible displayed their faith.	Know that Christian ideas about wisdom come from the Bible e.g. Proverbs, Psalms, parables.	Give good reasons why going on pilgrimage to the Holy Lands may help Christians to think about God and grow spiritually.	Describe what a Christian might learn about the Trinity from the story of Jesus' baptism.
Church and Community	Describe some different roles and titles people have in the Anglican church, and in different churches.	Use the words 'tithe' and 'offering' to describe Christian beliefs about giving to God.	Describe how Christians read Paul's letters in church to guide their way of life.	Explain the purpose of church with growing and developing faith.	Describe how Christians use the Psalms in their worship.	Explain how the start of the Christian journey is marked by baptism.	Describe and compare trinitarian practices involved in belonging to different Christian groups.
Christian Life	Describe what a Christian might learn from St Paul's writings about God and about living as part of the 'Body of Christ'.	Describe some things that Christians believe they should do as stewards of God's world.	Describe the role of the Holy Spirit to help change and transform a Christian.	To understand how Christians use key Bible stories and teachings about faith during times of struggle.	Describe how Jesus understood wisdom through reference to his parables and sayings.	Make links that show how the belief that Christians are 'pilgrims and strangers in this world' comes from the Bible and affects personal choices.	Explain that for a Christian, the purpose of life is found in relationships, as personally experienced through a relationship with the trinitarian God.

End of phase Judaism Core knowledge: What do we want pupils to know?

KS1	KS2
<p>By the end of KS1, pupils learn about the importance of the Torah for Jewish people. They encounter some of the stories such as creation, Jonah or Ruth and discuss possible meanings. Importantly they learn Jewish people follow the teachings of the Torah as a rule book for life and learn about how the Torah is remembered and respected. They learn about the importance of Shabbat and the role of other Jewish festivals.</p>	<p>By the end of KS2, pupils learn about some of the Torah stories in more detail, especially the Exodus story and the importance of covenant with God for Jewish people. They extend their learning into philosophical and theological conversation about holiness and describe and compare different Jewish celebrations.</p> <p>**If both Judaism units are taught**</p>

Progression in Judaism knowledge of text-practice-living

	End of KS1 Pupils will be able to:	End of KS2 Pupils will be able to:
Text/Narrative	<p>Know that Jewish stories contain examples of Good deeds. Remember all, or parts of, the story of Ruth.</p> <p>Say at the end of the creation story God rested.</p> <p>Retell the story of Jonah and begin to talk about its possible meanings.</p> <p>Remember that the Torah is the most important book for Jewish people given by God. It was written down by a great leader called Moses.</p> <p>Recall some of the stories of Moses e.g. 10 commandments or his birth</p>	<p>Describe a part of the Exodus story</p> <p>Describe what Jewish people might learn from the stories of Noah or Abraham about a covenant with God.</p> <p>Explain what the burning bush story in Exodus teaches about holiness.</p>
Community Practice	<p>Know that Jewish people welcome babies into their community.</p> <p>Know that Jewish families have a day of rest every week.</p> <p>That at the start of Shabbat, a special meal, candles are lit and blessings said.</p> <p>Describe that for Jewish people new year is about saying sorry and making changes.</p> <p>Say that the Torah is kept in a synagogue or in a special ark.</p> <p>Know the Torah contains rules.</p>	<p>Describe some different customs and practices Jewish people have as part of their Pesach (Passover) celebrations.</p> <p>Explain in what way Shabbat is holy and how Jewish families mark its beginning and ending.</p>
Living	<p>Know that Jewish people care for their world. Describe what some Jewish people wear when they pray.</p> <p>Describe what happens in a synagogue at Yom Kippur.</p> <p>Remember that a mezuzah contains important words for Jewish people (the Shema).</p> <p>Demonstrate how a mezuzah is used by Jewish people.</p>	<p>Explain what happens at Shavuot.</p> <p>Give examples of what the Torah says about living a holy life.</p>

End of phase Hinduism Core Knowledge: What do we want pupils to know?

KS2

By the end of KS2, pupils learn that Hinduism is a complex tradition which draws on many ancient philosophies. They will encounter some of the traditional stories told to Hindu children and some of the inspirational figures. Pupils will learn some of the key teachings about the Hindu's Supreme Being Brahman and other deities worshipped. They will learn that Hindus take their religious responsibilities seriously; and that even Hindu children must learn to take responsibility for gathering good karma in an attempt to break the cycle of birth and re-birth.

Progression in Hinduism knowledge of text -practice - living

	End of KS2 Pupils will be able to:
Text/Narrative	<p>Begin to describe what Hindus might learn from one of the stories of the Panchatantra about living the right way. Describe what a Hindu might learn from the story of Rama and Sita.</p> <p>Understand that some Hindus read from the Gita every day for guidance, comfort and advice.</p> <p>Explain some key teachings Hindus hold about Brahman / Atman linking these to religious texts.</p>
Community Practice	<p>Explain that Hindus are encouraged to perform acts of selfless kindness.</p> <p>Describe some things Hindus do to celebrate Rama and Sita's commitment to duty and describe how Hindus celebrate Diwali.</p> <p>Attempt to explain why Hindu children are encouraged to 'Be as Rama' or 'as Sita.'</p> <p>Express the importance role of devotion or those who follow the Bhakti pathway.</p> <p>Explain the different ways Hindus explain their ideas of God.</p>
Living	<p>Know that even Hindu children must learn to take responsibility for gathering good karma. Explain how belief in the Hindu God differs from that of monotheistic religions.</p> <p>List how belief in Brahman affects a Hindu's diet and their attitude to animals.</p> <p>Give examples of how Hindus express beliefs and feelings about Krishna.</p>

End of phase Islam Core knowledge: What do we want pupils to know?

KS1	KS2
By the end of KS1, pupils are introduced to Islam through the stories of Muhammad who they learn is an important person to Muslims. They encounter the name 'Allah' and learn about other names used to describe him. Pupils explore the festival of Ramadan and Eid and learn the words 'fasting' and 'sharing' to talk about what Muslims do during these festivals.	By the end of KS2, pupils learn that at the heart of Islam lies obedience and submission to Allah as creator. Pupils learn that Muslims across the world respond to the call of prayer as an act of submission and recite words of importance such as the Shahadah, a statement of faith in Muhammad as God's messenger, but also in the one-ness of God. These core beliefs are strengthened through the Global Islamic community, the ummah. Pupils encounter text from the Qur'an, understand how it is respected and revered, and learn about its importance as the revealed word of God.

Progression in Islam knowledge of text -practice - living

	End of KS1 Pupils will be able to:	End of KS2 Pupils will be able to:
Text/ Narrative	<p>Recognise that the names 'Allah' and 'Muhammad' are important to Muslims.</p> <p>Suggest why the words of the Bismillah are important to Muslims.</p> <p>Tell a story about Muhammad and say what it teaches a Muslim about compassion.</p> <p>Recall some different names of Allah e.g. the doer of good, the generous, which show what a Muslim believes about God.</p>	<p>Explain that Muslims respond to the call for prayer.</p> <p>Describe what a Muslim might learn from the story of Bilal and the first call to prayer.</p> <p>Describe Muslim belief in one God, the most important being in the universe, who they believe they should obey in every way. He is Allahu Akbar or 'God most great'</p> <p>Describe the Shahadah and know all Muslims everywhere recite the same words.</p> <p>Explain what Muslims believe about Muhammad as the messenger of God and the last prophet and recall something about his life.</p> <p>Describe ways Muslims show respect towards the Qur'an and give reasons for this.</p> <p>Retell the story of how the Qur'an was revealed to Muhammad.</p> <p>Explain how the Kaaba or 'cube' reminds Muslims that there is only one God</p>
Community Practice	<p>Use the words 'fasting' and 'sharing' to talk about what Muslims do during Ramadan.</p>	<p>Describe some things Muslims do when they get ready for prayer and how the physical actions show submission to Allah.</p> <p>Describe some different ways Muslims show / do not show their beliefs about Muhammad in art, calligraphy or design.</p> <p>Know that a mosque in a Muslim place of worship.</p> <p>Describe some practices and experiences of Muslim children at a madrassah.</p> <p>Describe why only some Muslims seek to become Hafiz and how the study affects both their lives and the lives of others.</p> <p>Recall the Five Pillars of Islam and how the practice of each pillar makes a Muslim feel they belong to the 'ummah.'</p>
Living	<p>Recall how Muslims prepare for and celebrate Eid-ul-Fitr.</p>	<p>Explain that saying the Bismillah reminds Muslims that Allah is involved in everything.</p> <p>Recall ways some Muslims celebrate Muhammad's birthday.</p> <p>Show how Muslims express the idea of revelation as a rope reaching down to earth, suggesting what the image means.</p> <p>Make links that show how Muslim belief and practices come from the teachings of the Qur'an or from the Sunnah of the Prophet.</p> <p>Explain some key Muslim teachings about Tawheed or the one-ness of Allah.</p> <p>Describe the impact of Hajj on a Muslim.</p>

End of phase Sikhism Core knowledge: What do we want pupils to know?

KS2

By the end of KS2, pupils learn about the origins of Sikhism and the role of the guru as teacher of the light of God. Pupils listen and engage with stories from different Gurus of the past and learn about the present living guru, the *Guru Granth Sahib*. The importance of the value of equality is shared through the example of langar and beliefs around the oneness of God are introduced through learning how Sikhs pray and worship.

****If both Sikhism units are taught****

Progression in Sikhism knowledge of text -practice - living

	End of KS2 Pupils will be able to:
Text/Narrative	<p>Understand that <i>Guru</i> means teacher and the purpose of a <i>Guru</i> to share the light of God. Describe what a Sikh might learn from stories of <i>Guru Nanak</i>.</p> <p>Understand the significance of <i>Ik Onkar</i> as representing the Sikh belief in one god.</p> <p>Describe what Sikhs might learn about God or how to live from the story of <i>Guru Amar Das</i> and the Emperor.</p>
Community Practice	<p>Describe how and why Sikhs show the <i>Granth</i> the respect due to a living guru and how this is like or different from how other holy books are treated.</p> <p>Describe some similar things Sikhs do when they come to the <i>gurdwara</i> for worship and those which demonstrate equality.</p> <p>Describe how the names 'Kaur' and 'Singh' show the belief that all Sikhs are equal, valued and united.</p>
Living	<p>Understand how a Sikh will listen to the true <i>Guru</i> through chanting and meditating. Explain and describe the practice of the langar.</p>

End of phase Buddhism Core knowledge: What do we want pupils to know?

KS2

By the end of KS2, pupils learn the story of the Buddha and about his journey to enlightenment including the Four Noble Truths as the essence of Buddhist teaching. Using the correct terminology, pupils are able to explain the key concepts that help Buddhists today on this journey including reference to the Eightfold Path. The role of the Buddhist community is explored as well as the practice of meditation.

****If both Buddhism units are taught****

Progression in Buddhism knowledge of text -practice - living

	End of KS2 Pupils will be able to:
Text/Narrative	<p>Retell the story of Buddha's enlightenment. Explain how and why a Buddhist uses the image of a lotus to explain beliefs about growing towards enlightenment.</p> <p>Explain Buddhist teachings including reference to the four noble truths.</p> <p>Show how Buddhists express their belief that the Buddha is a refuge and guide by referring to the story of Angulimala.</p>
Community Practice	<p>Use the right religious words to describe different practices of Buddhists in search of enlightenment on the Eightfold Path. Describe the Eightfold Path as techniques for overcoming suffering.</p> <p>Explain how the Buddha's teachings (dharma) help Buddhists journey along the path.</p>
Living	<p>Describe the use and importance of stillness and meditation. Evaluate the role of the Buddhist community.</p> <p>Use the right religious words to describe the practices and experiences of Buddhists belonging to the Sangha, both lay and monastic.</p> <p>Explain how members of the Sangha support each other at the festival of Wesak.</p>

End of phase Humanism Core knowledge: What do we want pupils to know?

KS2

By the end of KS2, pupils learn what is important to those with non-religious worldviews who call themselves Humanists. They will learn about the importance of reason, respect and the scientific principals which lay behind this worldview. Pupils will have opportunities to encounter thought of famous Humanists past and present. They will ask questions about what the meaning and purpose of life is for a human being and debate whether happiness should be considered a right for all. They will explore and learn about the ceremonies and celebrations of Humanists and what these look like and mean to those who live their life in this way today.

RE Progression of Skills-From The Emmanuel Project

Units are taught on a two-year cycle (see LTP). There are six strands that progress throughout the years.

	Strand	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
			KS1		LKS2		UKS2	
Learning about Religion and Belief	Strand a) beliefs, teachings and sources	I can remember something that happens in a faith story.	I can remember a faith story and know who it is special to.	I can tell a faith story and say why it might be important to a believer.	I can describe what a believer might learn from a religious story or text.	I can describe what believers might learn from a religious story about God or living.	I can make links that show how the beliefs of religious groups come from particular teachings and sources.	I can explain some key beliefs / teachings of a religious group, linking these to texts and saying what they tell believers about God or how to live their lives.
	Strand b) practices and ways of life	I can recognise something a person is doing because of their religion (e.g. praying)	I can use the right words to talk about something a person does in their religion.	I can talk about some things that religious people do together as part of their worship in a religious building	I can describe some similar things religious people do as part of their faith/way of life.	I can describe some things religious people do as part of their faith that are the same or different.	I can use the right religious words to describe practices and experiences involved in belonging to different religious groups.	I can use a wide religious vocabulary to compare the practices and ways of life in different faiths or denominations.
	Strand c) forms of expression	I can recognise an object, picture, or word that is important to a religious person.	I can suggest why a particular artefact, text or picture is important to a religious person.	I can say what some religious symbols stand for and what some art, words or music are about for a believer.	I can use religious words correctly to describe some of the different ways people show their beliefs.	I can describe some of the ways different people show their beliefs using religious words, symbols or art.	I can show how believers have expressed their religious beliefs and feelings in different ways and suggest why.	I can express religious beliefs, ideas or feelings using a similar style and words used by believers and explain what I am trying to convey.
	Strand d) identity and belonging	I can talk about things that happen to me.	I can talk about things that happen in my family, class or religion.	I can ask respectfully about what happens in groups my friends or others belong to, including a faith group.	I can recognise some of the things which influence me e.g. family, friends, faith.	I can compare some of the things that influence me with those that influence other people, including religious believers.	I can ask questions about groups people choose to belong to, or identify with, and include reference to people who inspire others to belong.	I can ask questions about the diverse groups people may belong to in society, as a result of heritage, choices or beliefs, and the challenges a particular religious identity may have.

Learning from Religion and Belief	Strand e) meaning, purpose and truth	I can talk about something interesting in a story or in the world around me.	I can ask why a story is told, and what I learn from it, including a religious story.	I can talk about the meaning in a story, including a religious story, and about any question it raises.	I can ask good questions about life and communicate some of my ideas for answers.	I can ask important questions about life and compare ideas with those of other people, including people of faith.	I can ask questions about the meaning and purpose of life, and suggest an answer of my own as well as one a religious believer may give.	I can compare my own ideas about the meaning and purpose of life, or about what is true, with those of others, including those of a religious believer.
	Strand f) values and commitments	I can talk about what is important or special to me	I can talk about something which is important to me, and why.	I can talk about what is important to others, including religious believers, and ask respectfully about why.	I can link things that are important to me with the way I think and behave.	I can link things that I, and others value, with the way we choose to behave and think.	I can ask about moral decision I, and others, make as a result of particular values and commitments, including some religious beliefs.	I can discuss some of the benefits and problems of holding strong values and commitments, including those of a religious or non-religious nature.

Subject On A Page – History

Name of Subject Leader: Miss Jo Self

<p><u>Subject Intent:</u></p> <p>The aim of teaching and learning in History is to provide children with a chronological knowledge of local, national and global events which develop an understanding of social, religious and cultural change and continuity in a diverse range of people's lives. This contributes to a growing awareness of a pupil's own identity and an understanding of the challenges of the modern world. Lessons aim to inspire curiosity to know more about the past and how it shapes the world we live in.</p>	
<p><u>Planning:</u></p> <ul style="list-style-type: none"> • Long term planning (T Drive, copy in SL file and on website) • Medium term planning (Written by Class Teacher to ensure that all objectives on LTP are covered in each unit) • Examples of planning (long and short term) can be found on Twinkl, Hamilton Trust, Planbee. 	<p><u>Teaching:</u></p> <ul style="list-style-type: none"> • Timetabling – one unit covered each term for one afternoon per week. • To be planned by Class Teacher – delivery by HLTA is fine. • Non-negotiables – coverage of each curriculum area and 'big ideas'. • Expectations – see separate progression document • Resources- located in Class 4 resource cupboard. • Differentiation – ensure curriculum is accessible for SEN, extension tasks for HA, fewer steps for LA with the addition of further adult/peer support • Knowledge Organisers – Teachers to ensure that chn have a KO stuck in books at the beginning of each unit, which is referred to in each lesson, to secure subject knowledge.
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Chn to be given a range of stimuli and experiences to increase historical knowledge and understanding. • Teachers to plan, resource and assess activities. Giving chn the opportunity to enquire, discuss, present and share work with peers, review and improve. • Provide opportunities for chn to work individually, in pairs or small groups. • Topic books used for recording. • What does high quality learning look like – engaged, shows understanding, completes task to best of ability. • Chn will develop skills of historical enquiry and analysis by asking critical questions about a topic or evidence, they will analyse cause and consequence and evaluate the significance of individuals and key events. • Chn will experience practical fieldwork through visits. • Visits and visitors encourage links with local history. • Opportunities for enrichment – Enrichments days, share work with other year groups/parents etc. • Expectations for presentation and high-quality learning will follow the school policy. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Years 1 - 6 complete ASCA sheets at the end of each unit taught. • Weekly quizzes in KS2. • Pupil perceptions – conducted by SL and Governors • Lesson dips, learning walks by SL and HT. • Book scrutiny by SL each term • Whole school Marking and feedback policy followed.

Key Priorities 2020 – 2021:

15. Ensure progression across year groups in a class.
16. Providing opportunities for challenge for higher achievers to increase the number of children working above expected, while also supporting SEN and lower ability children to access the curriculum as well as demonstrate good progress.
17. Ensure objectives are covered and outcomes recorded appropriately.

Overview of teaching of learning of History

Intent

The aim of teaching and learning in History is to provide children with a chronological knowledge of local, national and global events which develop an understanding of social, religious and cultural change and continuity in a diverse range of people's lives. This contributes to a growing awareness of a pupil's own identity and an understanding of the challenges of the modern world. Lessons aim to inspire curiosity to know more about the past and how it shapes the world we live in.

The Big Ideas

Chronology

Continuity and Change

Significance

Implementation

- Pupils develop skills of historical enquiry and analysis by asking critical questions about a topic or evidence
- Pupils make inferences from evidence based on careful observation and building upon subject knowledge
- A range of stimuli and experiences will be used to increase knowledge and understanding e.g. real artefacts and visits
- Pupils evaluate the cause and consequence of events
- Pupils evaluate the significance of individuals and events and their impact
- Pupils judge the reliability of sources and why historical accounts may differ
- Pupils encouraged to compare and contrast between their own lives and that of the historical period being studied and the impact of that society on their own identity and Britain and the wider world
- A timeline displayed in each classroom which can be referenced regularly helps to embed the concept of chronology
- Subject specific vocabulary will be explicitly explored, revisited and extended in different contexts as pupils progress through the school
- Planning is based around a Long-Term scheme which maps topics covered each term over a two-year period
- History is used as a starting point for cross-curricular activities to broaden knowledge and understanding
- Current events and anniversaries are included as appropriate e.g. Remembrance Day
- Teaching and learning provides suitable opportunities for pupils by matching the challenge of the task to the ability of the child, through a range of strategies
- Delivery of lessons in a range of styles e.g. use of ICT, games and practical activities
- Opportunities for staff CPD are developed through lesson dips, book scrutiny and informal discussion
- Progress will be assessed with data collected using ASCA statements
- Governors will visit and conduct pupil perception interviews
- SL to conduct audit of staff CPD and resources
- In Early Years Foundation Stage, Geography is taught as part of Understanding the World. Pupils are encouraged to be curious to learn, to ask deep questions and wonder about the world around them and globally. This leads to a wide range of opportunities to talk about the features of their local environment and suggest how environments can differ from each other. Pupils make observations of animals and plants and explain why some things occur and talk about similarities and differences. Pupils can talk about past and present events in their own lives, comparing their family with other traditions, communities and cultures. The children's voice drives and shapes their understanding of the world, leading to greater depth and deeper understanding of knowledge

Impact

Learners will leave with the historical skills necessary to develop a deeper level of knowledge at secondary school. The school will foster a curiosity for understanding historical events and their impact. Learners will leave with an understanding of how to order significant events chronologically.

History Progression of skills

EYFS Outcomes - Understanding the World (People and Communities)

Children talk about past and present events in their own lives and in the lives of family members. They know about similarities and differences between themselves and others, and among families, communities and traditions.

EYFS Outcomes - Understanding the World (The World)

Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another.

Key Stage 1 National Curriculum History Expectations

Pupils should be taught about:

- changes within living memory. Where appropriate, these should be used to reveal aspects of change in national life;
- events beyond living memory that are significant nationally or globally [for example the Great Fire of London, the first aeroplane flight or events commemorated through festivals or anniversaries]
- the lives of significant individuals in the past who have contributed to national and international achievements. Some should be used to compare aspects of life in different periods [for example Elizabeth I and Queen Victoria, Christopher Columbus and Neil Armstrong, William Caxton and Tim Berners-Lee, Pieter Bruegel the Elder and LS Lowry, Rosa Parks and Emily Davison, Mary Seacole and/or Florence Nightingale and Edith Cavell]
- significant historical events, people and places in their own locality.

Key Stage 2 National Curriculum History Expectations

Pupils should be taught about:

- changes in Britain from the Stone Age to the Iron Age; LKS2
- the Roman Empire and its impact on Britain; LKS2
- Britain's settlement by Anglo-Saxons and Scots; UKS2
- the Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the Confessor UKS2
- a local history study; LKS2
- a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066; UKS2
- the achievements of the earliest civilizations - an overview of where and when the first civilizations appeared and a depth study of one of the following: Ancient Sumer; The Indus Valley; Ancient Egypt; The Shang Dynasty of Ancient China;
- Ancient Greece - a study of Greek life and achievements and their influence on the western world; UKS2
- a non-European society that provides contrasts with British history - one study chosen from: early Islamic civilization, including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300.

Historical Interpretations	<p>KS1 History National Curriculum Children should understand some of the ways in which we find out about the past and identify different ways in which it is represented.</p> <p>Children can:</p> <ul style="list-style-type: none"> • start to compare two versions of a past event; • observe and use pictures, photographs and artefacts to find out about the past; • start to use stories or accounts to distinguish between fact and fiction; • explain that there are different types of evidence and sources that can be used to help represent the past. 	<p>LKS2 History National Curriculum Children should understand how our knowledge of the past is constructed from a range of sources.</p> <p>Children can:</p> <ul style="list-style-type: none"> • look at more than two versions of the same event or story in history and identify differences; • investigate different accounts of historical events and be able to explain some of the reasons why the accounts may be different. 	<p>UKS2 History National Curriculum Children should understand how our knowledge of the past is constructed from a range of sources.</p> <p>Children can:</p> <ul style="list-style-type: none"> • find and analyse a wide range of evidence about the past; • use a range of evidence to offer some clear reasons for different interpretations of events, linking this to factual understanding about the past; • consider different ways of checking the accuracy of interpretations of the past; • start to understand the difference between primary and secondary evidence and the impact of this on reliability; • show an awareness of the concept of propaganda; • know that people in the past represent events or ideas in a way that may be to persuade others; • begin to evaluate the usefulness of different sources.
Historical Investigations	<p>KS1 History National Curriculum Children should ask and answer questions, using other sources to show that they know and understand key features of events.</p> <p>Children can:</p> <ul style="list-style-type: none"> • observe or handle evidence to ask simple questions about the past; • observe or handle evidence to find answers to simple questions about the past on the basis of simple observations; • choose and select evidence and say how it can be used to find out about the past. 	<p>LKS2 History National Curriculum Pupils should regularly address and sometimes devise historically valid questions about change, cause, similarity and difference, and significance.</p> <p>Children should construct informed responses that involve thoughtful selection and organisation of relevant historical information.</p> <p>Children can:</p> <ul style="list-style-type: none"> • use a range of sources to find out about the past; • construct informed responses about one aspect of life or a key event in the past through careful selection and organisation of relevant historical information; • gather more detail from sources such as maps to build up a clearer picture of the past; • regularly address and sometimes devise own questions to find answers about the past; • begin to undertake their own research. 	<p>UKS2 History National Curriculum Pupils should regularly address and sometimes devise historically valid questions about change, cause, similarity and difference, and significance.</p> <p>Children should construct informed responses that involve thoughtful selection and organisation of relevant historical information.</p> <p>Children can:</p> <ul style="list-style-type: none"> • recognise when they are using primary and secondary sources of information to investigate the past; • use a wide range of different evidence to collect evidence about the past, such as ceramics, pictures, documents, printed sources, posters, online material, pictures, photographs, artefacts, historic statues, figures, sculptures, historic sites; • select relevant sections of information to address historically valid questions and construct detailed, informed responses; • investigate their own lines of enquiry by posing historically valid questions to answer.

Chronological Understanding	<p>KS1 History National Curriculum Pupils should develop an awareness of the past, using common words and phrases relating to the passing of time. They should know where the people and events they study fit within a chronological framework.</p> <p>Children can:</p> <ul style="list-style-type: none"> • sequence artefacts and events that are close together in time; • order dates from earliest to latest on simple timelines; • sequence pictures from different periods; • describe memories and changes that have happened in their own lives; • use words and phrases such as: old, new, earliest, latest, past, present, future, century, new, newest, old, oldest, modern, before, after to show the passing of time. 	<p>LKS2 History National Curriculum Pupils should continue to develop a chronologically secure knowledge and understanding of British, local and world history, establishing clear narratives within and across the periods they study.</p> <p>Children can:</p> <ul style="list-style-type: none"> • sequence several events, artefacts or historical figures on a timeline using dates, including those that are sometimes further apart, and terms related to the unit being studied and passing of time; • understand that a timeline can be divided into BC (Before Christ) and AD (Anno Domini). 	<p>UKS2 History National Curriculum Pupils should continue to develop a chronologically secure knowledge and understanding of British, local and world history, establishing clear narratives within and across the periods they study.</p> <p>Children can:</p> <ul style="list-style-type: none"> • order an increasing number of significant events, movements and dates on a timeline using dates accurately; • accurately use dates and terms to describe historical events; • understand and describe in some detail the main changes to an aspect in a period in history; • understand how some historical events/periods occurred concurrently in different locations, e.g. Indus Valley and Ancient Egypt.
Knowledge and Understanding of Events, People and Changes in the Past	<p>KS1 History National Curriculum Pupils should identify similarities and differences between ways of life in different periods.</p> <p>Children should choose and use parts of stories and other sources to show that they know and understand key features of events.</p> <p>Children can:</p> <ul style="list-style-type: none"> • recognise some similarities and differences between the past and the present; • identify similarities and differences between ways of life in different periods; • know and recount episodes from stories and significant events in history; • understand that there are reasons why people in the past acted as they did; • describe significant individuals from the past. 	<p>LKS2 History National Curriculum Children should note connections, contrasts and trends over time.</p> <p>Children can:</p> <ul style="list-style-type: none"> • note key changes over a period of time and be able to give reasons for those changes; • find out about the everyday lives of people in time studied compared with our life today; • explain how people and events in the past have influenced life today; • identify key features, aspects and events of the time studied; • describe connections and contrasts between aspects of history, people, events and artefacts studied. 	<p>UKS2 History National Curriculum Pupils should note connections, contrasts and trends over time.</p> <p>Children can:</p> <ul style="list-style-type: none"> • identify and note connections, contrasts and trends over time in the everyday lives of people; • use appropriate historical terms such as culture, religious, social, economic and political when describing the past; • examine causes and results of great events and the impact these had on people; • describe the key features of the past, including attitudes, beliefs and the everyday lives of men, women and children.

Presenting, Organising and Communicating	<p>KS1 History National Curriculum Pupils should use a wide vocabulary of everyday historical terms.</p> <p>Children can:</p> <ul style="list-style-type: none"> • show an understanding of historical terms, such as monarch, parliament, government, war, remembrance; • talk, write and draw about things from the past; • use historical vocabulary to retell simple stories about the past; • use drama/role play to communicate their knowledge about the past. 	<p>LKS2 History National Curriculum Pupils should develop the appropriate use of historical terms.</p> <p>Children can:</p> <ul style="list-style-type: none"> • use and understand appropriate historical vocabulary to communicate information such as ruled, reigned, empire, invasion, conquer, kingdoms; • present, communicate and organise ideas about the past using models, drama role play and different genres of writing including letters, recounts, poems, adverts, diaries, posters and guides; • start to present ideas based on their own research about a studied period. 	<p>UKS2 History National Curriculum Pupils should develop the appropriate use of historical terms.</p> <p>Children can:</p> <ul style="list-style-type: none"> • know and show a good understanding of historical vocabulary including abstract terms such as democracy, civilisation, social, political, economic, cultural, religious; • present, communicate and organise ideas about from the past using detailed discussions and debates and different genres of writing such as myths, instructions, accounts, diaries, letters, information/travel guides, posters, news reports; • plan and present a self-directed project or research about the studied period.

18. Ensure progression across year groups in a class.
19. Providing opportunities for challenge for higher achievers to increase the number of children working above expected, while also supporting SEN and lower ability children to access the curriculum as well as demonstrate good progress.
20. Ensure objectives are covered and outcomes recorded appropriately.

Overview of teaching of learning of Geography

Intent

The aim of teaching and learning in Geography is to inspire a curiosity to learn about the diversity of people, places and environments around the world. Pupils will develop a knowledge of human and physical processes, the formation and uses of landscapes and environments and how they are linked and change over time.

The Big Ideas

Location knowledge

Map skills

Diversity

Implementation

- Pupils will develop location knowledge and map skills as they progress through the school by accessing atlases and OS maps for study
- They will experience practical fieldwork in EYFS and UKS2 through visits which allow collection of real data
- Visits and visitors encourage links with local geography e.g. visit to the School Farm and Country Fair, a visit from a farmer with their tractor, a visit from a farmer discussing local produce. The whole school also contributes to competitions run by the Hadleigh Show and Recycling Suffolk which exhibit the pupils' work
- Pupils develop their understanding of their role in a global society e.g. 'First News' articles accessed by UKS2
- Subject specific vocabulary will be explicitly explored, revisited and extended in different contexts as pupils progress through the school
- In Early Years Foundation Stage, Geography is taught as part of Understanding the World. Pupils are encouraged to be curious to learn, to ask deep questions and wonder about the world around them and globally. This leads to a wide range of opportunities to talk about the features of their local environment and suggest how environments can differ from each other. Pupils make observations of animals and plants and explain why some things occur and talk about similarities and differences. Pupils can talk about past and present events in their own lives, comparing their family with other traditions, communities and cultures. The children's voice drives and shapes their understanding of the world, leading to greater depth and deeper understanding of knowledge.
- Planning is based around a Long-Term scheme which maps topics covered each term over a two-year period
- Teaching and learning provides suitable opportunities for pupils by matching the challenge of the task to the ability of the child, through a range of strategies
- Lessons are delivered in a range of styles e.g. use of ICT, games and practical activities
- Geography is used as a starting point for cross-curricular activities to broaden knowledge and understanding, including homework activities such as a project about the Water Cycle in LKS2
- Current events and anniversaries are included as appropriate e.g. Harvest
- RE Links: Global advocacy is encouraged through charitable works led by the pupils and whole school e.g. raising funds for Dementia UK, Christian Aid and Children in Need
- Progress will be assessed using ASCA statement sheets
- Subject Leaders will conduct lesson dips, learning walks and book scrutinies
- Subject Leaders will conduct audit of staff CPD and resources
- Governors will visit and conduct pupil perception interviews

Impact

By the time children leave Hintlesham and Chattisham Primary, they will have an understanding of their place in the world. They will be able to identify key local, national and global locations and features on a map. They will have the skills they need to develop the subject in more detail in secondary school and be keen to find out more about the world around them. Students will have an understanding of the diversity of human and physical geography around the world.

Geography Progression of Skills

EYFS Outcomes - Understanding the World (People and Communities)

Children know about similarities and differences between themselves and others, and among families, communities and traditions.

EYFS Outcomes - Understanding the World (The World)

Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another.

Key Stage 1 National Curriculum Expectations

Locational Knowledge

Pupils should be taught to:

- name and locate the world's seven continents and five oceans;
- name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas.

Place Knowledge

Pupils should be taught to:

- understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country.

Human and Physical Geography

Pupils should be taught to:

- identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles;
- use basic geographical vocabulary to refer to:
 - key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather;
 - key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop.

Geographical Skills and Fieldwork

Pupils should be taught to:

- use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage;
- use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map;
- use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key;
- use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.

Key Stage 2 National Curriculum Expectations

Locational Knowledge

Pupils should be taught to:

- locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities;
- name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time;
- identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night).

Place Knowledge

Pupils should be taught to:

- understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America.

Human and Physical Geography

Pupils should be taught to:

- describe and understand key aspects of:
 - physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle;
 - human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

Geographical Skills and Fieldwork

Pupils should be taught to:

- use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied;
- use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world;
- use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

	KS1	LKS2	UKS2
Locational Knowledge	<p>Building on EYFS knowledge of their own environment, children start to learn the names of key places in the UK beyond their immediate environment. Children also learn the names of the world's oceans and continents.</p> <p>KS1 Geography National Curriculum Pupils develop contextual knowledge of the location of globally significant places. They should develop knowledge about the world, the United Kingdom and their locality.</p> <p>Children can:</p> <ul style="list-style-type: none"> name and locate the world's seven continents and five oceans; name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas; use key vocabulary to demonstrate knowledge and understanding in this strand: United Kingdom, England, Scotland, Wales, Northern Ireland, town, city, village, sea, beach, hill, mountain, London, Belfast, Cardiff, Edinburgh, capital city, world map, continent, ocean, Europe, Africa, Asia, Australasia, North America, South America, Antarctica. 	<p>Building on KS1 knowledge of the UK, children begin to explore more of the world, understand how the world has zones and the significance of those zones. Locating places and features accurately on maps also becomes a focus.</p> <p>KS2 Geography National Curriculum Pupils should extend their knowledge and understanding beyond the local area to include the United Kingdom and Europe, North and South America.</p> <p>Children can develop contextual knowledge of the location of globally significant places - both terrestrial and marine.</p> <p>Children develop their understanding, recognising and identifying key physical and human geographical features.</p> <p>Children can:</p> <ul style="list-style-type: none"> locate the world's countries, using maps to focus on South America, concentrating on environmental regions and key physical and human characteristics; name and locate counties and cities of the United Kingdom, identifying human and physical characteristics including hills, mountains, rivers and seas, and how a place has changed; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones; use key vocabulary to demonstrate knowledge and understanding in this strand: county, country, town, coast, physical features, human features, mountain, hill, river, sea, climate, tropics, tropical, of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle. 	<p>Children begin to explore Eastern Europe and South America using maps to find these locations. Children use their knowledge of longitude, latitude, coordinates and indexes to locate places. Compared to Lower KS2, children focus more on finding locations outside of the UK.</p> <p>KS2 Geography National Curriculum Pupils should extend their knowledge and understanding beyond the local area to include the United Kingdom and Europe, North and South America. They will begin to explore the concept of tourism and its impact. Children can develop contextual knowledge of the location of globally significant places - both terrestrial and marine.</p> <p>Children develop their understanding of recognising and identifying key physical and human geographical features of the world; how these are interdependent and how they bring about spatial variation and change over time.</p> <p>Children can:</p> <ul style="list-style-type: none"> use maps to locate the world's countries with a focus on Eastern Europe and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; name and locate counties and cities of the United Kingdom, identifying their physical features, including mountains, and rivers, and land-use patterns; showing change over time; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere and use longitude and latitude to find locations on a map; use key vocabulary to demonstrate knowledge and understanding in this strand: atlas, index, coordinates, latitude, longitude, contour, altitude, peaks, slopes, continent, country, city, North America, South America, border, key.

Children begin to compare places in the UK with a place outside of the UK. This builds on EYFS knowledge and understanding of the world, people and communities. Children can apply the skills of observing similarities and differences to places as well as people.

KS1 Geography National Curriculum

Pupils develop contextual knowledge of the location of globally significant places. They should develop knowledge about the world, the United Kingdom and their locality.

Children begin to understand basic vocabulary relating to human and physical geography.

Children can:

- compare the UK with a contrasting country in the world;
- compare a local city/town in the UK with a contrasting city/town in a different country;
- use key vocabulary to demonstrate knowledge and understanding in this strand: South America, London, Brasilia, compare, capital city, China, Asia, country, population, weather, similarities, differences, farming, culture, Africa, Kenya, Nairobi, river, desert, volcano.

Children develop vocabulary relating to physical and human geographical features from KS1. They begin to develop the skills of comparing regions, by focusing on specific features. Children focus on comparing regions of the UK in depth and start to look at an area outside of the UK.

KS2 Geography National Curriculum

Children can understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country and a region within North or South America.

Children can:

- understand geographical similarities and differences through the study of human geography of a region of the United Kingdom;
- explore similarities and differences, comparing the human geography of a region of the UK and a region of South America;
- understand geographical similarities and differences through the study of physical geography of a region of the United Kingdom;
- explore similarities and differences comparing the physical geography of a region of the UK and a region of South America;
- use key vocabulary to demonstrate knowledge and understanding in this strand: Amazon rainforest, Sherwood Forest, Sheffield, city, Yorkshire, physical features, human features, landscape, feature, population, land use, retail, leisure, housing, business, industrial, agricultural.

Children develop their analytical skills by comparing areas of the UK with areas outside of the UK. They will have a deeper knowledge of diverse places, people, resources, natural, and human environments. They can make links to places outside of the UK and where they live. Children are encouraged to conduct independent research, asking and answering questions.

KS2 Geography National Curriculum

Children can understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America.

Children can:

- understand geographical similarities and differences through the study of human geography of a region of the United Kingdom, a region of Eastern Europe and South America;
- understand geographical similarities and differences through the study of physical geography of a region of the United Kingdom, a region of Eastern Europe and South America;
- use key vocabulary to demonstrate knowledge and understanding in this strand: latitude, Arctic Circle, physical features, climate, human geography, land use, settlement, economy, natural resources.

Building on EYFS knowledge of how environments may vary. Children begin to learn about the physical and human features of geography.

KS1 Geography National Curriculum

Children will understand key physical and human geographical features of the world. They identify seasonal and daily weather patterns.

Children can:

- identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles;
- use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather;
- use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop.

Children have a stronger understanding of the difference between physical and human geography. They use more precise vocabulary, explaining the processes of physical and human geography and their significance.

They learn more about extreme weather, the processes involved in the causes and effects of extreme weather, as well as beginning to understand the impact of humans on the earth.

KS2 Geography National Curriculum

Children locate a range of the world's most significant human and physical features. Explain how physical features have formed, why they are significant and how they can change.

Explain the impact of humans on the earth in terms of land use, settlements and their direct connection to physical changes.

Children can:

describe and understand key aspects of:

- physical geography, including: climate zones, biomes, volcanoes, tornadoes, tsunamis, earthquakes and the water cycle;
- human geography, including: types of settlement and land use;
- use key vocabulary to demonstrate knowledge and understanding in this strand: mantle, outer core, inner core, magma, volcano, active, dormant, extinct, earthquake, epicentre, shock wave, magnitude, tsunami, tornado, climate, tropics, deforestation, evaporation, water cycle, evaporation, condensation, precipitation, cooling, filter, pollution, settlement, settler, site, need, shelter, food.

Children deepen their understanding of the difference between physical and human geography. They can explain the terminology of both aspects of geography with a range of examples. They spend time exploring human geography and the impact humans have on the world. They focus on trade links, resources and the distribution of resources around the world. Children also learn about the different types of mountains.

KS2 Geography National Curriculum

Children will locate a range of the world's most significant human and physical features. Explain how physical features have formed, why they are significant and how they can change. Children can understand how these are interdependent and how they bring about spatial variation and change over time. Children will deepen their understanding of the interaction between physical and human processes, and of the formation and use of landscapes and environments.

Children can:

describe and understand key aspects of:

- physical geography, including: climate zones, biomes and vegetation belts, mountains and the water cycle;
- human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water;
- use key vocabulary to demonstrate knowledge and understanding in this strand: environmental disaster, settlement, resources, services, goods, electricity, supply, generation, renewable, non-renewable, solar power, wind power, biomass, origin, import, export, trade, efficiency, conservation, carbon footprint, peak, plateau, fold mountain, fault-block mountain, dome mountain, volcanic mountain, plateau mountain, tourism, positive, negative, economic, social, environmental.

Building on EYFS knowledge of their own environment, children begin to use maps to locate places and name features using keys and symbols. Children also begin to look at how the environment has changed over time.

KS1 Geography National Curriculum

Children can interpret geographical information from a range of sources. They can communicate geographical information in a variety of ways.

Children can:

- use world maps, atlases and globes to identify the countries, continents and oceans studied at this key stage;
- use simple compass directions and locational and directional to describe the location of features and routes on a map;
- devise a simple map; and use and construct basic symbols in a key;
- use simple fieldwork and observational skills to study the geography of the surrounding area, including key human and physical features, using a range of methods;
- use key vocabulary to demonstrate knowledge and understanding in this strand: compass, 4-point, direction, North, East, South, West, plan, record, observe, aerial view, key, map, symbols, direction, position, route, journey, the UK, changes, tally chart, pictogram, world map, country, continent, human, physical.

Children begin to develop their map skills. They will be able to identify features on a map through the use of symbols and keys. Children begin to use fieldwork skills to monitor and explain patterns in human and physical features.

KS2 Geography National Curriculum

Children collect, analyse and communicate a range of data gathered through fieldwork that deepens their understanding of geographical processes. They interpret a range of sources of geographical information including maps, diagrams, globes, aerial photographs and Geographical Information Systems (GIS).

Children can:

- use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied;
- use symbols and keys (including the use of Ordnance Survey maps), to build their knowledge of the United Kingdom and the wider world;
- use fieldwork to observe and present the human and physical features in the local area using sketch maps, plans and digital technologies;
- use key vocabulary to demonstrate knowledge and understanding in this strand: sketch map, map, aerial view, feature, annotation, landmark, distance, key, symbol, land use, urban, rural, population, coordinates.

Children build on their map skills by communicating locations through grid references and coordinates. They also explain what makes a good map symbol and why. Children focus on observing and recording the changes of human features over time, for example trade patterns.

KS2 Geography National Curriculum

Children will become confident in collecting, analysing, and communicating a range of data. Children can explain how the Earth's features at different scales are shaped, interconnected and change over time.

Children can:

- use maps, atlases, globes and digital/computer mapping to locate countries and describe features;
- use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world;
- use fieldwork to observe, measure, record and present human features using a range of methods, including sketch maps, plans and graphs, and digital technologies;
- use key vocabulary to demonstrate knowledge and understanding in this strand: atlas, index, coordinates, latitude, longitude, key, symbol, Ordnance Survey, Silva compass, legend, borders, fieldwork, measure, observe, record, map, sketch, graph.

PE Subject On A Page

Name of Subject Leader: Nick Kricka

<p><u>Subject Intent:</u></p> <p>Our Physical Education is designed to deliver a high-quality curriculum that inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. The opportunities we offer to take part in competitive sport and other activities build character and help to embed values such as fairness and respect. They also allow for pupils to become physically confident in a way that supports their health and fitness.</p> <p><u>The Big Ideas:</u></p> <p>Active – Children lead healthy, active lives. Performance – Children develop competence to engage in competitive sports and activities. Challenge – Children are physically active for sustained periods of time and evaluate their performance in order to improve.</p>	
<p><u>Planning:</u></p> <ul style="list-style-type: none"> • The P.E. LTP is a 2 year rolling program and is available in the curriculum area of the school website. • In EYFS and KS1 P.E. is planned by the class teacher and requires medium term planning for each specific area (this can be supported by schemes available in school). • In KS2 P.E. is delivered by a specialist teacher and HLTA. 	<p><u>Teaching:</u></p> <ul style="list-style-type: none"> • P.E. is taught for 2 hours per week. • A Specialist sports coach from A & M Sports delivers one hour of the P.E. in KS2. • Lessons must refer to the Big Ideas. • A qualified teacher is required to teach gymnastics and support staff may deliver lessons dependent on competence and qualifications. • The lessons follow the structure of; warm up activity, skill practice and acquisition, skill development and application, warm down and reflection. • Learning objectives should be shared orally or written. • Positive praise is given to recognise achievement and encourage participation. • Resources are stored in the P.E. shed near the welly rack. Wall bars are available for use in the hall along with mats and other gymnastics equipment. • Activities are differentiated using the skills progression framework in addition to access and ability using S.T.E.P. (see diagram).
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • The children must have a clean P.E. kit in school at all times (sent home to wash each half term). • Photographs and video evidence can be used to document, record and assess learning and must be saved in PE folder on the server. • The school participates in interschool competitions organised by the School Games Coordinator. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Assessment is recorded half termly using the ASCA sheets. • Marking and feedback is given in lesson by staff and peers. • Formative assessment is given through constructive and positive praise. • Children who are below and above ARE are recorded on the ASCA sheet half termly.

Key Priorities 2020 – 2021:

21. Ensure progression across year groups in a class.
22. Providing opportunities for challenge for higher achievers to increase the number of children working above expected.
23. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress.
- 24.

Overview of Teaching and Learning of PE

Intent

Our Physical Education is designed to deliver a high-quality curriculum that inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. The opportunities we offer to take part in competitive sport and other activities build character and help to embed values such as fairness and respect. They also allow for pupils to become physically confident in a way that supports their health and fitness.

The Big Ideas

Active – Children lead healthy, active lives.

Performance – Children develop competence to engage in competitive sports and activities.

Challenge – Children are physically active for sustained periods of time and evaluate their performance in order to improve.

Implementation

- Long term plans on a two-year rolling programme that cover a wide range of sporting activities
- Sports specialists used to teach sports and allow for staff development whenever possible.
- Engagement in a wide variety of local sporting tournaments e.g. trampolining, table tennis, cross country, rugby and cricket
- Assessment using the ASCA criteria
- Playleaders to encourage active breaktimes
- Additional support staff at lunchtime to engage playleaders
- Daily mile
- Annual sports Day
- After school specialist taught sports clubs – free whenever possible

Impact

By the end of their schooling at Hintlesham and Chattisham C of E Primary School, pupils will have been given the opportunity to apply their acquired skills in a range of competitive situations against themselves, peer-to-peer as well as school to school. They will have taken part in a range of activities, both familiar and those that are new to them, and been offered a variety of extracurricular, physically demanding activities. Through these children will have developed confidence in their own abilities, an understanding of fairness as well as teamwork and respect. We aim to foster a love of physical activity in any of its forms.

We measure the impact of our curriculum through the following methods:

- Participating in the School Games Marks award
- Taking part in local tournaments and events
- Children's engagement in extra-curricular activities
- Pupil and parent perception surveys
- Assessment using the ASCA criteria following the National Curriculum statements
- Children in our school being able to explain to another how they try to keep healthy through exercise and diet. When asked, a child can give an example of how someone could stay healthy.
- Meeting and exceeding the 25m swimming and water safety standards

Invasion Games

Demonstrate good control and co-ordination in large and small movement.

Move freely using suitable spaces and speed.

Move a ball in different ways, including bouncing and kicking.

Use equipment to control a ball.

Follow simple rules.

Can travel in a variety of ways including running and jumping.

Beginning to perform a range of throws.

Receives a ball with basic control

Beginning to develop hand-eye coordination

Participates in simple games

Confident to send the ball to others in a range of ways.

Beginning to apply and combine a variety of skills (to a game situation)

Develop strong spatial awareness.

Beginning to develop own games with peers.

Understand the importance of rules in games.

Develop simple tactics and use them appropriately.

Beginning to develop an understanding of attacking/ defending

Understands tactics and composition by starting to vary how they respond.

Vary skills, actions and ideas and link these in ways that suit the activity of the game.

Beginning to communicate with others during game situations.

Uses skills with co-ordination and control.

Develops own rules for new games.

Makes imaginative pathways using the equipment.

Works well in a group to develop various games.

Beginning to understand how to compete with each other in a controlled manner.

Beginning to select resources independently to carry out different skills.

Vary skills, actions and ideas and link these in ways that suit the activity of the game.

Shows confidence in using ball skills in various ways and can link these together.

e.g. dribbling, bouncing, kicking

Uses skills with coordination, control and fluency.

Takes part in competitive games with a strong understanding of tactics and composition.

Can create their own games using knowledge and skills.

Works well in a group to develop various games.

Compares and comments on skills to support the creation of new games.

Can make suggestions as to what resources can be used to differentiate a game.

Apply basic skills for attacking and

Vary skills, actions and ideas and link these in ways that suit the activity of the game.

Shows confidence in using ball skills in various ways and can link these together.

Uses skills with coordination, control and fluency.

Takes part in competitive games with a strong understanding of tactics and composition.

Can create their own games using knowledge and skills.

Can make suggestions as to what resources can be used to differentiate a game.

Apply basic skills for attacking and defending.

Uses running, jumping, throwing and catching in isolation and combination.

Vary skills, actions and ideas and link these in ways that suit the activity of the game.

Shows confidence in using ball skills in various ways and can link these together effectively.

e.g. dribbling, bouncing, kicking

Keeps possession of balls during games situations.

Consistently uses skills with coordination, control and fluency.

Takes part in competitive games with a strong understanding of tactics and composition.

Can create their own games using knowledge and skills.

Modifies competitive games.

Compares and comments on skills to support the creation of new games.

Can make suggestions as to what resources can be used to

					defending. Uses running, jumping, throwing and catching in isolation and combination.		differentiate a game. Apply knowledge of skills for attacking and defending. Uses running, jumping, throwing and catching in isolation and in combination.

Gymnastics

<p>Know equipment needs to be used safely.</p> <p>Demonstrate good control and co-ordination in large and small movement.</p> <p>Move freely using suitable spaces and speed.</p> <p>Travel in different ways.</p> <p>Stretch in different ways.</p> <p>Jump in a range of ways.</p>	<p>Copies and explores basic movements with some control and coordination.</p> <p>Can perform different body shapes</p> <p>Performs at different levels Can perform 2 footed jumps</p> <p>Can use equipment safely Balances with some control</p> <p>Can link 2-3 simple movements</p>	<p>Explores and creates different pathways and patterns.</p> <p>Uses equipment in a variety of ways to create a sequence</p> <p>Link movements together to create a sequence</p>	<p>Applies compositional ideas independently and with others to create a sequence.</p> <p>Copies, explores and remembers a variety of movements and uses these to create their own sequence.</p> <p>Describes their own work using simple gym vocabulary.</p> <p>Beginning to notice similarities and differences between sequences.</p> <p>Uses turns whilst travelling in a variety of ways.</p> <p>Beginning to show flexibility in movements</p> <p>Beginning to develop good technique when travelling, balancing, using equipment etc</p>	<p>Links skills with control, technique, coordination and fluency.</p> <p>Understands composition by performing more complex sequences.</p> <p>Beginning to use gym vocabulary to describe how to improve and refine performances.</p> <p>Develops strength, technique and flexibility throughout performances.</p> <p>Creates sequences using various body shapes and equipment.</p> <p>Combines equipment with movement to create sequences.</p>	<p>Describe how to improve and refine performances.</p> <p>Develops strength, technique and flexibility throughout performances.</p> <p>Links skills with control, technique, coordination and fluency.</p> <p>Understands composition by performing more complex sequences. Select and combine their skills, techniques and ideas.</p> <p>Apply combined skills accurately and appropriately, consistently showing precision, control and fluency.</p> <p>Draw on what they know about strategy, tactics and composition when performing and evaluating.</p> <p>Analyse and comment on skills and techniques and how these are applied in their own and other 's work.</p> <p>Uses more complex gym vocabulary to describe how to improve and refine performances.</p>	<p>Plan and perform with precision, control and fluency, a movement sequence showing a wide range of actions including variations in speed, levels and directions.</p> <p>Performs difficult actions, with an emphasis on extension, clear body shape and changes in direction.</p> <p>Performs difficult actions, with an emphasis on extension, clear body shape and changes in direction.</p> <p>Adapts sequences to include a partner or a small group.</p> <p>Gradually increases the length of sequence work with a partner to make up a short sequence using the floor, mats and apparatus, showing consistency, fluency and clarity of movement.</p> <p>Draw on what they know about strategy, tactics and composition when performing and evaluating.</p> <p>Analyse and comment on skills and techniques and how these are applied in their own</p>
--	--	--	---	--	---	---

						<p>Develops strength, technique and flexibility throughout performances.</p> <p>Links skills with control, technique, coordination and fluency.</p> <p>Understands composition by performing more complex sequences.</p>	<p>and others' work.</p> <p>Uses more complex gym vocabulary to describe how to improve and refine performances.</p> <p>Develops strength, technique and flexibility throughout performances.</p>
--	--	--	--	--	--	--	---

Athletics

Jump in a range of ways, landing safely.

Run in different ways for a variety of purposes.

Know equipment needs to be used safely.

Can run at different speeds.

Can jump from a standing position

Performs a variety of throws with basic control.

Can change speed and direction whilst running.

Can jump from a standing position with accuracy.

Performs a variety of throws with control and coordination.

preparation for shot put and javelin

Can use equipment safely

Beginning to run at speeds appropriate for the distance.

e.g. sprinting and cross country

Can perform a running jump with some accuracy

Performs a variety of throws using a selection of equipment.

Can use equipment safely and with good control.

Beginning to build a variety of running techniques and use with confidence.

Can perform a running jump with more than one component.

e.g. hop skip jump (triple jump)

Demonstrates accuracy in throwing and catching activities.

Describes good athletic performance using correct vocabulary.

Can use equipment safely and with good control.

Beginning to build a variety of running techniques and use with confidence.

Can perform a running jump with more than one component.

e.g. hop skip jump (triple jump)

Beginning to record peers' performances and evaluate these.

Demonstrates accuracy and confidence in throwing and catching activities.

Describes good athletic performance using correct vocabulary.

Can use equipment safely and with good control.

Beginning to build a variety of running techniques and use with confidence.

Can perform a running jump with more than one component.

e.g. hop skip jump (triple jump)

Beginning to record peers' performances and evaluate these.

Demonstrates accuracy and confidence in throwing and catching activities.

Describes good athletic performance using correct vocabulary.

Can use equipment safely and with good control.

Swimming						<p>Swims competently, confidently and proficiently over a distance of at least 25 metres</p> <p>Uses a range of strokes effectively e.g. front crawl, backstroke and breaststroke.</p> <p>Performs safe self-rescue in different water-based situations.</p>
OAA						<p>Develops strong listening skills.</p> <p>Uses and interprets simple maps.</p> <p>Think activities through and problem solve using general knowledge.</p> <p>Choose and apply strategies to solve problems with support.</p> <p>Discuss and work with others in a group.</p> <p>Demonstrates an understanding of how to stay safe.</p>
Analysis and evaluation	Talk about what they have done. Talk about what others have done.	Can comment on own and others performance Can give comments on how to improve performance.	Watches and describes performances accurately. Beginning to think about how they can improve their own work. Work with a partner or small group to improve their skills. Make suggestions on how to improve their work, commenting on similarities and differences.	Watches and describes performances accurately. Learn from others how they can improve their skills. Comment on tactics and techniques to help improve performances. Make suggestions on how to improve their work, commenting on similarities and differences.		
Healthy Lifestyles	Understand the importance for good health of physical exercise, healthy diet and talk about different ways to keep healthy and safe.	Can describe the effect exercise has on the body Can explain the importance of exercise and a healthy lifestyle.	Can describe the effect exercise has on the body Can explain the importance of exercise and a healthy lifestyle. Understands the need to warm up and cool down.	Can describe the effect exercise has on the body and mind. Can explain the importance of exercise and a healthy lifestyle. Understands the need to warm up and cool down.		

PSHE Subject On A Page

Name of Subject Leader: Vicki Greenwood

Subject Intent:

Our PSHE scheme of work aims to equip children with essential skills for life. It aims to develop the whole child through carefully planned and resourced lessons that develop the knowledge, skills and attributes children need to protect and enhance their wellbeing. Through these lessons, children will learn how to stay safe and healthy, build and maintain successful relationships and become active citizens, responsibly participating in society around them. The themes and topics support social, moral, spiritual and cultural development and provide children with protective teaching on essential safeguarding issues, developing the knowledge of when and how children can ask for help.

Our scheme of work covers all of the required objectives and follows the three core areas of Health and Wellbeing, Relationships and Living in the Wider World.

Planning:

- Long term planning – PSHE Association Thematic Model- On T Drive
- Medium term planning- On T Drive
- Short term planning – LCP, CWP (SRE folder), Twinkl, SEAL (EYFS)
- Planning follows a progression map to ensure coverage through the school and pupils reach attainment level by the end of year 6.

Teaching:

- Timetabling: 30-45 mins per week
- Can be taught by class teacher or HLTA. Yr 5/6 to be split for Relationships Sum2. TA take smaller groups.
- Non-negotiables –coverage of each area – the big ideas.
- Expectations- All children to reach attainment by end of year 6.
- Resources- CWP SRE resources.
- Teaching and learning styles include circle times, discussions/debates, role play, puppets, practical activities and written work. At beginning of unit, a list of ground rules may be discussed. Discussion boxes.

Learning & Recording:

- Expectations of children – explore and learn about a range of themes
- Best practice- well planned and resourced activities completed and assessed by self and teacher. Share ideas with peers. Encouraging children to take part in tasks that promote active citizenship- charity work, committees, school council. Discussion boxes. Some parts of PSHE taught as they arise, as well as being part of planned provision.
- Books/presentation- In topic books. As class displays.
- Practical element- role play, puppets, discussions.
- What does high quality learning look like – engaged, show understanding by contributing to discussions/debates and responding to others.
- Differentiation- mixed ages within classes. Mixed ability groups/ages for discussions. Provide opportunities for most able to take responsibility/leadership and think creatively.
- Opportunities for learning outside the classroom –crucial crew, residential trip yr6

Assessment:

- Which assessment? - Self/peer/teacher at the end of each unit.
- ASCA
- Observations – PSHE coordinator lesson dips and book looks/displays.

- | | |
|--|--|
| <ul style="list-style-type: none">• Opportunities for enrichment – Crucial Crew, Residential trip Y6, visitors e.g. community police officer | |
|--|--|

Key Priorities 2020 – 2021:

25. Ensure progression across year groups in a class.
26. Providing opportunities for challenge for higher achievers to increase the number of children working above expected.
27. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress.
28. Ensure PSHE curriculum within school matches the needs of the new 2020 curriculum.
29. Ensure LT and MT plans cover the skills progression for PSHE.

Overview of teaching and learning of PSHE and SRE

Intent

Our school's PSHE education programme will support our pupils to thrive in a time of rapid change, with new and unpredictable opportunities and challenges constantly emerging. Our PSHE curriculum enables children to become healthy, independent and responsible members of the school community and society. We intend that children will understand how they are developing personally and socially and give them understanding of the moral, social and cultural issues that are part of growing up. We believe it is not enough to simply teach pupils about the issues covered in the subject content. It is vital that pupils have the opportunity to explore their attitudes, values and beliefs about these issues and to develop the skills, language and strategies necessary to manage such issues should they encounter them. Our three key themes are Health and Wellbeing; Relationships; Living in the Wider World.

The Big Ideas

Healthy Lifestyles (physical and mental health).

The self-esteem and confidence to make safe decisions.

To be a caring citizen who contributes positively to school and their community.

Implementation

Our school's scheme of work considers the needs of our pupils, the aims and ethos of the school, the local community and our local environment in which the school is situated.

Our curriculum is divided into three key themes: Health and Wellbeing; Relationships; Living in the Wider World. It is not intended that all areas within these themes will be covered in each year group - we introduce learning opportunities in one year group and revisit and further develop them in other year groups, meaning that the specific learning builds for pupils as they move through the school, gradually expanding and deepening their knowledge, skills, and attributes.

We are a mindful school and our pupils are taught techniques to relax and cope with anxieties.

It must be ensured that learning in PSHE education is not delivered as a one-off experience and also that as many opportunities as possible are taken for learning to take place outside the classroom and to be given context through exposure to visitors, trips and discussion.

Examples of visitors who have enriched our PSHE curriculum: dental nurse, school nurse, police officers and PCSOs, One Life, Bikeability, Yellow Lorry Project, Crucial Crew.

ASCA sheets will be used to track curriculum breadth and the progress of pupils and the teaching and assessment of PSHE will be monitored by the Lead teacher for PSHE.

Impact

Children will demonstrate and apply the British Values of Democracy, Tolerance, Mutual Respect, Rule of Law and Individual Liberty.

- Children will demonstrate a healthy outlook towards school.
- Children will understand how to keep themselves safe at school, in the community and locality and wider world.
- Children will develop positive and healthy relationships with peers, both now and in the future.
- Children will understand the physical and emotional aspects involved in RSE at an age appropriate level.
- Children will have respect for themselves.
- Children will have positive body images

Yr	Autumn1	Autumn2	Spring1	Spring2	Summer1	Summer2
Ruby	New Beginnings	Making relationships Family and friendship	Going for Goals	Getting on and Falling out	Changes	Good to be Me!

Computing Subject On A Page

Name of Subject Leader: Lauren Beckett De Banks

Subject Intent:

Our computing curriculum is designed to equip pupils with skills to use computational thinking and creativity to understand and change the world. With deep links into other subjects and a core of computer science, our intent is that pupils can build on this knowledge and understanding and are equipped to use information technology to create programs, systems and a range of content. We also intend that children will become digitally literate, be able to express themselves and develop their ideas through information and communication technology.

As children progress through the school, they should develop an understanding of and be able to apply principles and concepts of computer science and become responsible, competent, confident and creative users of information and communication technology.

Planning:

- Long term plan – Knowsley Scheme
- Medium term plan – On T Drive
- Short term planning – Taken from Knowsley Scheme 2018
- Planning follows a progression map to ensure coverage through the school and pupils reach attainment level by the end of year 6.

Teaching:

- Timetabling 1-2 hours per week
- Can be taught by class teacher or HLTA with TA taking smaller groups.
- Non-negotiables – Coverage of each curriculum area – the big ideas.
- Expectations – All children to reach attainment by end of year 6. Learning will include using a variety of software and hardware.
- Resources – Class set of Ipads, Airserver on teacher laptops, IWB, green screen, Beebots, plus additional resources that may be required.
- Differentiation – Extension tasks for HA, Fewer steps for LA with the addition of further adult/peer support.
- Best practice – Good foundation of knowledge for further explanation and understanding of software before delivery. Learners will become more independent as they become more familiar with software and will have the ability to select their own software for a specific purpose.

Learning & Recording:

- Expectations of children – Complete a range of activities using specific software working towards independent use of IT
- Best practice – Plan, complete and assess activities. Save work to Seesaw for evidence. Present and share work with peers. Review and improve after input from peers/adults.
- Books – Seesaw online for saved work.

Assessment:

- Which assessment – Self/Peer/teacher at the end of each module
- ASCA
- Observations – SL lesson dips and review of Seesaw online and in scrap book also SL folder.
- Marking and feedback – Within the lesson at the time of working, feedback given. Also, within presentations.

<p>Recording of learning at the beginning and end of each topic. Some photographic/whole class evidence in scrap book.</p> <ul style="list-style-type: none"> • Presentation – Clear and understanding of aesthetics for presentation. • Practical element – Activities with software – photographed/screen shots saved. All practical activities with different resources and outcomes. • What does high quality learning look like – engaged, shows understanding, completes task to best of ability. • Differentiation – LA have fewer steps with further adult/peer support, HA have extension tasks • Opportunities for learning outside the classroom – Throughout school/outside • Opportunities for enrichment – Enrichments days, share work with other year groups/parents etc. • 	<p>Following marking policy.</p>
<p><u>Key Priorities 2020 – 2021:</u></p> <ol style="list-style-type: none"> 30. Ensure progression across year groups in a class. 31. Providing opportunities for challenge for higher achievers to increase the number of children working above expected. 32. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 33. Maintain and increase software available to ensure we keep in line with technology progression. 	

Overview of teaching and learning computing

Intent

Our computing curriculum is designed to equip pupils with skills to use computational thinking and creativity to understand and change the world. With deep links into other subjects and a core of computer science, our intent is that pupils can build on this knowledge and understanding and are equipped to use information technology to create programs, systems and a range of content. We also intend that children will become digitally literate, be able to express themselves and develop their ideas through information and communication technology.

As children progress through the school, they should develop an understanding of and be able to apply principles and concepts of computer science and become responsible, competent, confident and creative users of information and communication technology.

The Big Ideas

Digital Literacy – Children recognise common uses of technology are able to use technology safely and respectfully and can analyse the quality of digital content.

Information Technology – Children can use technology purposefully and creatively to produce a range of programs, systems and content that accomplishes specific goals.

Computer Science – Children understand what an algorithm is, can design, write and debug programs and use logical reasoning to explain how simple algorithms work.

Implementation

- Planning is based around a long-term scheme developed from the Knowsley Scheme of work
- Teaching and learning provides opportunities by matching the task to the ability of the child using a number of strategies
- A wide range of activities are used within lessons
- Technology is used both within and outside of the classroom
- A range of digital devices are used within lessons
- A variety of software is used to meet specific goals
- EYFS are introduced to computing vocabulary and this is built on as the children progress through the school
- Digital leaders are in place from year 2 upwards to assist with classroom tasks, support other children in lessons review new software and help with the maintenance and upkeep of devices
- Children are given opportunities to share their work with other classes
- Work is celebrated through displays in school and publication on the school website
- Parents and other outside agencies are invited to take part/contribute to lessons and content produced
- Deep cross curricular links are made through computing lessons and also by the use of technology in other subjects including English and Maths
- Year 6 are given the opportunity to practice skills within a weekly lunchtime club

Impact

By the time children leave Hintlesham and Chattisham C of E Primary School, at the end of Year 6, they will have had the opportunities to use technology for a variety of purposes as part of their work across the curriculum. They will be confident users of digital devices and be able to explain what they are doing with the correct vocabulary. Their work will show a range of skills and meet the goals expected for each year group. This will lead to knowledgeable, confident and capable digital learners.

EYFS LTP (2019)	AUTUMN 1	AUTUMN 2	SPRING 1	SPRING 2	SUMMER 1	SUMMER 2
UNIT OF WORK	My Online Life (EYFS)	Shape Hunt and Animal Safari	Technology and Me	Nursery Rhyme Coding and Beats and Rhymes	Pretty Pictures	Robots
Area of Curriculum - Big Ideas	Digital Literacy	Information Technology/ Digital Literacy	Information Technology	Computer Science	Information Technology	Computer Science
TARGETS COVERED	Digital knowledge and skills that children and young people should have the opportunity to develop at different ages and stages of their lives. It highlights what a child should know in terms of current online technology, its influence on behaviour and development, and what skills they need to be able to navigate it.	Introduces the key skills of using technology safely/sensibly and using the camera to document their learning. Language and communication skills, physical coordination and knowledge and understanding of the world. Designed to introduce the key skills of using technology safely/sensibly, working with a partner, communicating and scanning QR codes.	Helps children to make sense of and explore the technology around them. The children will get to experience a range of technology/ equipment, including digital cameras, iPads, video cameras, microscopes and sound recorders.	Develops computational thinking such as sequencing and promotes core technology skills. Designed to introduce the key computing vocabulary e.g. sequencing and algorithm. Using programmable toys, using technology safely/sensibly, working with a partner, communicating and scanning QR codes. The children will use simple sound recording apps and music creation apps to make their own musical loops.	Learn how to take photos, record video and record audio. These are important skills that will enable them to document their own learning and ideas.	First taste of computing (computational thinking and coding). Learn new skills and practice giving instructions to complete tasks. Includes a range of continuous provision activities.
AREA OF WORK	E-Safety/ Internet safety	Exploring with technology. Communication.	Technology around us.	Computational Thinking. Coding. Creativity	Exploring with technology	Computational Thinking - Coding

Progression Overview Reception to Year 6

Essential:

Age appropriate skills for the use of core devices and applications within their setting.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: about types of technology both in and outside of school.</p> <p>how to use classroom technology safely and responsibly, including the basic use of a camera and going online.</p>	<p>The children learn: to explore and experiment with technology in order to build familiarity with classroom apps and devices.</p> <p>basic photographic and video techniques to document their own learning.</p>	<p>The children learn: to create a range of simple digital documents that represents their learning during a topic and then save/share their digital work.</p>	<p>The children learn: to be more independent and are encouraged to attempt to fix a problem they may have before asking for help on their device.</p> <p>about different media and file types.</p>	<p>The children learn: about physical input and output slots on a device. E.g. USB, HDMI, etc.</p> <p>about how to save their work in a range of locations.</p> <p>the best way to save their files. E.g. as an image (jpeg) to share online.</p>	<p>The children learn: how to create a QR Code.</p> <p>about uploading work to a cloud or blog.</p> <p>advanced techniques to tell a story using technology/ multiple apps.</p> <p>about advanced film making elements such as sound and lighting.</p>	<p>The children learn: about collaboration and sharing documents with other children in order to create digital content.</p> <p>advanced features of common office/ classroom apps.</p>

(CS) Computational Thinking:

Key Stage 1: Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions.

Key Stage 2: Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: that an algorithm is a list of instructions that solves a problem.</p> <p>to sequence a series of events and explain the importance of sequencing.</p>	<p>The children learn: to explore algorithms and sequencing of instructions.</p> <p>to read, follow and create a simple sequence algorithm.</p> <p>to give these instructions so that they can be executed by a robot with the aim of successfully reaching a destination.</p>	<p>The children learn: about writing algorithms that can be turned into programs.</p> <p>to implement their algorithm as a program on a digital device or programmable toy/ robot.</p>	<p>The children learn: to create a detailed flow diagram using the correct symbols.</p> <p>to turn an algorithm into a simple program on a digital device.</p> <p>about testing the program and recognising when it needs to be debugged.</p>	<p>The children learn: to design a simple algorithm to show a real- life situation.</p> <p>about the valuable skills of abstraction and decomposition when tackling more complex problems.</p>	<p>The children learn: to explore problem solving and decomposition.</p> <p>to independently plan, write and test their algorithms and create more complex programs, debugging as needed.</p> <p>about controlling / simulating physical systems and using sensors with multiple outcomes.</p>	<p>The children learn: to create complex algorithms and turn their designs into a program (incorporating variables, procedures and different forms of input and output).</p>

(CS) Coding:

Key Stage 1: Create and debug simple programs.

Key Stage 2: Use sequence, selection, and repetition in programs; work with variables and various forms of input and output.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
The children learn: to experiment controlling a range of 'toys' using remote controls and do this with purpose and direction.	The children learn: to create a simple program and correct mistakes (debug).	The children learn: to independently identify and fix a 'bug' in multiple programs. to create a simple program that includes a repeat x times loop. the difference between inputs and outputs.	The children learn: to create their own sprite in Scratch/ Scratch Jr. about sequencing commands and adding a repeat command in a program. how to refine/ improve a program by using the repeat command. how to create a variable. to create a program that contains selection, inputs and outputs.	The children learn: about the structure of a program and learn to plan in logical, achievable steps. to write a complex program, incorporating features such as selection, inputs, repetition, variables and procedures. attempt to debug their own programs and corrects/ debugs errors in code.	The children learn: to create their own complex game within Scratch or other block-based coding app that uses variables, event handling, selection ("if" and "Then"), procedures and repetition (loops) to increase programming possibilities.	The children learn: about complex programs and are encouraged to persevere when solving difficult problems even if the solution is not obvious. about executing and adapting common commands using a text-based language e.g. Python/JavaScript/ Swift Playground.

(CS) Logical Reasoning:

Key Stage 1: Use logical reasoning to predict the behaviour of simple programs.

Key Stage 2: Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
The children learn: through play about action/reaction and will be asked "what do you think will happen?" when using technology or attempting to solve a problem.	The children learn: about making predictions when using technology. E.g. They will be asked to predict what will happen for a short sequence of instructions in a program.	The children learn: to offer accurate predictions of programs and then create their own simple program to check if they were correct.	The children learn: about using logical reasoning to detect potential problems in an algorithm or program which could result in something going wrong and then offer ideas of what is needed to fix/ debug it.	The children learn: to recognise an error in an existing program and attempt to debug/ fix the program. to investigate existing programs, evaluating them and consider how they could be improved.	The children learn: to explore logical reasoning in greater depth and learn to give well thought-through explanations of any errors they identify in program code (using the correct terminology).	The children learn: to independently use logical reasoning to detect and correct errors in an algorithm and program. that there is often more than one way to solve a problem in an algorithm or program.

(CS) Networking:

Key Stage 1: N/A

Key Stage 2: Understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
The children learn: how to access the web on a classroom device.	The children learn: about signing into a device or online platform.	The children learn: multiple services use the internet e.g. email, web and streaming.	The children learn: the World Wide Web is only one part of the Internet, the part that contains websites. to send an email and understands how this works. how information travels through computer networks.	The children learn: about the key services that can be used to communicate on the internet. to recognise the main components (hardware) which allow computers to join and form a network.	The children learn: about software, hardware and types of connected computers. about how data travels via the internet including binary. more about the different parts of the Internet and services. to create a basic web page using HTML.	The children learn: in more detail about how information/data is transported on the Internet and between computers using packets and IP addresses. about the opportunity's computer networks and the internet offer for communication and collaboration.

(CS) Online:

Key Stage 1: N/A

Key Stage 2: Appreciate how [search] results are selected and ranked.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
The children learn: to type keywords in a search engine (Google).	The children learn: how they can use a search engine to find answers and different types of media e.g. videos.	The children learn: the basic skills of searching and navigating the results in a search engine.	The children learn: about key words. that search engines try to put the most useful websites at the top.	The children learn: that search engines use algorithms to sort websites.	The children learn: key skills for using a search engine. about the settings that can alter your search results.	The children learn: to explore advanced features within search engines and learn to use them effectively. how search results are selected and ranked by algorithms.

(IT) Harnessing Technology:

Key Stage 1: Use technology purposefully to create, organise, store, manipulate and retrieve digital content. *

Key Stage 2: Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information. *

* In addition, see the "I know how to" big digital skills statements which provide a simple progression of digital skills from reception to year 6. The document links to the Knowsley CLCs computing scheme of work.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: how various devices and apps can be used in the classroom.</p> <p>to independently choose an application for a particular purpose. E.g. drawing a picture.</p>	<p>The children learn: to create different types of digital content (short video, eBook or presentation).</p> <p>to combine text and images in a document that showcases learning or tells a story.</p> <p>to use technology to collect, sort and display information that could include data, photos, video or sound.</p> <p>about saving work in a special place and retrieve it again.</p>	<p>The children learn: to create a presentation or basic digital book that is well designed, contains formatted text, images and presents information.</p> <p>to read a simple database to find information.</p> <p>about organising the data they collect.</p> <p>they can create digital content using more than one app or piece of software.</p> <p>to independently save and open files on the device they use.</p>	<p>The children learn: to create digital content using a range of mixed tools/media and how to improve its design.</p> <p>to be creative and independent while using unfamiliar apps or technology to create content.</p> <p>to create a plan/storyboard when producing digital content.</p> <p>to design a simple questionnaire to collect information and display the information in a graph or table. to add information to a database.</p>	<p>The children learn: to produce documents, media and presentations with increasing independence and competency that present data/information.</p> <p>to use a keyboard confidently and make use of tools such as a spellchecker.</p> <p>about new forms of technology E.g. AR, Virtual Reality, Wearable</p> <p>Technology etc.</p>	<p>The children learn: to produce digital content in a given format e.g. podcasts, videos,</p> <p>AR, virtual reality, 3D, digital music or illustrations.</p> <p>about planning including elements that they may need to source from other services.</p> <p>to build on the skills they have already developed to create content using unfamiliar technology.</p> <p>to use a spreadsheet / database to collect, record data and to use simple formulae.</p>	<p>The children learn: to create digital storyboards with a complete narrative of the project or investigation.</p> <p>to confidently identify the potential of unfamiliar technology to increase their creativity.</p> <p>to source, store and combine copyright free images from the internet.</p> <p>to independently select, use and combine the appropriate technology/app tools to create effects that will have an impact on others and tell a story.</p>

(IT) Online:

Key Stage 1: N/A

Key Stage 2: Use search technologies effectively.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: to type keywords in a search engine (Google).</p>	<p>The children learn: how they can use a search engine to find answers and different types of media category</p> <p>e.g. images, book, videos.</p>	<p>The children learn: the basic skills of searching and navigating the results in a search engine to answer questions.</p>	<p>The children learn: that the top search results can be manipulated and are based on things like most popular, recently updated.</p> <p>about filtering results by adding more detail or using advanced tools.</p> <p>to use search engines to collect information.</p>	<p>The children learn: to search for and use information from a range of sources.</p> <p>about making notes from information found on websites to present their findings.</p> <p>that not all sources of information including websites are accurate and can check information using a different site.</p>	<p>The children learn: to use complex searches and advanced tools to find, select and use information.</p> <p>check the reliability of information on the internet.</p>	<p>The children learn: to use complex searches, filters and advanced tools to find, select and use information</p>

(DL) Technology in the Real World:

Key Stage 1: Recognise common uses of information technology beyond school.

Key Stage 2: Understand the opportunities [networks] offer for communication and collaboration.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: to recognise and discuss common uses of information technology in school and outside of school.</p>	<p>The children learn: about the uses and purpose of technology in the classroom, at home, work and the world around them. about some of the common ways in which technology at home can be used.</p>	<p>The children learn: about the numerous methods of online communication and how it is used in the world around them. to explore their own use of the internet and why it is important to stick to the rules.</p>	<p>The children learn: that the internet is a computer network. that the internet can provide multiple services, such as the world wide web, streaming music/ video and email. explore a web sites journey from first request to appearing on the screen. to learn advanced web terminology e.g. URL.</p>	<p>The children learn: to differentiate between apps that use the Internet, the school network or that are self-contained on a device. to use computing to communicate and collaborate. about documents and methods of collaboration over the internet e.g. blog.</p>	<p>The children learn: about different online communication tools/apps and how they could be used for different purposes e.g. work and social. about working in a group using collaborative tools.</p>	<p>The children learn: about digital crimes and threats that might exist online. E.g. worms, trojans, viruses, spyware, ransomware and malware. about anti-virus software and how they can help protect devices from infection. advanced web terminology e.g. firewall, security updates, pop up blocker, scams, phishing, HTTPS, location-based settings, in app purchasing, trolling, filtering etc.</p>

(DL) Media & Content:

Key Stage 1: N/A

Key Stage 2: Be discerning in evaluating digital content.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: that there are many different types of media content including; sound, images, books, podcasts/ audiobooks and video via the web.</p>	<p>The children learn: to access different types of media content on their device. Including; sound, images, books, podcasts/ audiobooks and video via the web.</p>	<p>The children learn: where different types of media content can be found online. Including; sound, images, books, podcasts/ audiobooks and video via the web.</p>	<p>The children learn: how to make judgements about the usefulness and accuracy of information. about the term 'fake news'. about what copyright is and why we have copyright laws. to recognise copyright material.</p>	<p>The children learn: more about what Fake News is, it's purpose and that Fake News can be found on all media. how to identify Fake News. that data can be manipulated to make Fake News appear to be true.</p>	<p>The children learn: about how and why information found on some sites will be biased. how to source copyright free materials to use in their digital projects. how to credit the use of websites in their work and why this should be done.</p>	<p>The children learn: to explore in more depth the legal and moral reasons not to plagiarise or infringe copyright and the impact it can have on the creator of the content.</p>

(DL) Online Safety:

Key Stage 1: Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies. *

Key Stage 2: Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact. *

* Each year group has a 'My Online Life' topic which aims to ensure your school meets the requirements of the UKIS Education for Connected World Framework.

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>The children learn: the Internet can be used to communicate with others.</p> <p>simple online safety rules.</p> <p>people create online content such as video and websites.</p>	<p>The children learn: how to access and search the web.</p> <p>to identify people they can trust and who they can ask for help when using the internet. to send a digital message. how they should behave and interact with others in the online world.</p> <p>why it is very important not to over share, share things that are personal or may hurt other people.</p> <p>the ways that some people can be unkind online.</p> <p>about following sensible online rules.</p> <p>safe behaviours in their day to day world such as not talking to or meeting strangers and how this applies in the online world.</p> <p>what a username and password is and that they must keep them private.</p> <p>that online content such as video, images, websites and games are created and shared by people.</p> <p>that to use other people's work without asking or giving credit is wrong.</p>	<p>The children learn: about safe and unsuitable sites/apps. e.g. PEGI rating.</p> <p>to talk to a trusted adult before sharing personal information online and using strong passwords.</p> <p>that the characters and people they interact with may be computer generated / including games.</p> <p>the differences between the Internet and the physical world.</p> <p>sending a message and why it is important to communicate in a polite manner.</p> <p>that login details and passwords should only be shared with trusted adults.</p> <p>that copyright is something that prevents people stealing other people's work (content).</p> <p>what personal information is and that they need to talk to a trusted adult before sharing online.</p> <p>how some information may be inaccurate or untrue.</p> <p>to independently use a search engine, navigate a website, use favourites, bookmarks or typing the URL.</p> <p>that you can be connected to many people in your life (real life and online).</p> <p>to ensure a trusted adult is aware of who they are interacting with online.</p> <p>to explain some of the potential risks when posting something to the internet.</p> <p>that once something is posted others can read the post and share it.</p>	<p>The children learn: the SMART rules about using the internet safely and responsibly.</p> <p>what personal information is and what they shouldn't be sharing.</p> <p>they should pause before posting and consider the potential consequences. who they should seek help from about online concerns.</p> <p>the correct and sensible choice when presented with hypothetical scenarios.</p> <p>how to send and reply to online messages, such as email, respectfully and understand the difference between online and face-to face.</p> <p>how to use the safety features of websites as well as reporting concerns to an adult they trust.</p> <p>what online bullying/ cyberbullying is and some of the forms it can take.</p> <p>how to report any concerns and who they consider a trusted adult.</p> <p>they need to have a balanced approach to their use of technology.</p> <p>to make good choices about how long they spend online. to recognise websites and games appropriate for their age. E.g. PEGI rating. online accounts need to be signed in to and why passwords should never be shared.</p> <p>what makes a secure password and why they are important.</p> <p>how to use a password security checking tool.</p> <p>what represents an online identity E.g. images, username, information shared and digital footprint. to post positive comments online.</p>	<p>The children learn: the potential risks and ways they can protect themselves and friends from harm online. the safety features of websites and apps.</p> <p>e.g. block or report. they should report concerns to a trusted adult.</p> <p>the Internet is a great place to develop rewarding relationships. not to reveal private information to a person they know only online.</p> <p>that friends/followers' profiles may not reflect the truth about their real lives.</p> <p>the term 'digital footprint' and that the information they put online leaves a digital footprint or "trail" which can be positive and negative.</p> <p>to search for their own name and usernames</p> <p>in Google to test their digital footprint.</p> <p>how they should act appropriately & respectfully online.</p> <p>how to deal with online bullying.</p> <p>how photos can be altered digitally and the creative upsides of photo alteration, as well as its power to distort perceptions of beauty and health.</p> <p>why copyright laws exist and presenting others work as one's own is called plagiarism.</p> <p>to use a copyright free image gallery, or they can change the search criteria.</p> <p>the positive and negative effects technology may have on their health.</p> <p>why they need to ask a trusted adult before downloading files and games from the Internet. E.g. virus. to choose a secure password.</p> <p>why using an avatar and online name is advisable.</p>	<p>The children learn: to demonstrate and explain the importance of communicating kindly and respectfully.</p> <p>about the negative online behaviours such as bullying, trolling, grieving and harassment.</p> <p>about empathy and the effects of online bullying.</p> <p>anything they post online can be seen, re-shared, re-used and may have a negative effect on others.</p> <p>about the 'Digital 5 a Day' plan and that they need to have a balanced approach to their use of technology.</p> <p>what makes a secure username and password. why people set up fake accounts or copy others identities.</p> <p>what an online identity or internet persona is, e.g. social identity in online communities and websites (Facebook, Instagram, YouTube etc.) including photos and posts.</p> <p>how to avoid being tricked by scammers online. E.g. Phishing emails. The child can explain why an app may be free but have in-app purchasing and what that is.</p>	<p>The children learn: the advice they should/would give friends about making good choices online.</p> <p>the consequences of making poor online choices. E.g. Online bullying, inappropriate comments (racially or sexually orientated), uploading inappropriate material (adult / illegal / antisocial), accessing inappropriate sites (anti-social or illegal behaviour / adult content) and breaching copyright laws.</p> <p>the way men and women can be stereotyped in movies and TV.</p> <p>when to seek help from a trusted adult and not to try and deal with online situations on their own.</p> <p>how to block and report inappropriate comments or behaviour online.</p> <p>how to maintain healthy positive relationships with others while online.</p> <p>behaviours and strategies to prevent and stop online bullying. The child knows and can list the websites and agencies they can contact in case they need help.</p> <p>what steps they can take to create a 'positive online image' including defining acceptable and unacceptable online behaviour and the benefits this will have to them now and in the future.</p>

Music Subject On A Page

Name of Subject Leader: Bethany Heyburn

Subject Intent:

Children at Hintlesham and Chattisham C of E Primary will experience a high-quality music education that engages and inspires pupils to develop a love of music and their talent as musicians. This will increase their self-confidence, creativity and sense of achievement.

The children will have the opportunity to listen to music from different historical period, genres and traditions. They will express their feelings on the music and progress to think about defining features and instrumentation. The children will also have opportunity to perform music, developing their sense of musicianship and building confidence in front of an audience. They will look at the elements of music and develop skills of composition, allowing them to be creative with their ideas.

Planning:

- Planning for music is taken from Charanga. <https://charanga.com/site/>
- The long-term plan can be found on the website.
- The skills progression can be found on the T-drive.
- KS2 have additional planned sessions from the County Music Service.
- Planning follows the skill progression and ensures the children have the required skills by the time they leave school in year 6.

Teaching:

- KS1 should have at least 6 hours of specific music teaching across a term. This is one full Charanga unit a term. This is recommended to be taught by a class teacher, music specialist or HLTA.
- KS2 to have an hour a week teaching from the County Music Service where a music specialist delivers instrumental lessons. This should be supplemented by the class teacher with three Charanga units across the year.
- Expectations: all children need to be taught the necessary skills for each year group across the two-year rolling programme. All children to reach attainment by the end of year 6. The big ideas are to be followed.
- High quality teaching should focus on structuring the lessons to support listening, composing and performing. Terminology should be taught, modelled and the children encouraged to use this.
- Resources: Access to instruments to support teaching. This should be both tuned and untuned instruments. Teachers should access the online Charanga music software to support teaching in lessons.
- Differentiation: Questioning used appropriately to assess and provide differentiation for children. HA encouraged to be more independent and given specific differentiated music parts where possible. LA given additional support by a teacher, TA or peer and differentiated music parts where possible.

Learning & Recording:

- Expectations: Children are expected to take part in the lessons by actively joining in with performance, composition and listening.
- Best practice is when all children are taking part and being challenged to develop their skills and confidence.
- Examples of performance and composition are recorded where possible. This should be uploaded onto the Charanga platform or T

Assessment:

- The children will be assessed using ASCA sheets and given to the subject leader half-termly.
- Observations and drop-in sessions will be in the subject leader folder.
- Where possible, performances and compositions will be recorded and uploaded onto the Charanga platform or school T-drive. For key pieces of work, feedback from the class

<p>drive. Key examples should be annotated.</p> <ul style="list-style-type: none"> • High-quality learning shows children listening and developing their confidence and skills. The learning shows them asking questions and retaining previous knowledge. The children should develop their knowledge increasingly about pitch, dynamics, rhythm, tempo and instrumentation. This should be supported by exposure to a range of musical genres and their features. There should be progression in children’s performance and composition. • Differentiation should be evident through questioning, outcome and specific instrumental parts and challenges. • Children regularly sing in assemblies and church services. • Opportunities for enrichment: The children will be having a music workshop once a year to help develop specific skills. Sharing opportunities with children, teachers and parents. 	<p>teacher should also be provided.</p> <ul style="list-style-type: none"> • General notes on the children across sessions are strongly encouraged due to the nature of the subject being practical and limiting written evidence from the children.
<p><u>Key Priorities 2020 – 2021:</u></p> <ul style="list-style-type: none"> 34. Ensure progression across year groups in a class. 35. Providing challenge opportunities for higher achievers to increase the number of children working above expected. 36. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 	

Overview of teaching and learning of Music

Intent

Children at Hintlesham and Chattisham C of E Primary will experience a high-quality music education that engages and inspires pupils to develop a love of music and their talent as musicians. This will increase their self-confidence, creativity and sense of achievement. They will perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions.

The Big Idea. All pupils at our school gain regular experiences musically so that they can perform confidently with enjoyment.

Creative ideas are nurtured and celebrated.

Implementation

All children will:

Perform music either by singing or playing instruments. Opportunities will be given to perform to parents and the wider community in assemblies, church services or the EYFS & KS1 nativity and the KS2 summer show.

Listen to, review and evaluate a range of styles of music.

Learn to sing and to use their voices, to create and compose music on their own and with others.

Have the opportunity to learn a musical instrument either with in music lessons or by forming links with external providers.

Use technology appropriately to compose and perform. Our pupils experience this in the ICT curriculum.

Understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

Visitors and trips have enriched our music curriculum: Snape (Benjamin Britten), Rock School, County Music Service teachers for KS2, Rock and Roll pantomime.

ASCA sheets will be used to track curriculum breadth and the progress of pupils.

The teaching and assessment of Music will be monitored by the Lead teacher for Music.

Impact

By the end of their time at Hintlesham and Chattisham C of E Primary, pupils should be able to sing and play musically with increasing confidence and control. They will have been able to perform regularly to a variety of audiences to develop their self-esteem and creativity. Also, they should develop an understanding of musical composition and be able to reproduce sounds from aural memory.

Year A	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Reception	Me – listen, respond, learn & share	Nativity	My Stories – listen, respond, learn & share	Everyone – listen, respond, learn & share	Our World – listen, respond, learn & share	Big Bear Funk - transition
Year 1 + 2	Rhythm in the way we walk – Pulse, rhythm & Pitch.	Nativity	Your Imagination – using your imagination			I Wanna play in a band – playing together
Year 3 + 4	Blackbird – Beatles, equality & civil rights Band Academy	Band Academy	The Dragon song – music from around the world Band Academy	Band Academy	Let your spirit fly – RnB & other styles.	Summer performance
Year 5 + 6	Classroom Jazz 2 Jazz, improvisation and composition Band Academy	Band Academy	Band Academy	Band Academy	You've got a friend – Carole King	Summer performance

Music LTP:

Year B	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Reception	Me – listen, respond, learn & share	Nativity	My Stories – listen, respond, learn & share	Everyone – listen, respond, learn & share	Our World – listen, respond, learn & share	Big Bear Funk transition
Year 1 + 2	In the groove – different styles of music	Nativity	Hands feet and heart – South African music			Friendship song - lyrics
Year 3 + 4	Mamma Mia – Abba's music Band Academy	Band Academy	Lean on Me – Soul/Gospel Band Academy	Band Academy	Bringing us together - Disco.	Summer performance
Year 5 + 6	Dancing in the street - Motown. Band Academy	Band Academy	Band Academy	Band Academy	Make you feel my love – Pop Ballads.	Summer performance

Music Progression of Skills

EYFS

Expressive Arts and Design (Exploring and using media and materials): children sing songs, make music and dance.

Expressive Arts and Design (Exploring and using media and materials): children represent their own ideas, thoughts and feelings through music.

Music Dimensions: Structure - Sing songs with verse/chorus structure. Recognise repetition. Pitch - Sing and recognise high and low pitch. Rhythm - Move to rhythms e.g. skipping, marching. Timbre – recognise that sounds are made in a variety of ways. Texture - sing in unison. Dynamics - play loud and soft sounds. Tempo - Move appropriately to music at different speeds e.g. running, crawling.

Music Aspects: Composition - Experiment with making sounds (voice and percussion). Instruments - Explore and experiment with untuned and body percussion. Improvisation - Practise improvising using voice and untuned instruments/body percussion through copy-back and answer games, etc. Singing: Notation - Represent ideas, thoughts and feelings through pictorial representations of music.

The national curriculum for music aims to ensure that all pupils:

- perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

Key Stage 1 (National Curriculum Expectations)

Pupils should be taught to:

- use their voices expressively and creatively by singing songs and speaking chants and rhymes
- play tuned and untuned instruments musically
- listen with concentration and understanding to a range of high-quality live and recorded music
- experiment with, create, select and combine sounds using the inter-related dimensions of music.

Key Stage 2 (National Curriculum Expectations)

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory. Pupils should be taught to:

- play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
- improvise and compose music for a range of purposes using the inter-related dimensions of music
- listen with attention to detail and recall sounds with increasing aural memory
- use and understand staff and other musical notations
- appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians
- develop an understanding of the history of music.

	KS1	LKS2	UKS2
Listen and appraise	<ul style="list-style-type: none"> Listen with concentration and understanding to a range of high-quality live and recorded music <p>Year 1:</p> <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know at least three songs off by heart. To know what the songs are about. To know and recognise the sound and names of some of the instruments they use. <p><i>Skills:</i></p> <ul style="list-style-type: none"> To learn how they can enjoy moving to music by dancing, marching, being animals or pop stars. <p>Year 2:</p> <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know at least 3 songs off by heart. To know that some songs have a chorus or a response/ answer part. To know that songs have a musical style. <p><i>Skills:</i></p> <ul style="list-style-type: none"> To learn how they can enjoy moving to music by dancing, marching, being animals or pop stars. To learn how songs can tell a story or describe an idea. 	<ul style="list-style-type: none"> Appreciate and understand a wide range of high-quality live and recorded music from different traditions and from great musicians and composers. <ul style="list-style-type: none"> Develop an understanding of the history of music <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know at least three songs from memory and who sang them or wrote them. To know the style of the songs. To choose one song and be able to talk about: Its lyrics: what the song is about, any musical dimensions featured in the song, and where they are used (texture, dynamics, tempo, rhythm and pitch), identify the main sections of the song (introduction, verse, chorus etc.), name some of the instruments they heard in the song. YR 4 Some of the style indicators of that song (musical characteristics that the song its style) <p><i>Skills:</i></p> <ul style="list-style-type: none"> To confidently identify and move to the pulse. To think about what the words of a song mean. Talk about and discuss the music and how it makes them feel. Listen carefully and respectfully to other people's thoughts about the music. YR 4 To talk about the musical dimensions working together in the Unit songs e.g. if the song gets louder in the chorus (dynamics). YR 4 When you talk try to use musical words. 	<ul style="list-style-type: none"> Appreciate and understand a wide range of high-quality live and recorded music from different traditions and from great musicians and composers. <ul style="list-style-type: none"> Develop an understanding of the history of music <ul style="list-style-type: none"> Listen with attention to detail and recall sounds with increasing aural memory. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know at least three songs from memory, who sang or wrote them, when they were written and why? To know the style of the songs and to name other songs from the Units in those styles. To choose three or four other songs and be able to talk about: The style indicators of the songs (musical characteristics that give the songs their style), the lyrics: what the songs are about, any musical dimensions featured in the songs and where they are used (texture, dynamics, tempo, rhythm, pitch and timbre). <p><i>Skills:</i></p> <ul style="list-style-type: none"> To identify and move to the pulse with ease. To think about the message of songs. To compare two songs in the same style, talking about what stands out musically in each of them, their similarities and differences. Listen carefully and respectfully to other people's thoughts about the music. Use musical words when talking about the songs. To talk about the musical dimensions working together in the Unit songs. Talk about the music and how it makes you feel (YR 5+6), using musical language to describe the music (YR 6).

	KS1	LKS2	UKS2
Games	<p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know that music has a steady pulse, like a heartbeat. To know that we can create rhythms from words, our names, favourite food, colours and animals. <p><i>Skills:</i></p> <p>There are progressive Warm-up Games and Challenges within each Unit that embed pulse, rhythm and pitch. Children will complete the following in relation to the main song:</p> <ul style="list-style-type: none"> Game 1 – Have Fun Finding <u>The Pulse!</u> Find the pulse. Choose an animal and find the pulse Game 2 – Rhythm Copy Back Listen to the rhythm and clap back. Copy back short rhythmic phrases based on words, with one and two syllables whilst marching to the steady beat. Game 3 – Rhythm Copy Back, Your Turn Create rhythms for others to copy Game 4 – Pitch Copy Back and Vocal Warm-up 1 Listen and sing back. Use your voices to copy back using 'la', whilst marching to the steady beat Game 4a – Pitch Copy Back and Vocal Warm-up 2 Listen and sing back, and some different vocal warm-ups. Use your voices to copy back using 'la'. 	<p><i>Knowledge:</i></p> <ul style="list-style-type: none"> Know that every piece of music has a pulse/steady beat. Know how to find and demonstrate the pulse. Rhythm: the long and short patterns over the pulse Know the difference between pulse and rhythm. Pitch: High and low sounds that create melodies How to keep the internal pulse Know how pulse, rhythm and pitch work together to create a song. Know the difference between a musical question and an answer. YR 4 Musical Leadership: creating musical ideas for the group to copy or respond to <p><i>Skills:</i></p> <p>Using the Warm up Games tracks provided, complete the Bronze, Silver and Gold Challenges. Children will complete the following in relation to the main song, using two notes:</p> <ol style="list-style-type: none"> Find the Pulse Rhythm Copy Back: <ol style="list-style-type: none"> Bronze: Clap and say back rhythms Silver: Create your own simple rhythm patterns Gold: Perhaps lead the class using their simple rhythms Pitch Copy Back Using 2 Notes <ol style="list-style-type: none"> Bronze: Copy back – 'Listen and sing back' (no notation) Silver: Copy back with instruments, without then with notation Gold: Copy back with instruments, without and then with notation Pitch Copy Back and Vocal Warm-ups 	<p><i>Knowledge:</i></p> <p>Know and be able to talk about:</p> <ul style="list-style-type: none"> How pulse, rhythm, pitch, tempo, dynamics, texture and structure work together and how they connect in a song or piece of music How to keep the internal pulse Musical Leadership: creating musical ideas for the group to copy or respond to. <p><i>Skills:</i></p> <p>Using the Warm up Games tracks provided, complete the Bronze, Silver and Gold Challenges. Children will complete the following in relation to the main song, using three notes:</p> <p>Bronze Challenge</p> <ul style="list-style-type: none"> Find the pulse Copy back rhythms based on the words of the main song, that include syncopation/off beat Copy back one-note riffs using simple and syncopated rhythm patterns <p>Silver Challenge</p> <ul style="list-style-type: none"> Find the pulse Lead the class by inventing rhythms for others to copy back Copy back two-note riffs by ear and with notation Question and answer using two different notes <p>Gold Challenge</p> <ul style="list-style-type: none"> Find the pulse Lead the class by inventing rhythms for them to copy back Copy back three-note riffs by ear and with notation Question and answer using three different notes

	KS1	LKS2	UKS2
Singing	<ul style="list-style-type: none"> Use their voices expressively by singing songs and speaking chants and rhymes. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To confidently sing or rap at least three songs from memory and sing them in unison. YR 2: To know that unison is everyone singing at the same time. YR 2: Songs include other ways of using the voice e.g. rapping (spoken word). <p><i>Skills:</i></p> <ul style="list-style-type: none"> Learn about voices, singing notes of different pitches (high and low). Learn that they can make different types of sounds with their voices – you can <u>rap</u> or say words in rhythm. Learn to start and stop singing when following a leader. YR 2 Learn to find a comfortable singing position. 	<ul style="list-style-type: none"> Use their voices expressively by singing songs and speaking chants and rhymes. <p><i>Knowledge:</i></p> <p>To know and be able to talk about:</p> <ul style="list-style-type: none"> Singing in a group can be called a choir Leader or conductor: A person who the choir or group follow Songs can make you feel different things e.g. happy, energetic or sad Singing as part of an ensemble or large group is fun, but that you must listen to each other YR 4 Texture: How a solo singer makes a thinner texture than a large group YR 4 To know why you must warm up your voice <p><i>Skills:</i></p> <ul style="list-style-type: none"> To sing in unison and in simple two-parts. To demonstrate a good singing posture. To follow a leader when singing. To enjoy exploring singing solo. To sing with awareness of being 'in-tune'. YR 3 To have an awareness of the pulse internally when singing. YR 4 To re-join the song if lost. YR 4 To listen to the group when singing. 	<ul style="list-style-type: none"> Use and understand staff and other musical notations. Play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know and confidently sing at least three songs and their parts from memory, and to sing them with a strong internal pulse. To choose a song and be able to talk about: <ul style="list-style-type: none"> Its main features Singing in unison, the solo, lead vocal, backing vocals or rapping To know what the song is about and the meaning of the lyrics To know and explain the importance of warming up your voice YR 5 To know about the style of the songs so you can represent the feeling and context to your audience <p><i>Skills:</i></p> <ul style="list-style-type: none"> To sing in unison and to sing backing vocals. To enjoy exploring singing solo. To listen to the group when singing. To demonstrate a good singing posture. To follow a leader when singing. To experience rapping and solo singing. To listen to each other and be aware of how you fit into the group. To sing with awareness of being 'in-tune'.

	KS1	LKS2	UKS2
Playing	<ul style="list-style-type: none"> • Play tuned and un-tuned instruments musically. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> • Learn the names of the notes in their instrumental part from memory or when written down. • Learn the names of the instruments they are playing (YR 1+2) and untuned percussion (YR 2) <p><i>Skills:</i></p> <ul style="list-style-type: none"> • Treat instruments carefully and with respect. • Play a tuned instrumental part with the song they perform. Learn to play a tuned instrumental part that matched their musical challenge, using one of the differentiated parts (a one-note, simple or medium part). • Learn to play an instrumental part that matches their musical challenge, using one of the differentiated parts (a one-note part, a simple part, medium part). • Listen to and follow musical instructions from a leader. • Play the part in time with the steady pulse. 	<ul style="list-style-type: none"> • Play tuned and un-tuned instruments musically. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> • To know and be able to talk about: • The instruments used in class (a glockenspiel, a recorder YR 3+4 xylophone YR 4) • YR 4 Other instruments they might play or be played in a band or orchestra or by their friends <p><i>Skills:</i></p> <ul style="list-style-type: none"> • To treat instruments carefully and with respect. • Play any one, or all four, differentiated parts on a tuned instrument – a one-note, simple or medium part or the melody of the song from memory or using notation. • To rehearse and perform their part within the context of the Unit song. • To listen to and follow musical instructions from a leader. • YR 4 To experience leading the playing by making sure everyone plays in the playing section of the song. 	<ul style="list-style-type: none"> • Use and understand staff and other musical notations. • Play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> • To know and be able to talk about: • Different ways of writing music down – e.g. staff notation, symbols • The notes C, D, E, F, G, A, B + C on the treble stave • The instruments they might play or be played in a band or orchestra or by their friends <p><i>Skills:</i></p> <ul style="list-style-type: none"> • Play a musical instrument with the correct technique within the context of the Unit song. • Select and learn an instrumental part that matches their musical challenge, using one of the differentiated parts – a one-note, simple or medium part or the melody of the song from memory or using notation. • To rehearse and perform their part within the context of the Unit song. • To listen to and follow musical instructions from a leader. • To lead a rehearsal session.

	KS1	LKS2	UKS2
Improvisation	<ul style="list-style-type: none"> Experiment with, create, select and combine sounds using the inter-related dimensions of music. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> Improvisation is about making up your own tunes on the spot. When someone improvises, they make up their own tune that has never been heard before. It is not written down and belongs to them. Everyone can improvise! (YR 2 – use one or two notes) <p><i>Skills:</i></p> <p>Use the improvisation tracks provided. Improvise using the three challenges:</p> <ol style="list-style-type: none"> Clap and Improvise – Listen and clap back, then listen and clap your own answer (rhythms of words). Sing, Play and Improvise – Use voices and instruments, listen and sing back, then listen and play your own answer using one or two notes. Improvise! – Take it in turns to improvise using one or two notes. 	<ul style="list-style-type: none"> Experiment with, create, select and combine sounds using the inter-related dimensions of music. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know and be able to talk about improvisation: Improvisation is making up your own tunes on the spot When someone improvises, they make up their own tune that has never been heard before. It is not written down and belongs to them. To know that using one or two notes confidently is better than using five To know that if you improvise using the notes you are given, you cannot make a mistake YR 4 To know that you can use some of the riffs you have heard in the Challenges in your improvisations <p><i>Skills:</i></p> <p>Improvise using instruments in the context of a song they are learning to perform. Use the improvisation tracks provided and improvise using the Bronze, Silver or Gold Challenges.</p> <p>Bronze Challenge:</p> <ol style="list-style-type: none"> Copy Back – Listen and sing back melodic patterns Play and Improvise – Using instruments, listen and play your own answer using one note. Improvise! – Take it in turns to improvise using one note. <p>Silver Challenge:</p> <ol style="list-style-type: none"> Sing, Play and Copy Back – Listen and copy back using instruments, using two different notes. Play and Improvise – Using your instruments, listen and play your own answer using one or two notes. Improvise! – Take it in turns to improvise using one or two notes. <p>Gold Challenge:</p> <ol style="list-style-type: none"> Sing, Play and Copy Back – Listen and copy back using instruments, two different notes. Play and Improvise – Using your instruments, listen and play your own answer using two different notes. Improvise! – Take it in turns to improvise using three different notes. 	<ul style="list-style-type: none"> Improvise and compose music for a range of purposes using the interrelated dimensions of music. Use and understand staff and other musical notations. <p><i>Knowledge:</i></p> <ul style="list-style-type: none"> To know and be able to talk about improvisation: Improvisation is making up your own tunes on the spot When someone improvises, they make up their own tune that has never been heard before. It is not written down and belongs to them. To know that using one, two or three notes confidently is better than using five To know that if you improvise using the notes you are given, you cannot make a mistake To know that you can use some of the riffs and licks you have learnt in the challenges in your improvisations To know three well-known improvising musicians <p><i>Skills:</i></p> <p>Improvise using instruments in the context of a song to be performed. Use the improvisation tracks provided and improvise using the Bronze, Silver or Gold Challenges.</p> <ol style="list-style-type: none"> Play and Copy Back <ol style="list-style-type: none"> Bronze – Copy back using instruments. Use one note. Silver – Copy back using instruments. Use the two notes. Gold – Copy back using instruments. Use the three notes. Play and Improvise You will be using up to three notes: <ol style="list-style-type: none"> Bronze – Question and Answer using instruments. Use one note in your answer. Silver – Question and Answer using instruments. Use two notes in your answer. Always start on a G. Gold – Question and Answer using instruments. Use three notes in your answer. Always start on a G. Improvisation! You will be using up to three notes. The notes will be provided on-screen and in the lesson plan: <ol style="list-style-type: none"> Bronze – Improvise using one note. Silver – Improvise using two notes. Gold – Improvise using three notes. <p>Classroom Jazz 2 – Improvise with a feeling for the style of Bossa Nova and Swing using the notes D, E, G, A + B (pentatonic scale/a five-note pattern)</p>

Subject On A Page

Name of Subject Leader: Bethany Heyburn

Subject Intent:

At Hintlesham and Chattisham C of E Primary we value the creative curriculum. The children experience a high-quality art and design education that builds their skills as artists and instils an appreciation and enjoyment of the arts. This will increase their self-confidence and sense of achievement. Children will develop their skills in drawing, painting, printmaking, collage, textiles and 3D. These areas are developed and refined throughout the school. Children are challenged to invent and create their own works of art, craft and design using the works of great artists for inspiration.

We encourage the children to choose from various media and resources and as a result, pupils will develop the ability to think critically and have a rigorous understanding of art and design. Children will gain an understanding on how art and design reflects and shapes our history as well as contributing to the culture, creativity and wealth of our nation.

Planning:

- Art plans are taken from the Suffolk scheme of work which can be found in the staffroom.
- The long-term plans can be found on the website and skills progressions are on the school's T-drive.
- Planning follows the skill progression document and ensures the children have the required skills by the time they leave school in year 6.

Teaching:

- EYFS to teach at least 1 hour of Art a week as part of their continuous provision.
- Art is taught termly across the schools for at least one unit per term (6 hours teaching). Where cross-curricular links are possible, art is demonstrated additionally in other areas of the curriculum.
- Lessons are taught by a class teacher or HLTA.
- Non-negotiables/expectations: All children to be taught the fundamental skills laid out in the national curriculum across the two-year rolling programme. The lessons should consist of teaching of skills followed by opportunities to put this into practice.
- Teaching to follow the Big Ideas.
- All children to reach attainment by the end of year 6.
- Clear progression across the school
- Subject-specific terminology taught, modelled and encouraged.
- Resources: Resources to support lessons in the Suffolk Scheme e.g. paper, paints, sketching pencils, material etc. These are found in the art area outside KS1.
- There should be clear progression across the school. Children should be challenged in lessons by questioning and encouragement to reflect and improve. Teaching of more challenging skills can support HA learners.
- Best practice: High quality teaching should provide learning that all children can access. To look for 'in the moment' teaching opportunities to challenge and support children. Modelling of specific skills but then giving the children a chance to experiment and try their own creative ideas. Skill progression evident.
- Differentiation: Questioning used appropriately for assessment, support and challenge. HA encouraged to be more independent with application of skills and more depth with evaluation. LA - additional support given from a teacher, TA or

	peer. Work broken down into more manageable steps with visual prompts where appropriate.
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Expectations: Children are expected to take part in the lesson by actively joining in with developing ideas, creating their artwork and evaluating pieces of art and design. Learning supports the 'Big Ideas'. • To complete their work to a good standard, look after their sketchbooks and other school equipment. • Best practice: When all children are taking part and engaged in their learning. When ideas are cherished, and creativity encouraged. Children are challenged to develop their skills and confidence. Teaching of skills and opportunities to practice and refine skills is evident. • Work is recorded in sketchbooks. In case of a practical or 3D piece of work, a photograph can be taken and put into sketchbooks. Skill practice, design and evaluation tasks should be recorded in sketchbooks. In Early Years, work is uploaded onto Tapestry with teacher annotations. • Books: A learning objective should be evident with pieces of work. • High-quality learning shows children excited about their work and can confidently articulate what they are doing and why using subject specific terminology. Children are engaged in their task and there is a clear culture of learning from mistakes and developing skills. High-quality learning sees the children asking questions and self-challenging themselves with their work. It sees them able to work both independently and part of a team. It also sees them develop confidence and skills both creatively and practically. • Opportunities for learning outside the classroom: There is an arts and crafts club and an art specialist that supports the children with their artwork. • Opportunities for enrichment: The children enter an art competition yearly in the community. Sharing opportunities with children, teachers and parents. • Differentiation: evident through questioning, outcome and support received in sessions. Task may need to be adapted. 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Art is assessed on ASCA sheets given to the subject leader half termly. • Observations and drop-in sessions are recorded and put in the subject leader folder. • Children's work is marked against a LO and success criteria. Children may also have an element of self-marking in the form of evaluating and reflecting on their work. This will be recorded in the children's sketchbooks or Tapestry in EYFS. Work marked against the marking policy.
<p><u>Key Priorities 2020 – 2021:</u></p> <ol style="list-style-type: none"> 37. Ensure progression across year groups in a class. 38. Providing opportunities for challenge for higher achievers to increase the number of children working above expected. 39. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 	

Overview of teaching and learning of Art and Design

Intent

Children at Hintlesham and Chattisham C of E Primary will experience a high – quality art and design education. They will be engaged, inspired and challenged to invent and create their own works of art, craft and design. Pupils will develop the ability to think critically and have a rigorous understanding of art and design. They will know how art and design reflects and shapes our history as well as contributing to the culture, creativity and wealth of our nation.

The Big Ideas

All children will have regular opportunities to

- Design
- Make
- Evaluate and Review a range of creative work

They will have opportunities to evaluate the work of others

Implementation

All children will:

Undertake program of work as detailed in Suffolk Scheme of work for Art and Design to ensure progression of skills.

Produce creative work to explore their ideas and record their experiences.

Become proficient in drawing, painting, sculpture and other art, craft and design techniques.

Have opportunities to evaluate and analyse creative works using art, craft and design language.

Learn about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.

Visitors and trips will be used to enrich our art and design curriculum as appropriate.eg Discovery Centre, puppet workshop, support from a local artist.

ASCA sheets will be used to track curriculum breadth and the progress of pupils

The teaching and assessment of art and design will be monitored by the Lead teacher for Art and Design.

Impact

Pupils will be able to use a range of art, craft and design techniques to explore and record their ideas and experiences. They will be able to use appropriate language to evaluate and analyse creative works. Pupils will know how art and design reflects, shapes and contributes to our culture, creativity and wealth.

Year A	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Class 1	Drawing self-portraits	Painting Fireworks Holi	Textiles - weaving of the scenes 3D – Superhero vehicle. Painting people who help us	Drawing - daffodils 3D – Rockets and castles Painting characters.	Printing – vegetables Collage – Matisse the snail.	Drawing – shells Painting Goldsworthy Sunflowers Henry Matisse
Class 2		Printmaking (Year 1) Printing with primary colours, stencils, clay slab block and collograph.		3D (Year 2) Aboriginal art and digeridoos. Clay slabs, coils, circles, pulling, pinching and smoothing.		Textiles (Year 1) Weaving, embellishing fabric, hangings, fabric resist, wrapping and knotting and fabric pegging.
Class 3	3D (Year 4) Cast forms Coiled clay pots Additional: Mosaics			Printmaking (Year 3) Using a roller. Monoprints. Animal prints. Plasticine stamps.		Textiles (Year 3) Pattern, dip dye backgrounds, collograph blocks, plasticine stamps. Additional: Mayan Art

Class 4	Drawing (Year 5) Hundertwasser drawings. Layered acetate. Working in the negative. Auerbach.		Textiles (Year 6) Linear structure (Foster). Architectural press prints. Hundertwasser linear design on dip dye. Punchinello weaving. Weaving with natural resources.			Painting (Year 5) Layered surface and dots (Ofili) Fauvist painting Matisse and Derain. Additional: Greek pots
---------	--	--	---	--	--	---

Year B	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Class 1	Drawing self-portraits	Painting Fireworks Holi	Textiles - weaving of the scenes 3D – Superhero vehicle. Painting people who help us	Drawing - daffodils 3D – Rockets and castles Painting characters.	Printing – vegetables Collage – Matisse the snail.	Drawing – shells Painting Goldsworthy Sunflowers Henry Matisse
Class 2		Painting (Year 2) Line, shape and colour (Kandinsky) Pattern and space. (Frost)		Drawing (Year 2) Mark making using different tools on different surfaces, texture and angles.		Collage (Year 1) Goldsworthy – lines in the environment. Circles (Long) Line, shape and colour (Heron) Build a bird's nest.

Class 3		Drawing (Year 3) Mark making Van Gogh. Shading, oil pastel and brusho, pattern.	Additional: Egyptian art	Collage (Year 4) Matisse – ‘The Dance’. Distorted portraits (Bacon) Popular images and multiple images (Warhol)	Additional: Weaving (Hadleigh)	Painting (Year 4) Painting on different surfaces. Overpainting. O’Keefe flower paintings. Turner – wash on wet technique.
Class 4	3D (Year 5) Modroc figures Alberto Giacometti. Tissue bowl. Slab forms (different colour clays)		Printmaking (Year 6) Press printing natural form. Batik		Collage (Year 6) Gustav Klimt Cubist figurative work Picasso Masks for summer production	

Art Progression of Skills

EYFS

- **Physical Development (Moving and Handling):** Children handle equipment and tools effectively, including pencils for writing.
- **Expressive Arts and Design (Exploring and Using Media and Materials):** Children safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. (Explore what happens when colours are mixed, experiment to create different textures, understand that different media can be combined to create new effects, manipulate materials to achieve a planned effect)
- **Expressive Arts and Design (Being Imaginative):** Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories. (Choose particular colours to use for a purpose).

Key Stage 1 (National Curriculum Expectations)

Pupils should be taught:

- to use a range of materials creatively to design and make products
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

Key Stage 2 (National Curriculum Expectations)

Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

Pupils should be taught:

- to create sketch books to record their observations and use them to review and revisit ideas
- to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay]
- about great artists, architects and designers in history

	KS1	LKS2	UKS2
Drawing	<ul style="list-style-type: none"> Understand that different marks may be used to create different effects Produce marks using different tools and media. Understand that different surfaces may be used to produce an image Analyse and describe an image to others Use different marks in response to descriptive language Understand that different marks can represent different moods and movement Apply different marks and in response to music and use appropriate vocabulary Understand how to represent texture by using a variety of marks Work co-operatively with a partner and accept each other's ideas Identify what they might change in their work 	<ul style="list-style-type: none"> Sort, select and compare graphic marks Develop understanding of the visual element of tone (light and dark) Compare ideas and approaches Increase the scale of an image by working in close-up Develop an image using the imagination Discuss work, deciding what to adapt and develop further Explore pattern, using elements of line, colour and shape Experiment with different colour combinations Use ICT as an expressive tool Transpose imagery from one medium to another, enlarging and layering Develop analytical skills and fine pencil control Produce thick and thin lines and a variety of tonal qualities 	<ul style="list-style-type: none"> Produce observational drawings Select and use a wide range of media Develop layering techniques using acetates and OHP markers Use imagination and experience to construct and draw the unknown Select and enlarge drawings Experiment with the use of rubbers to draw in the negative Work vigorously in line, mark and tone in response to the work of Frank Auerbach Discuss and review work and make modifications. Understand the importance of tone in figurative imagery

	KS1	LKS2	UKS2
Painting	<ul style="list-style-type: none"> Understand technique of mixing colours and mix paint to required consistency, using both Ready Mix and powder paint Produce colour tints using white paint Develop brush control and pattern making (apply paint by using selected brush strokes) Explore the dynamics of unmixed paint Develop feeling responses to music through line, shape and colour Collect and select lines and patterns for their work Create patterns through selected use of colour and shape Understand Anthony Frost's use of shapes and surfaces Create surfaces for painting Use skills and media already experienced to produce a multi-media image Use imagination to produce a painted image 	<ul style="list-style-type: none"> Select and assemble different materials to make a multi-shaped and textured surface Extend understanding of what can be used as a painting surface Use fine brushes to produce careful marks onto painted shapes Use contrasting tones of colour Understand how colour may be applied to images in different ways Select, mix and apply colours in the style of Georgia O'Keefe Develop and modify work as it progresses developing skills of control of tools and techniques Understand the wash technique of wet on wet Work in the environment to produce direct observational paintings in the style of Turner Compare and contrast images from a range of artists Investigate and mix primary colour to create secondary colours 	<ul style="list-style-type: none"> Make a multi-layered piece with a variety of media Respond to the work of a contemporary artist Use different techniques and materials to produce acetate overlay Reflect the style of Chris Ofili Record and collect visual information to inform ideas Understand the use of contrasting and adjacent colours Explore the Fauvist use of colour Know about the use of vibrant and unrealistic application of 'Fauvist' colours Produce extended images by mixing and matching colours and patterns in response to a piece of patterned fabric Mix and match colours and patterns Use a range of tools and techniques to develop, modify and enhance work Understand the visual elements of colour, shape and space and how these can be combined Use brushwork to produce an interesting surface to shape within their paintings Develop direct observational skills from a variety of viewpoints Adapt and improve their work to realise their intentions

	KS1	LKS2	UKS2
Printmaking	<ul style="list-style-type: none"> Use primary colours light to dark to produce direct prints and overprinting with primary colours Mark and use stencils to produce negative prints Use the techniques of dabbing and stroking to produce negative prints in primary colours Use and combine techniques learned in previous sessions Discuss own work and that of others Make a clay slab relief block and use this to print onto a range of prepared surfaces Understand how a block can be created using a variety of textured surfaces Take rubbings and printing with collagraph blocks Use the technique of tearing positive and negative stencils to make prints. Select suitable objects to suit purpose Demonstrate an understanding of working light to dark Understand that printmaking involves production of multiple images Learn techniques associated with making direct prints from natural objects Discuss and evaluate designs and respond using prior knowledge of materials and processes 	<ul style="list-style-type: none"> Ink up a slab correctly and use a roller in different ways to make a variety of marks Understand how different materials placed under the printing surface can show texture Understand the monoprinting process Develop skills in monoprinting using different colours and working from light to dark Develop the technique of monoprinting by scratching a drawing into an inked slab and taking a print Develop design skills Develop work to include previously learned techniques To use a plasticine stamp to produce a relief stamps and print repeated patterns onto selected surfaces. Reflect on work and record ideas and modifications Discuss and compare using different techniques 	<ul style="list-style-type: none"> Select and record analytical responses using a viewfinder. Explore ideas to form a starting point for further work Transfer work and ideas into another medium and combine learned processes to produce unique state prints Compare ideas and approaches to work as it progresses Make modifications in light of developing ideas Refer back to the starting points during the progression of work Adapt and modify work, recording and reflecting Understand the batik process Respond to the work of the artist Chinwe Chukwuogo-Roy Produce first colour prints from Press Print reduction block Learn the process of reduction printing using Press Print and primary colours Produce second colour prints from Press Print reduction block Adapt and modify work according to their views Record and reflect on the process of reduction printing Apply knowledge of printmaking processes in using the work of printmakers as a starting point for development

	KS1	LKS2	UKS2
Collage	<ul style="list-style-type: none"> Experiment with and use found materials to create a range of linear visual effects Work in the style of Andy Goldsworthy and develop an understanding of his linear work Respond to the work of Richard Long Develop overlapping, cutting tearing and sticking skills Work collaboratively or individually on different scales Understand the concept of hot and cold colours Select and sort according to texture Develop use of imagination Sort, identify and select contrasting materials Enlarge letterforms, selecting, cutting and sticking Discuss own work and that of others Develop images in response to the comments Explore line and circles begin to recognise and use complementary colours Develop an understanding of the use of 'non-art' materials Adapt work as it progresses 	<ul style="list-style-type: none"> Describe the body positions of figures in motion using torn paper Understand and explore the translucent nature of tissue papers Develop ideas and apply knowledge of processes Use photographic images as a starting point for artwork Develop and apply knowledge of the portrait work of Francis Bacon Use own images as a starting point for further work Transpose imagery using different media and techniques Understand that artists use different starting points for their work Use objects from everyday life as a starting point for their own work Overwork identical designs to produce unique state imagery Work collaboratively to form a class image Develop cutting and sticking skills Adapt and modify ideas 	<ul style="list-style-type: none"> Develop the use of simple geometric shapes and patterning in response to the work of Gustav Klimt Use a sketchbook to select, record and develop aspects of Klimt's images. Use a viewfinder. Apply experience of materials and processes and develop control of tools and techniques Select and match materials and processes to suit their intentions Develop questioning and thinking skills through the practical development of their work Describe 3D form on a 2D surface Apply knowledge of the Cubists Apply experience of materials and processes Work in the style of Pablo Picasso Enhance work as it progresses and make modifications according to their views. Comment on the work of others. Select materials by colour and texture according to their intentions Develop an understanding through exploratory and experimental approaches to collage techniques and processes

	KS1	LKS2	UKS2
Textiles	<ul style="list-style-type: none"> Develop simple over/under weaving, wrapping and knotting skills Experiment with different ways of attaching fabric to a frame Develop understanding of tools and materials to embellish strips of fabric using a variety of media Understand fabric resist using oil pastel and Brusho Review and identify developments for future work Apply knowledge of the resist process Use textured surfaces to produce effective rubbings Develop wrapping and knotting skills Work collaboratively in developing ideas for group pieces Develop understanding of fabric pegging techniques Understand the elements of line and texture <i>Review and comment on their own and others' work</i> <i>Develop ideas from first hand observation and experience</i> <i>Identify what they would like to change and develop in future work</i> 	<ul style="list-style-type: none"> Collect and select visual resources Select and record from direct observation Develop skills with dipping and dyeing techniques Compare and comment upon starting points for work Develop understanding of collographs, cutting and assembling a relief surface Develop block printing techniques onto pre-dyed fabric Develop understanding of rotation and reflection Explore ways of making and creating their own patterns through ICT Develop understanding of symmetry and resizing images through ICT Apply understanding of the relief-printing process <i>Develop control of tools and techniques</i> <i>Adapt and modify their work according to their views</i> <i>Understand the advantages of combining media and processes</i> <i>Develop personal responses to works of art</i> <i>Select materials and processes and organise and combine these in their work</i> <i>Compare responses to artists' work</i> 	<ul style="list-style-type: none"> Select and record Develop linear designs Transpose linear designs into relief print blocks Adapt and modify work <i>in light of knowledge and experience gained</i> Develop and transfer linear designs onto dyed backgrounds using graphic mark makers Select and record Develop and transpose designs Apply batik skills Design and develop intricate weaving skills Respond to the artefacts from a different time and culture Develop and apply weaving skills using natural and made materials <i>Develop understanding through direct experience and manipulation of materials and processes</i> <i>Develop individual responses to problem solving</i>

	KS1	LKS2	UKS2
3D	<ul style="list-style-type: none"> Develop understanding and use of symbols Recognise why the palette is restricted to 'earth' colours Select colours and produce designs Apply understanding and experience to produce a decorated 3D form Apply surface design onto a 3D object Review and modify designs as they progress Learn the process of rolling and inlaying clay of different colours into a slab Listen and respond to a story as a starting point for 3D work Form clay slabs and 'vegetable' in response to the story by rolling, pinching and pulling coloured clays Use techniques already learned and apply these to imaginative work in 3D <i>Develop understanding of line, shape, colour and pattern</i> <i>Learn the techniques of pulling, pinching and smoothing clay to produce forms in response to a story stimulus</i> <i>Decorate clay forms with different coloured clays</i> <i>Understand that clay will harden and retain the pattern that has been produced</i> 	<ul style="list-style-type: none"> Cast 3D forms: <i>Develop the use of brown, gummed tape to produce a form</i> Understand the idea of design related to purpose Use research and sketchbook work to explore designs <i>Record and collect visual and other information to inform their ideas</i> <i>Make decisions and develop ideas</i> Modify designs according to purpose Use sketchbook work to inform designs Apply experience of materials and processes to develop work Adapt, modify and refine work in progress Understand the process and techniques involved in developing coiled clay forms Develop fabric forming techniques Work collaboratively to produce artwork Adapt and modify work through class and group discussion <i>Transpose 2D designs onto a 3D form</i> <i>Review own work and that of others</i> 	<ul style="list-style-type: none"> Develop observational skills to record figurative form Develop and apply understanding of the work of Alberto Giacometti in the production of individual figurative sculptural forms Develop understanding of Modroc (plaster bandage) as a sculptural material. <i>Develop casting techniques.</i> Develop ways of recording ideas and processes used in the development of their sculptures Review own work and that of others. <i>Modify, adapt and refine work as it progresses.</i> Develop an understanding of the translucent nature of tissue paper Use PVA glue and tissue to produce a paper form Apply previously learned techniques and processes Develop construction techniques using clay slabs <i>Research and produce designs for individual work</i> <i>Select and assemble cast forms</i> <i>Select appropriate materials and embellishing surfaces</i> <i>Understand the concept of 'drawing' in 3D</i> Compare and comment upon the ideas, methods and approaches of others

	KS1	LKS2	UKS2
Develop ideas:	<ul style="list-style-type: none"> Respond to ideas and starting points Explore ideas and collect visual information Explore different methods and materials as ideas develop 	<ul style="list-style-type: none"> Develop ideas from starting points throughout the curriculum Collect information, sketches and resources Adapt and refine ideas as they progress Explore ideas in a variety of ways Comment on artworks using visual language 	<ul style="list-style-type: none"> Develop and imaginatively extend ideas from starting points throughout the curriculum Collect information sketches and resources and present ideas imaginatively in a sketch book Use the qualities of materials to enhance ideas Spot the potential in unexpected results as work progresses Comment on artworks with a fluent grasp of visual language
	KS1	LKS2	UKS2
Great artists	<ul style="list-style-type: none"> Describe the work of notable artists, artisans and designers Use some of the ideas of artists studied to create pieces of work. 	<ul style="list-style-type: none"> Replicate some of the techniques used by notable artists, artisans and designers Create original pieces that are influenced by studies of others 	<ul style="list-style-type: none"> Give details (including own sketches) about the style of some notable artists, artisans and designers Show how the work of those studied was influential in both society and to other artists Create original pieces that show a range of influences and styles

DT Subject On A Page

Name of Subject Leader: Bethany

Heyburn

Subject Intent:

The DT curriculum at Hintlesham and Chattisham CofE School, has been designed to give children a high-quality Design and Technology education. The curriculum enables the children to learn, apply and develop skills that support the design process, the making process and evaluating a design. We encourage children to think creatively, take risks and problem-solve both individually and in a team to create products in real-life contexts and that solve a purpose. Where possible, we try to draw links with other disciplines such as mathematics, science, engineering, computing and art. Learning is constantly supported by the use of technical vocabulary to enable the children to reflect effectively on their work and the skills they have learnt. Pupils will develop a critical understanding of the impact of design and technology in daily life and the wider world around them.

Planning:

- Planning for the DT lessons is taken from Twinkl Plan it and is adapted to suit the class. The planning can be found on the T Drive in the DT folder.
- The long-term plan is on the website under DT and medium-term plans and the skills progression document on the T Drive.
- Planning follows the skill progression document and ensures the children have the required skills by the time they leave school in year 6.

Teaching:

- Early years teach at least 1 hour of DT a week as part of their continuous provision.
- KS1 and KS2 cover at least 6 hours of learning a term. This is 3 full six lesson units a year.
- Lessons are taught by a class teacher or HLTA.
- Non-negotiables: Full coverage of the curriculum and 'Big Ideas'.
- Expectations: all children need to be taught the necessary skills for each year group across the two-year rolling programme in line with the 'Big Ideas'. All children to reach attainment by the end of year 6.
- Resources: Cooking equipment, needles and thread, a variety of materials including fabrics and cardboard. Tools to support gardening and building (e.g. saws and glue-guns). Specific unit resources.
- Differentiation: Questioning used appropriately for assessment, support and challenge. HA encouraged to be more independent with application of skills and more depth with evaluation. LA - additional support given from a teacher, TA or peer. Work broken down into more manageable steps with visual prompts where appropriate.
- Best practice: High-quality teaching should bring together specific modelling skills with application. Lessons should build on children's creativity and allow them to become more independent with their design and product. The lessons should work through the context, design process, creating a product and reflective on the effectiveness of the produce. Subject specific terminology should be taught, modelled and the children encouraged to use it. Skill progression should be evident.

Learning & Recording:

- Expectations: Children are expected to take part in the lesson by actively joining in with developing ideas, design, creating and evaluating their product. Learning supports the 'Big Ideas'
- Best practice: When all children are taking part and engaged in their learning. When ideas are cherished, and creativity encouraged. Children are challenged to develop their skills and

Assessment:

- The children will be assessed using ASCA sheets and given to the subject leader half-termly.
- Observations and drop-in sessions will be recorded and kept in the subject leader folder.
- Individual pieces of work should be marked against the Learning Objective and recorded in the children's topic books or on Tapestry in Early Years. The work will be marked using the marking policy.

confidence.

- Work is recorded in topic books. In case of a practical task, a photograph can be taken. Design and evaluation tasks should be recorded in the books. In Early Years, work is uploaded onto Tapestry with teacher annotations.
- High-quality learning shows children excited about their work and can confidently articulate what they are doing and why using subject specific terminology. High-quality learning sees the children asking questions and self-challenging themselves with their work. It sees them able to work both independently and part of a team. It also sees them develop confidence and skills both creatively and practically.
- Differentiation: evident through questioning, outcome and support received in sessions. Task may need to be adapted.
- Learning outside the classroom and enrichment: Sharing opportunities with children, teachers and parents. Whole school projects.

Key Priorities 2020 – 2021:

40. Ensure progression across year groups in a class.
41. Providing opportunities for challenge for higher achievers to increase the number of children working above expected.
42. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress.

Overview of teaching and learning of Design and Technology

Intent

Pupils at Hintlesham and Chattisham will experience a high-quality Design and Technology education to enable them to make an essential contribution to the creativity, culture, wealth and well-being of the nation. They will learn how to become resourceful, innovative, enterprising capable citizens. Able to draw on disciplines such as mathematics, science, engineering, computing and art to design and make products to solve real and relevant problems in a variety of contexts. Pupils will develop a critical understanding of the impact of design and technology on daily life and the wider world through the evaluation of past and present innovations.

The Big Ideas.

All pupils will develop

- Technical and practical skills. They will learn and apply these skills.
- Problem-solving skills. They will use their designs to solve problems in the real world.
- Design skills. They will use their creativity and experimentation to design new products.

Implementation

All children will:

Develop the expertise needed to perform everyday tasks confidently and participate in an increasingly technological world.

Build and apply a repertoire of knowledge, understanding and skills in order to design and make high-quality prototypes and products based on design criteria.

Critique, evaluate and test their ideas and products and then work of others.

Learn how to cook and understand and apply the principles of nutrition.

ASCA sheets will be used to track curriculum breadth and the progress of pupils.

The teaching and assessment of art and design will be monitored by the Lead teacher for Design and Technology.

Impact

Pupils will be able to design and make products to solve real life problems using a range of skills drawn from across the curriculum. They will have the expertise to cope in an increasingly technological world. Pupils will recognise the impact of design and technology on our lives as a result of studying past and present innovations.

Year A	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Class 1	<p>Cooking and nutrition, creating models, using tools and equipment. Models of our houses (design and make products) Gingerbread biscuits-link to Gingerbread Man (cooking and nutrition)</p>	<p>Textiles, creating products, food and nutrition. Bird feeders (design and make products) Sew Christmas cards (textiles) Christmas cookies (Cooking and nutrition)</p>	<p>Creating products, tools and equipment, cooking, and nutrition. Design and make superhero vehicles Chinese New Year-dragon, envelopes, (design and create products) Chinese food- noodles/stir fry, Pancakes (cooking and nutrition)</p>	<p>Design, creating models, tools and equipment. Models of castles/pirate ships/space rockets etc. Mothers' Day gift (design and create products) Easter garden (Design, grow)</p>	<p>Creating models, using tools and equipment, food and nutrition. Models of bugs/ flowers/beanstalks Bug hotel (design and create products) Fruit salad/vegetable soup-link to Hungry Caterpillar/Oliver's Vegetables (cooking and nutrition)</p>	<p>Design, create models, using tools and equipment, food and nutrition. Design and make under the sea scene-shoe box Pop-up puppet-link to Mister Seahorse/A House for Hermit Crab (design and create products) Sea theme biscuits (cooking and nutrition)</p>
Class 2	<p>Textiles: Fabric Faces <i>Explore and join fabrics to make an appealing product.</i></p>		<p>Cooking and nutrition: Dips and Dippers <i>Use the basic principles of a healthy and varied diet to prepare dishes. Understand where food comes from and evaluate existing products.</i></p>		<p>Levers, sliders, wheels and axels: Moving Pictures, Traditional Tales. <i>Evaluate previous products and use this to design and make products using wheel mechanisms, levers and sliders.</i></p>	
Class 3		<p>Design, make and evaluate a product: Electric Personalities: Battery operated light unit. <i>Develop knowledge of electric systems in products to design and create a light within a product using carefully chosen tools and materials.</i></p>		<p>Design, make and evaluate a product: Let's go fly a kite. <i>Look at existing products and how individuals helped shape the world to design and create a kite.</i></p>	<p>Cooking and nutrition: Edible garden (Science link) <i>Look at ingredients, diet and seasonality to grow and cook food.</i></p>	
Class 4		<p>Design, make and evaluate a product (Textiles): Felt Phone Cases <i>Research, design and make prototypes for a mobile phone case. Use and select different stitches to create a felt phone case. Select different decorative techniques and fastenings to support aesthetic qualities.</i></p>		<p>Design, make and evaluate a product (Cams, Systems and Joins): Automata Animals <i>Build knowledge of cams and systems to research and develop design criteria for an automata animal. Use tools and equipment to join and cut wood to make a framework.</i></p>		<p>Cooking and nutrition: Global Food – Greek Link <i>Use seasonality, knowledge of ingredients and diet to cook predominantly savoury dishes using a range of cooking techniques.</i></p>

Year B	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Class 1	<p>Cooking and nutrition, creating models, using tools and equipment. Models of our houses (design and make products) Gingerbread biscuits-link to Gingerbread Man (cooking and nutrition)</p>	<p>Textiles, creating products, food and nutrition. Bird feeders (design and make products) Sew Christmas cards (textiles) Christmas cookies (Cooking and nutrition)</p>	<p>Creating products, tools and equipment, cooking, and nutrition. Design and make superhero vehicles Chinese New Year-dragon, envelopes, (design and create products) Chinese food- noodles/stir fry, Pancakes (cooking and nutrition)</p>	<p>Design, creating models, tools and equipment. Models of castles/pirate ships/space rockets etc. Mothers' Day gift (design and create products) Easter garden (Design, grow)</p>	<p>Creating models, using tools and equipment, food and nutrition. Models of bugs/flowers/beanstalks Bug hotel (design and create products) Fruit salad/vegetable soup-link to Hungry Caterpillar/Oliver's Vegetables (cooking and nutrition)</p>	<p>Design, create models, using tools and equipment, food and nutrition. Design and make under the sea scene-shoe box Pop-up puppet-link to Mister Seahorse/A House for Hermit Crab (design and create products) Sea theme biscuits (cooking and nutrition)</p>
Class 2	<p>Cooking and nutrition: Sensational Salads. <i>Understand where food comes from. Explore and evaluate a range of existing products. Use basic principles of a healthy and varied diet to prepare salads. Select from and use a range of tools and equipment.</i></p>		<p>Textiles: Fabric Bunting. (Easter or Castle) <i>Evaluate existing products to help design and create a product. Select tools and materials to join fabrics (Sewing).</i></p>			<p>Designing and creating a product: A Pirate's Packed Lunch. <i>Explore materials and existing products to design and create a lunchbox using tools and equipment.</i></p>
Class 3	<p>Textiles: Juggling Balls <i>Use existing products to design a juggling ball. Use a range of equipment and techniques to tie dye, fill and join the fabric.</i></p>		<p>Cooking and nutrition: The Great Bread Bake off – Egyptian bread <i>Look at existing products and key events/individuals to design, make and evaluate bread using tools and equipment.</i></p>		<p>Design, make and evaluate a product (mechanical systems – levers and linkages): Mechanical posters <i>Use existing products to design a mechanical system that uses levers and linkages.</i></p>	
Class 4	<p>Design, create and program: Programming Adventure <i>Apply understanding of computing to program, monitor and control products (understand what floor robots are, how they are programmed and controlled). Use materials to design and make an adventure map for the floor robot.</i></p>			<p>Create and evaluate (Cutting, shaping and joining): Marbulous Structures <i>Look at existing products (free-standing structures) and build skills of cutting, shaping and joining, to design, create and evaluate a marble run.</i></p>		<p>Cooking and nutrition: Super Seasonal Cooking <i>Understand seasonality and know where and how a variety of ingredients are reared caught and processed. Use knowledge of a healthy and varied diet to design, create and evaluate a meal.</i></p>

Design Technology Progression of Skills

EYFS

- **Physical Development (Moving and Handling):** Children handle equipment and tools effectively, including pencils for writing.
- **Expressive Arts and Design (Exploring and Using Media and Materials):** Children safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.
- **Expressive Arts and Design (Being Imaginative):** Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

Key Stage 1 (National Curriculum Expectations)

Design:

Pupils should be taught to:

- design purposeful, functional, appealing products for themselves and other users based on design criteria;
- generate, develop, model and communicate their ideas through talking, drawing, templates, mock-ups and, where appropriate, information and communication technology.

Make:

Pupils should be taught to:

- select from and use a range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing];
- select from and use a wide range of materials and components, including construction materials, textiles and ingredients, according to their characteristics.

Evaluate:

Pupils should be taught to:

- explore and evaluate a range of existing products;
- evaluate their ideas and products against design criteria.

Technical Knowledge:

Pupils should be taught to:

- build structures, exploring how they can be made stronger, stiffer and more stable;
- explore and use mechanisms [for example, levers, sliders, wheels and axles], in their products.

Cooking and Nutrition:

Pupils should be taught to:

- use the basic principles of a healthy and varied diet to prepare dishes;
- understand where food comes from.

Key Stage 2 (National Curriculum Expectations)

Design:

Pupils should be taught to:

- use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups;
- generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design.

Make:

Pupils should be taught to:

- select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately;
- select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities.

Evaluate:

Pupils should be taught to:

- investigate and analyse a range of existing products;
- evaluate their ideas and products against their own design criteria and consider the views of others to improve their work;
- understand how key events and individuals in design and technology have helped shape the world.

Technical Knowledge:

Pupils should be taught to:

- apply their understanding of how to strengthen, stiffen and reinforce more complex structures;
- understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages];
- understand and use electrical systems in their products [for example, series circuits incorporating switches, bulbs, buzzers and motors];
- apply their understanding of computing to program, monitor and control their products.

Cooking and Nutrition:

Pupils should be taught to:

- understand and apply the principles of a healthy and varied diet;
- prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques;
- understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed.

	KS1	LKS2	UKS2
Cooking and nutrition	<ul style="list-style-type: none"> • Use the basic principles of a healthy and varied diet to prepare dishes. • Understand where food comes from. <p><i>Children can:</i></p> <ol style="list-style-type: none"> explain where in the world different foods originate from; understand that all food comes from plants or animals; understand that food has to be farmed, grown elsewhere (e.g. home) or caught; name and sort foods into the five groups in the Eatwell Guide; understand that everyone should eat at least five portions of fruit and vegetables every day and start to explain why; use what they know about the Eatwell Guide to design and prepare dishes. 	<ul style="list-style-type: none"> • Understand and apply the principles of a healthy and varied diet. • Prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques. • Understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed. <p><i>Children can:</i></p> <ol style="list-style-type: none"> start to know when, where and how food is grown (such as herbs, tomatoes and strawberries) in the UK, Europe and the wider world; understand how to prepare and cook a variety of predominantly savoury dishes safely and hygienically; with support, use a heat source to cook ingredients showing awareness of the need to control the temperature of the hob and/or oven; use a range of techniques such as mashing, whisking, crushing, grating, cutting, kneading and baking; explain that a healthy diet is made up of a variety and balance of different food and drink, as represented in the Eatwell Guide and be able to apply these principles when planning and cooking dishes; understand that to be active and healthy, nutritious food and drink are needed to provide energy for the body; prepare ingredients using appropriate cooking utensils; measure and weigh ingredients to the nearest gram and millilitre; start to independently follow a recipe; j <u>start</u> to understand seasonality. 	<ul style="list-style-type: none"> • Understand and apply the principles of a healthy and varied diet. • Prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques. • Understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed. <p><i>Children can:</i></p> <ol style="list-style-type: none"> know, explain and give examples of food that is grown (such as pears, wheat and potatoes), reared (such as poultry and cattle) and caught (such as fish) in the UK, Europe and the wider world; understand about seasonality, how this may affect the food availability and plan recipes according to seasonality; understand that food is processed into ingredients that can be eaten or used in cooking; demonstrate how to prepare and cook a variety of predominantly savoury dishes safely and hygienically including, where appropriate, the use of a heat source; demonstrate how to use a range of cooking techniques, such as griddling, grilling, frying and boiling; explain that foods contain different substances, such as protein, that are needed for health and be able to apply these principles when planning and preparing dishes; adapt and refine recipes by adding or substituting one or more ingredients to change the appearance, taste, texture and aroma; alter methods, cooking times and/or temperatures; measure accurately and calculate ratios of ingredients to scale up or down from a recipe; independently follow a recipe.

MfL Subject On A Page

Name of Subject Leader: Debbie Jackson

<u>Subject Intent:</u>	
<u>Planning:</u>	<u>Teaching:</u>
<ul style="list-style-type: none"> • Long term planning - https://www.dropbox.com/sh/mc5pq5z83v3h8v6/AACy_oaKZau5cd4VVp9pQo6ba?dl=0 • Medium term planning - See link above • Short term planning – See link above 	<ul style="list-style-type: none"> • Timetabling – MfL is to be taught in KS2 for up to one hour per week. This should be one formal lesson of new learning together with everyday language being taught and rehearsed throughout the week in short bitesize bursts. • MfL is to be overseen and preferably taught by the class teacher. An HLTA or TA may deliver to part of the class, but this needs to be rotated with the class teacher or specialist teacher. • Non-negotiables – The big ideas from the curriculum intent statement are to be referred to in teaching and displays. • Expectations – work to be recorded in either books or on Seesaw. • Resources – a range to be used in class • Differentiation – extension needs to be in place for those children for whom it is appropriate. Also, a different starting point in tasks may be appropriate. Consideration must be in place for SEN or those children who need more support to access a particular area of learning. This may be through a combination of adult support, differentiation of tasks or scaffolding. • High quality learning will be seen when children are actively engaged with the teaching and tasks.
<u>Learning & Recording:</u>	<u>Assessment:</u>
<ul style="list-style-type: none"> • Books – topic books are to be used for the recording of written work and Seesaw for all other. • Presentation – follow the school expectations for handwriting and presentation in books. • Speaking and Listening – this is a key part of MfL with children gaining confidence in their fluency as time progresses. • Outdoor learning – outdoor learning is to be used wherever possible. • Opportunities for enrichment – MfL days to be organised and native speakers invited into school. This could include Kyara (school cook) who is a native speaker. Christmas around the world on the Curriculum Enhancement programme. 	<ul style="list-style-type: none"> • End of unit questions to be used to support Teacher Assessment of the key objectives. • Target tracker statements are to be updated once each area is covered • Marking and feedback – the marking and feedback policy is to be followed.

Key Priorities 2020 – 2021:

43. Ensure progression across ability range in a class.
44. Providing opportunities for challenge for higher achievers to increase the number of children working above expected.
45. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress.
46. Set up Curriculum Enhancement opportunities.

Overview of teaching of learning of Modern Foreign Languages

Intent

The aim of teaching and learning in Modern Foreign Languages at KS2 will be practical communication through written and spoken language. Pupils will work towards building words and phrases into sentences, have opportunities to engage in conversations and read and understand written material including from authentic sources. Increased fluency will be developed by building up and revisiting a bank of vocabulary to express opinions and ask questions. A positive attitude towards learning Modern Foreign Languages and an appreciation of learning about cultures different to our own is fostered from the Early Years Foundation Stage and throughout KS1.

The Big Ideas

Confident communication

Basic understanding of knowledge about language and language learning strategies which can be applied to modern foreign languages

Curiosity and understanding of different culture

Implementation

- Planning is based around a Long-Term scheme and supported by resources, authentic materials and subject resources
- Teaching and learning provides suitable opportunities for pupils by matching the challenge of the task to the ability of the child, through a range of strategies
- Delivery of lessons in a range of styles e.g. use of ICT, games and practical activities
- Knowledge about language and how it works and language learning strategies of singing, miming, repetition and dictionary skills are an integral part of lessons
- Pupils have access to authentic materials in lesson and in the classroom and native speakers
- Sapphire and Diamond Class elect a French ambassador to help with daily tasks e.g. changing date and weather in French
- Pupils develop their listening skills and engaging in conversations and are given opportunities to present to a range of audiences
- Displays around the school, inside and outside, are used to reinforce key vocabulary and highlight culture differences
- Links with a primary school in France are being developed and correspondence is going to begin
- Visits/visitors
- Involving parents
- Whole school events e.g. French themed lunch
- Cross curricular links SMSC e.g. PSHE/British Values 'Homme de Couleur'
- Opportunities for staff CPD are developed through lesson dips, book scrutiny and informal discussion
- In Early Years Foundation Stage and KS1, pupils are introduced to vocabulary from a range of languages e.g. how to say hello, goodbye and thank you and an appreciation of learning languages and appreciating differences between cultures is fostered. This involves the reading of dual language story books, displaying and briefly referring to words and numbers in other languages and planning of adult led activities, which particularly relate to specific occasions, e.g. Chinese New Year, European Day of Languages. Activities can include dance, role-play, listening to music, jigsaws portraying people of different cultural backgrounds, cooking and tasting food.
- French Club is offered at KS1 for those keen to start learning before timetabled lessons begin
- Working towards Linguamarque award (see Action plan)
- Website to include useful links for pupils and parents (see Action plan)
- Whole school event day 'Around the World' with focus on Francophone countries for Year A, countries around the world including France for Year B (see Action plan)

Impact

Learners will leave with language skills necessary to develop a language from KS2 or apply to a different language offered at KS3 and beyond, as they encounter foreign languages as they work or travel. The school will foster a curiosity for understanding culture and language. Progress will be assessed with data collected using Target Tracker statements. Subject leaders will conduct lesson dips, learning walks and book scrutinies. Governors will visit and conduct pupil perception interviews. SL to conduct audit of staff CPD and resources.

French: 4 Year rolling programme - Summary

		Green Year	Red Year	Blue Year	Pink Year	On-going
Unit 1	Focus	Des animaux au zoo	Ici et là	Un monstre aimable	Au camp d'aventure	Greetings Colours Numbers Age Days and dates Weather Classroom language Dictionary skills Stories and songs Festivals and culture
		<ul style="list-style-type: none"> Au zoo il y a + indefinite article + animals adjectives 	<ul style="list-style-type: none"> definite article + places likes/dislikes + opinion adjectives 	<ul style="list-style-type: none"> Le monstre a + indefinite article + body parts colour adjectives 	<ul style="list-style-type: none"> definite article + leisure nouns likes/dislikes + opinion adjectives 	
Unit 2	Focus	Le pique-nique	Dans ma valise	Une famille de super héros	Au Parc d'attractions	
		<ul style="list-style-type: none"> definite article + foods/drinks likes/dislikes + opinion adjectives 	<ul style="list-style-type: none"> Je porte + indefinite article + clothes colour adjectives 	<ul style="list-style-type: none"> Dans la famille il y a + definite article + family nouns likes/dislikes + proper nouns 	<ul style="list-style-type: none"> Il y a + indefinite article + rides/facilities c'est + opinion adjective 	
Unit 3	Focus	Moi et mes animaux	Voyager à l'étranger	Je suis super héros/superhéroïne	Je suis sportif/sportive	
		<ul style="list-style-type: none"> Personal information J'ai + indefinite article + pets 	<ul style="list-style-type: none"> Personal information Dans mon sac j'ai + indefinite article + nouns eg. phone, book 	<ul style="list-style-type: none"> Personal information Je suis + attribute adjective 	<ul style="list-style-type: none"> Personal information Je suis + noun (eg. footballeur) + <i>agreement</i> 	

On-going

- The On-going section contains areas of language which lend themselves to short activities that can be incorporated into ordinary classroom routines and revisited frequently
- Used in addition to the regular language lessons, the On-going section provides the opportunity for children to use the language for a real purpose and in cross-curricular contexts
- The areas of language in the On-going section can be dipped into in any order, at any time, and for any length of time, often with little or no preparation required, enabling teachers to make the most of every opportunity to expose children to the language
- The language can be introduced and built up gradually over the four years
- Stories and songs can be used for a specific language or phonic focus or simply for enjoyment and the enhancement of listening skills

Contexts

- Separating the On-going language from the Contexts allows the focus in regular language lessons to be on developing language learning skills and fundamental grammatical understanding
- Repeating key structures and grammar across years enables these fundamental skills to become fully embedded over a period of time
- Children are taught how to build sentences from the word go and become confident in their ability to manipulate the language. Teaching independent dictionary use enables learners to expand their own vocabularies.
- A small number of longer contexts allows for greater development of language skills than a large number of shorter contexts which constantly return learners to word level

Progression of Skills French Scheme of work (Units of work in the process of being designed)

Unit 1 Des animaux au zoo

	Listening	Speaking	Reading	Writing
Stage 1	Pick out some animal nouns and/or adjectives when heard in short spoken sentences.	Independently recall and say some animal nouns and/or adjectives. Pronunciation should be easily understood.	Pick out some animal nouns and/or adjectives when seen in short written sentences.	Independently recall and write a few animal nouns and/or adjectives. Spellings should be easily understood.
Stage 2	Pick out animals and adjectives when heard in singular and plural spoken sentences including some longer ones.	Independently produce a few spoken phrases and short sentences using animals and adjectives. Pronunciation should be easily understood. Sentences may be prepared and practised but not written down and learned.	Pick out animals and adjectives when seen in singular and plural written sentences including some longer ones.	Independently produce a few written phrases and short sentences using animals and adjectives. Spellings should be easily understood. Pupils can follow a model and may require the support of some reference materials.
Stage 3	Pick out the main points and a few minor details from a series of spoken sentences about animals, including some longer, complex ones.	Independently speak about animals using a number of sentences of a variety of lengths with some evidence of grammatical understanding. Sentences may be prepared and practised but should not be written down and learned. However, pupils may be supported by visual and/or word cues.	Pick out the main points and a few minor details from a series of written sentences about animals, including some longer, complex ones.	Independently write about animals using a number of sentences of a variety of lengths with some evidence of grammatical understanding. Pupils can follow a model and may require the support of some reference materials, however should work partly from memory.
Stage 4	Pick out the main points and a number of minor details from a short spoken passage about animals, made up of sentences of a variety of lengths and complexity and including some unknown language.	Independently speak about animals using sentences of varying lengths and complexity and demonstrating a range of grammatical understanding. Sentences may be prepared and practised but should not be written down and learned. However, pupils may be supported by visual and/or word cues.	Pick out the main points and a number of minor details from a short written passage about animals, made up of sentences of a variety of lengths and complexity and including some unknown language.	Independently write a short paragraph of connected sentences about animals. Sentences should be of varying lengths and complexity and demonstrate a range of grammatical understanding. Pupils may require the support of some reference materials with more complex language but should work mostly from memory.

Unit 2 Le Pique-nique

	Listening	Speaking	Reading	Writing
Stage 1	Pick out some food and drink nouns, simple opinion phrases and/or adjectives when heard in short spoken sentences.	Independently recall and say some food and drink nouns, simple opinion phrases and/or adjectives. Pronunciation should be easily understood.	Pick out some food and drink nouns, simple opinion phrases and/or adjectives when seen in short written sentences.	Independently recall and write a few food and drink nouns, simple opinion phrases and/or adjectives. Spellings should be easily understood.
Stage 2	Pick out food and drink nouns, opinion phrases and adjectives when heard in singular and plural spoken sentences, including some longer ones.	Independently ask and answer a few questions using foods and drinks, opinion phrases and adjectives. Pronunciation should be easily understood. Sentences may be prepared and practised but not written down and learned.	Pick out food and drink nouns, opinion phrases and adjectives when seen in singular and plural written sentences including some longer ones.	Independently produce a few written phrases and short sentences using food and drink nouns, opinion phrases and adjectives. Spellings should be easily understood. Pupils can follow a model and may require the support of some reference materials.
Stage 3	Pick out the main points and a few minor details from a series of spoken sentences about food and drink likes and dislikes, including some longer, complex ones.	Independently ask and answer a number of questions about food and drink likes and dislikes using sentences of a variety of lengths with some evidence of grammatical understanding. Sentences may be prepared and practised but should not be written down and learned. However, pupils may be supported by visual and/or word cues.	Pick out the main points and a few minor details from a series of written sentences about food and drink likes and dislikes, including some longer, complex ones.	Independently write about food and drink likes and dislikes using a number of sentences of a variety of lengths with some evidence of grammatical understanding. Pupils can follow a model and may require the support of some reference materials, however should work partly from memory.
Stage 4	Pick out the main points and a number of minor details from a short spoken passage about food and drink likes and dislikes, made up of sentences of a variety of lengths and complexity and including some unknown language.	Independently ask and answer a variety of questions about food and drink likes and dislikes using sentences of varying lengths and complexity and demonstrating a range of grammatical understanding. Sentences may be prepared and practised but should not be written down and learned. However, pupils may be supported by visual and/or word cues.	Pick out the main points and a number of minor details from a short written passage about food and drink likes and dislikes, made up of sentences of a variety of lengths and complexity and including some unknown language.	Independently write a short paragraph of connected sentences about food and drink likes and dislikes. Sentences should be of varying lengths and complexity and demonstrate a range of grammatical understanding. Pupils may require the support of some reference materials with more complex language but should work mostly from memory.

Subject On A Page

Name of Subject Leader: Karen Keedle

<p><u>Subject Intent:</u></p> <p>Every child develops a passion for the outdoors and celebrates their natural environment. Every child to develop a knowledge and passion for their local habitat and look after and nurture it. Every child to embrace the physical and personal challenges of learning outside.</p>	
<p><u>Planning:</u></p> <ul style="list-style-type: none"> • Long term planning – Progression of skills across all year groups available on One Drive • Medium term planning – Planned skills focus activity • Short term planning – Informed by child-led activities Choice 	<p><u>Teaching:</u></p> <ul style="list-style-type: none"> • Timetabling – One afternoon per week for years groups as set out in LTP • Qualified teacher required – High ratio of adults to learners • Differentiation – Task and support depending on age, ability and experience
<p><u>Learning & Recording:</u></p> <ul style="list-style-type: none"> • Expectations of children – Engaging in outdoor opportunities Learning focused skills Experience risk-benefit process • Best practice- Reflective practice Collaborative work • What does high quality learning look like? – Child-led learning Opportunities to achieve and develop confidence and self-esteem • Differentiation- By outcome 	<p><u>Assessment:</u></p> <ul style="list-style-type: none"> • Observations – Recorded and uploaded to One Drive To include areas of Holistic Development (Social, Physical, Intellectual, Communication & Language, Emotional and Spiritual).
<p><u>Key Priorities 2020 – 2021:</u></p> <ul style="list-style-type: none"> 47. Ensure progression of skills across year groups in a class. 48. Providing opportunities for challenge for higher. 49. Providing support to ensure SEN and lower ability children are able to access the curriculum as well as demonstrate good progress. 	

Overview of Teaching and Learning of Outdoor Learning and Forest School

Intent

Quite simply, it is our intention that every pupil, irrelevant of needs, develops a real passion for the great outdoors and celebrates their local, natural environment. We wish for every child to develop a knowledge and passion for their local habitat and how to look after and nurture it – the flora and fauna as well as embracing the physical and personal challenges that working outside can present.

Through Forest School we aim to support this philosophy by:

- Fostering the enjoyment of the great outdoors;
- Embracing the physical challenges that working outside can bring;
- Developing both fine and gross motor skills;
- Developing personal and social skills by working in pairs and teams to complete tasks;
- Developing a range of bespoke Forest School skills such as knot tying, frapping, fire lighting, lashing and whittling;
- Developing a knowledge of local common flora and fauna;
- Fostering an awareness of seasonal change;
- Encouraging children to take risks in a supported environment;
- Developing problem solving and resilience through practical tasks such as den building;
- Ensuring children develop an understanding of keeping safe;
- Encouraging children to be active and have a healthy lifestyle.
- Encouraging pupils' personal involvement with practical tasks enabling them to improve their attention span, persistence and commitment.
- Ensuring that the learning is matched to the differing needs of all the children as well as specific groups, such as SEND, pupil premium etc. Extra support and additional/ adapted resources to be provided to those children where it is required.
- Using our wonderful onsite local wood to contextualise learning across the whole curriculum e.g. – making 'bear porridge,' over the Forest School fire pit, using our instructional texts we have written / minibeast hunts in science / bringing stories to life with parents and other stakeholders.

Implementation

All classes will participate in Forest School activities. Each week, during the school year, a class will spend an afternoon in the Forest School starting with the younger children. Trained teaching staff and directed non-teaching staff allows for all children to receive a quality session and all staff to understand the potential learning opportunities this resource has to offer. Forest School sessions happen whatever the weather – as the saying goes “there is no such thing as bad weather, just bad clothing!” – the only exemptions being strong winds and heavy snow due to safety. Forest School sessions are planned to involve a mixture of both adult led and child-initiated activities. Adult led tasks may involve the teaching and application of pure Forest School skills such as fire lighting, plant identification or whittling, or indeed the teaching of any area of the school curriculum which is enhanced by being in an outdoor learning environment such as a bespoke phonics session or the geography of a river system. Child led activities often support personal, social and emotional development or demonstrate the independent application of prior teaching and learning such as mini beast hunting or constructing a watertight den.

Impact

By the end of their schooling at Hintlesham and Chattisham C of E Primary School, pupils will have been given the opportunity to experience and learn in Forest School. They will have acquired a range of pure Forest School skills, applied them and experienced an area of the school curriculum which is enhanced by being in an outdoor learning environment. They will also have developed a passion for the great outdoors which celebrates their local, natural environment, developed knowledge and respect for their local habitat. Alongside this, they will have embraced the physical and personal challenges that learning outside presents.

Outdoor learning/Forest School Long Term Plan

Year A and B	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	<u>Year 2</u>	<u>EYFS</u>	<u>Year 1</u>	<u>Year 4</u>	<u>Year 3</u>	<u>Year 5, 6</u>
<u>Skills</u>						
Tree climbing	Up to 1m	Up to 1m	Up to 1m	Up to 2m	Up to 2m	Up to 2m
Tools	Peelers secateurs	Peelers	Peelers secateurs	Hand/palm drill	Hand/palm drill	Fix blade knife (whittling)
Orienteering	4-point compass	Walking boundaries	4-point compass	ID animal tracks	ID animal tracks	OS maps
Risk assessment	Boundary of site ID hazards Safe tool use ID poisonous plants	Whistle for emergency Hand washing Boundary of site	Boundary of site ID hazards Safe tool use ID poisonous plants	Build structures safely Understand risks Basic first aid	Build structures safely Understand risks Basic first aid	Consolidate all previous learning
Woodland management	ID birds ID trees	ID woodland layers ID woodland animals ID plants	ID birds ID trees	Manage tree growth ID fungi	Manage tree growth ID fungi	Coppice ID woodland flowers
Fire lighting	Know 3 elements of fire Learn different fire shapes	Collect correct wood Make fire pit Fire safety	Know 3 elements of fire Learn different fire shapes	Help with main fire Introduce cooking	Help with main fire Introduce cooking	Independent fire lighting Cook range of foods

Forest School/ Outdoor Learning Progression of Skills

ACTIVITY	RUBY CLASS	EMERALD CLASS	SAPPHIRE CLASS	DIAMOND CLASS
TREE CLIMBING	1: 1 guidance. jumping out with support No climbing above 1m.	1: 1 guidance. jumping out with support No climbing above 1m.	1: 1 guidance available. Adult supervision at all times. No climbing above 2m. Jumping out from no higher than 1 m.	Climb independently. Adult supervision at all times. Jumping out from no higher than 2 m.
TOOLS	Use a Bow Saw to make a tree cookie. Peelers. Fire steels. Mallet	Use Secateurs for shelter building and thinning of woodland. Use veg. peelers for developing pre-whittling skills. Hand saw. Palm drills	Use Loppers and pruning saw for thinning etc. Use Hand/Palm drills	Use Fixed Blade Knives for whittling – adult support
ORIENTEERING	Tracking Walking Boundaries	Know North, South, East and West. Make a plan of the site using natural objects.	Use a compass. Complete an orienteering course. ID animal tracks.	Design their own orienteering course. Mapping: OS Maps, drawing their own and use grid references.
RISK ASSESSMENT	Know the signals to return to base: whistle for emergency, call any other time. Hand washing before eating. Fire safety. Know the boundary of the site. Know where the ditch is and that at times it can fill with water.	Know what risks there are in each layer of the Woodland Set boundaries of site. Find hazards themselves and identify them to the class. Know how to use a range of tools safely. Know which plant species are	Know how to build structures safely. Understand risks linked to cooking. Understand risks when tree climbing. Know basic first aid. Practice and role play emergency procedure.	Consolidate all prior knowledge.

		poisonous.		
WOODLAND MANAGEMENT	<p>Know the different layers of the woodland: Canopy, Shrub, Field, and Ground.</p> <p>Identify woodland animals: Deer, Squirrel</p> <p>Identify Plants: Holly, Bracken, Bramble/Nettles, Oak Tree, Bluebells</p>	<p>Identify Birds: Pheasant, Buzzard, and Woodpecker</p> <p>Identify trees: Ash, Beech, Silver Birch</p>	<p>Use secateurs and pruning saws to thin woodland Plant trees</p> <p>Identify fungi</p>	<p>Coppice Chestnut and Hazel Identify orchids, primroses etc. (see handbook for species)</p>
FIRE LIGHTING	<p>Collect correct wood: tinder, kindling, bigger sticks, branches, logs.</p> <p>Practice using Sparkers</p> <p>Make a fire pit Know how to extinguish a fire.</p> <p>Fire safety awareness/play fire safety games.</p>	<p>Know the 3 elements that keep a fire lit: oxygen, fuel, spark</p> <p>Learn different shapes of fires.</p>	<p>Make a miniature fire in a Scallop shell and keep it going.</p> <p>Help with main fire</p> <p>Introduce cooking</p>	<p>Make larger fires independently.</p> <p>Cook a range of foods</p>
DENS	<p>Make mini dens for animals, or elves and ensure it is waterproof.</p> <p>Make class den by rolling heavy wood using co-operation.</p>	<p>Make group dens using a 'Lean to' style.</p> <p>Make Tipi style dens.</p>	<p>Independent building of previous types.</p> <p>Use tarpaulins to build dens.</p>	<p>Benders</p>
KNOTS	<p>Larks foot</p>	<p>Timber hitch</p>	<p>Use a Reef Knot, Granny knot, Overhand knot and Timber Hitch knot.</p>	<p>Use a Clove Hitch knot Use Square lashing and ask to learn other knots independently.</p>
COOKING	<p>Toasting marshmallows</p>	<p>Bread – flat and dampers</p> <p>Chocolate/marshmall ow bananas Smores</p>	<p>Ash cakes Wild food fritters Brownie Stuffed Oranges</p>	<p>Hazel macaroons Tortilla pancakes Popcorn</p>

Appendix 16 – Curriculum Enhancement

Curriculum Enhancement Plan

		Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Ongoing		<p>Take part in a new sport, represent your school in a sport</p> <p>Charity work – raise money for a charity e.g. Red Nose Day, Children in Need, Break, Sports Relief</p> <p>Dress Up – school play (Nativity, Summer Production) or World Book Day</p> <p>Visit local church for Harvest, Easter and Celebration Day. Take part in a Christian event e.g. Christingle, Eucharist</p> <p>Plant seeds and bulbs and see them grow</p> <p>Special roles: Librarians, Faith Council, School Council, Digital Leaders, Choir, Playleaders</p>					
Special weeks	Year A	Roald Dahl Day 13/09	Christmas Around the World	ESafety	Science week Tractor visit	Music Workshop	Sports/Wellbeing week
	Year B	National Poetry Day7/10		ESafety	Science week	Music Workshop	Sports/Wellbeing week
